Carbon fiber Bathtub

Carbon fiber bathtub

Model number
RI-99907

Focusing on
high-end bathtubs
for 20 years

Carbon fiber bathtub

Model number
RL-99907

Specification
1300x680x550
1400x700x550
1500x720x550
1600x750x550
1700x750x550

Focusing on
high-end bathtubs
for 20 years

Carbon fiber bathtub

Model number
RL-99908

Focusing on
high-end bathtubs
for 20 years.

Carbon fiber bathtub

Model number
RT-99963

Focusing on
high-end bathtubs
for 20 years

14

15

Carbon fiber bathtub

Model number
RL-99963

Specification
1600x750x520
1700x800x520
1800x850x550

Focusing on
high-end bathtubs
for 20 years

16

17

Carbon fiber bathtub

Model number
RT-99966

Focusing on
high-end bathtubs
for 20 years

18

19

Carbon fiber bathtub

Model number
RL-99966

Specification
1300x650x550
1400x700x550
1500x760x550
1600x750x550
1700x800x550

Focusing on
high-end bathtubs
for 20 years

Carbon fiber bathtub

Model number
RL-99971

Focusing on
high-end bathtubs
for 20 years

Carbon fiber bathtub

Model number
RL-99971

Specification
1700x850x550

Focusing on
high-end bathtubs
for 20 years

Carbon fiber bathtub

Model number
RL-99972

Focusing on
high-end bathtubs
for 20 years

26

27

Carbon fiber bathtub

Model number
RI-99972

Specification
1700x800x630

Focusing on
high-end bathtubs
for 20 years

Carbon fiber bathtub

Model number
RL-99973

Specification
1700x800x630

Focusing on
high-end bathtubs
for 20 years

Carbon fiber bathtub

Model number
RL-99975

Specification
1700x800x550

Focusing on
high-end bathtubs
for 20 years

Carbon fiber bathtub

Model number
RL-99976

Focusing on
high-end bathtubs
for 20 years

Carbon fiber bathtub

Model number
RL-99976

Specification
1700x800x550

Focusing on
high-end bathtubs
for 20 years

36

37

Carbon fiber bathtub

Model number
RL-99978

Focusing on
high-end bathtubs
for 20 years

Carbon fiber bathtub

Model number
RL-99978

Specification
1800x950x680

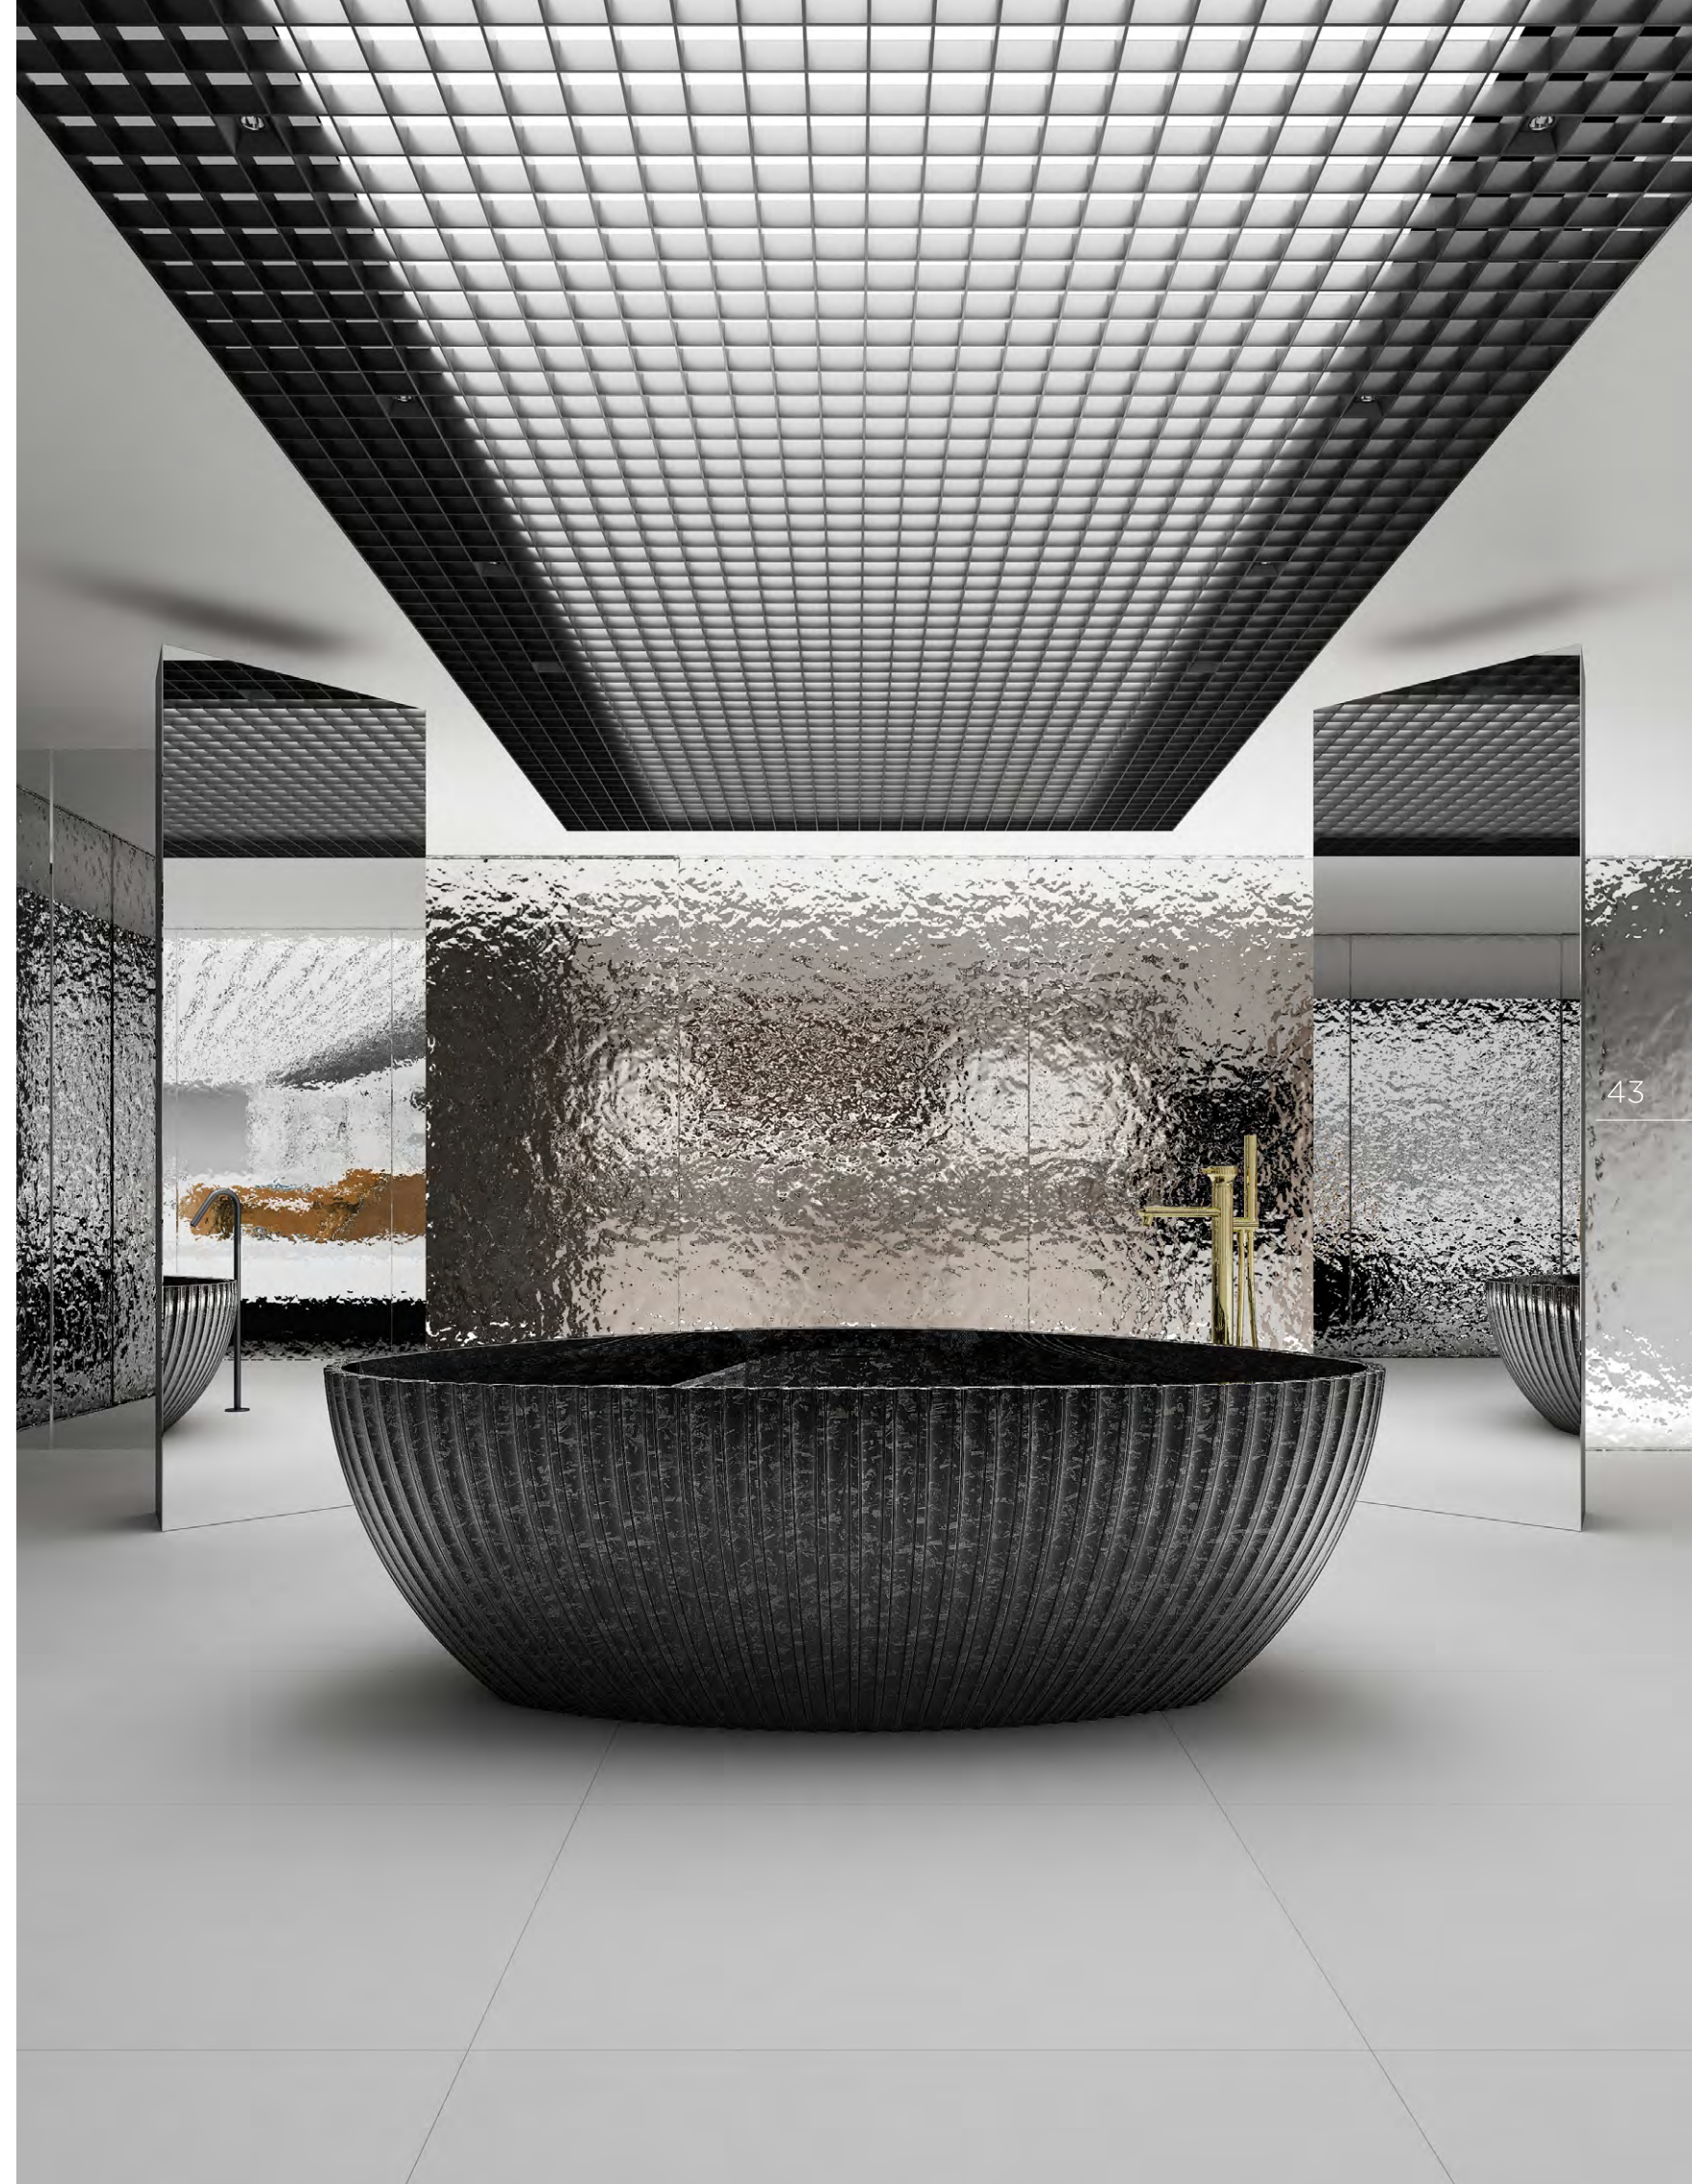

Focusing on
high-end bathtubs
for 20 years

Carbon fiber bathtub

Model number
RL-99910

Focusing on
high-end bathtubs
for 20 years

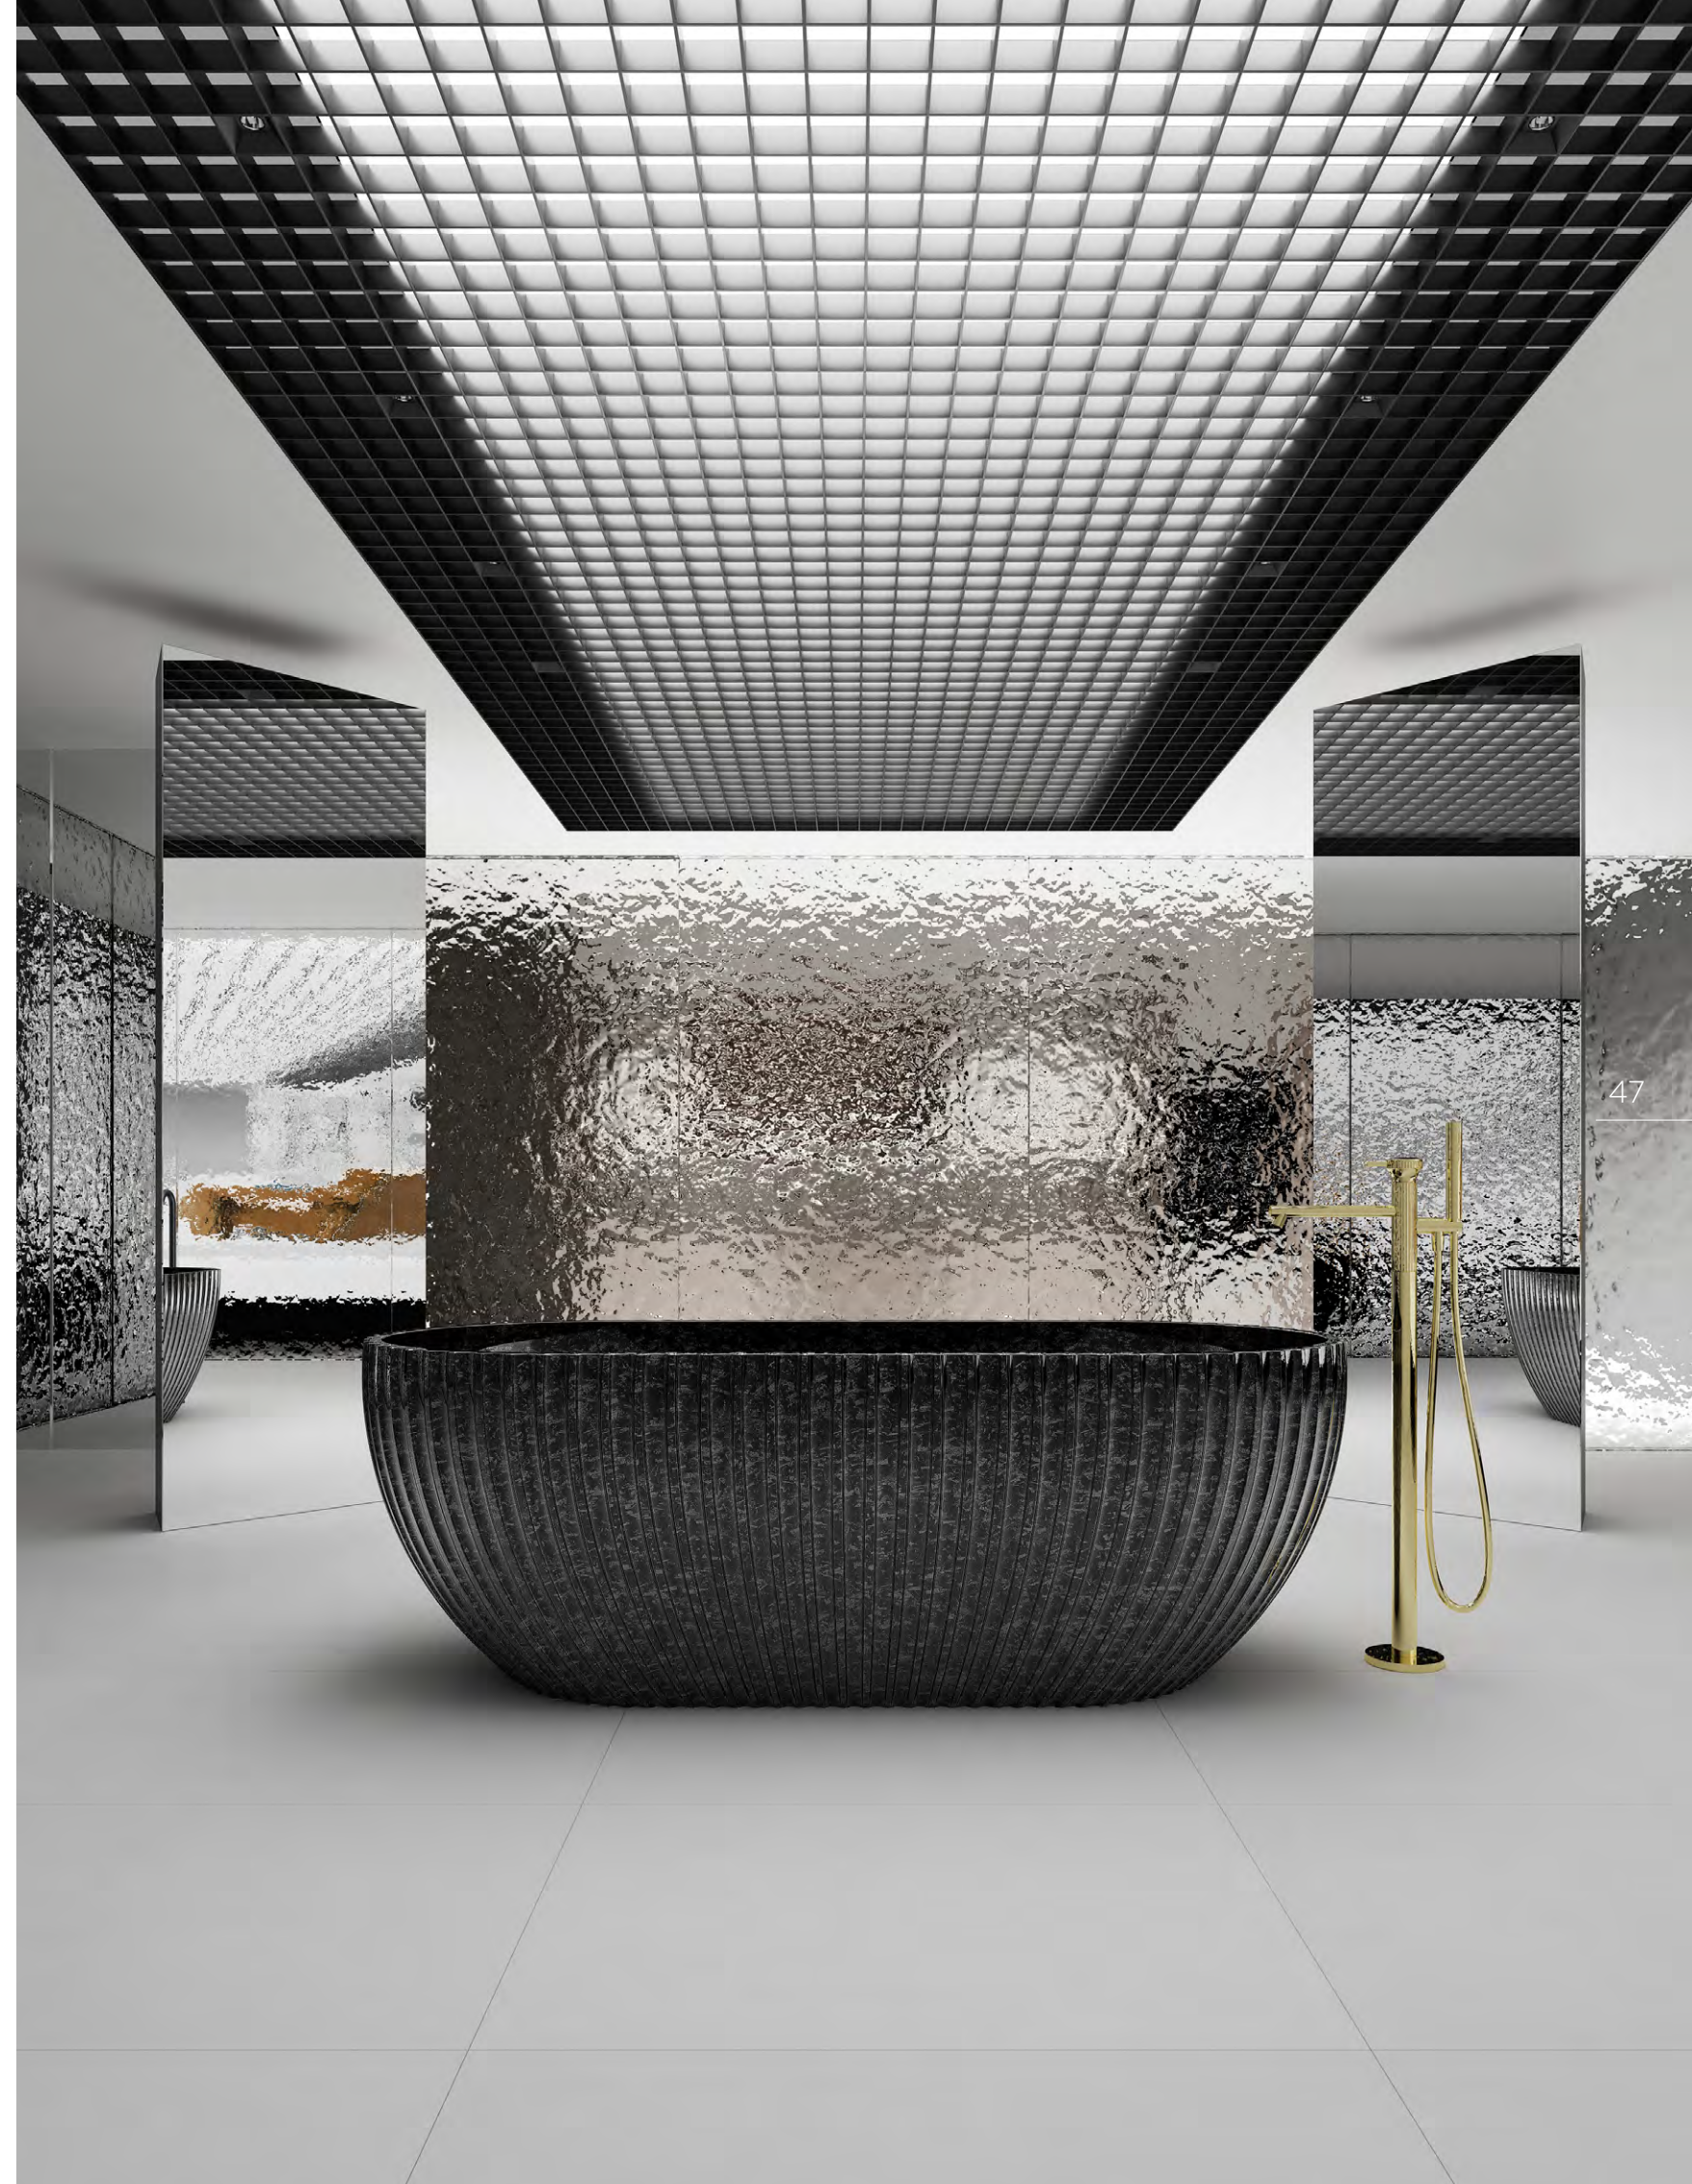

Carbon fiber bathtub

Model number
RL-99911

Focusing on
high-end bathtubs
for 20 years

Carbon fiber bathtub

Model number
RT-99911

Specification
1700x800x580

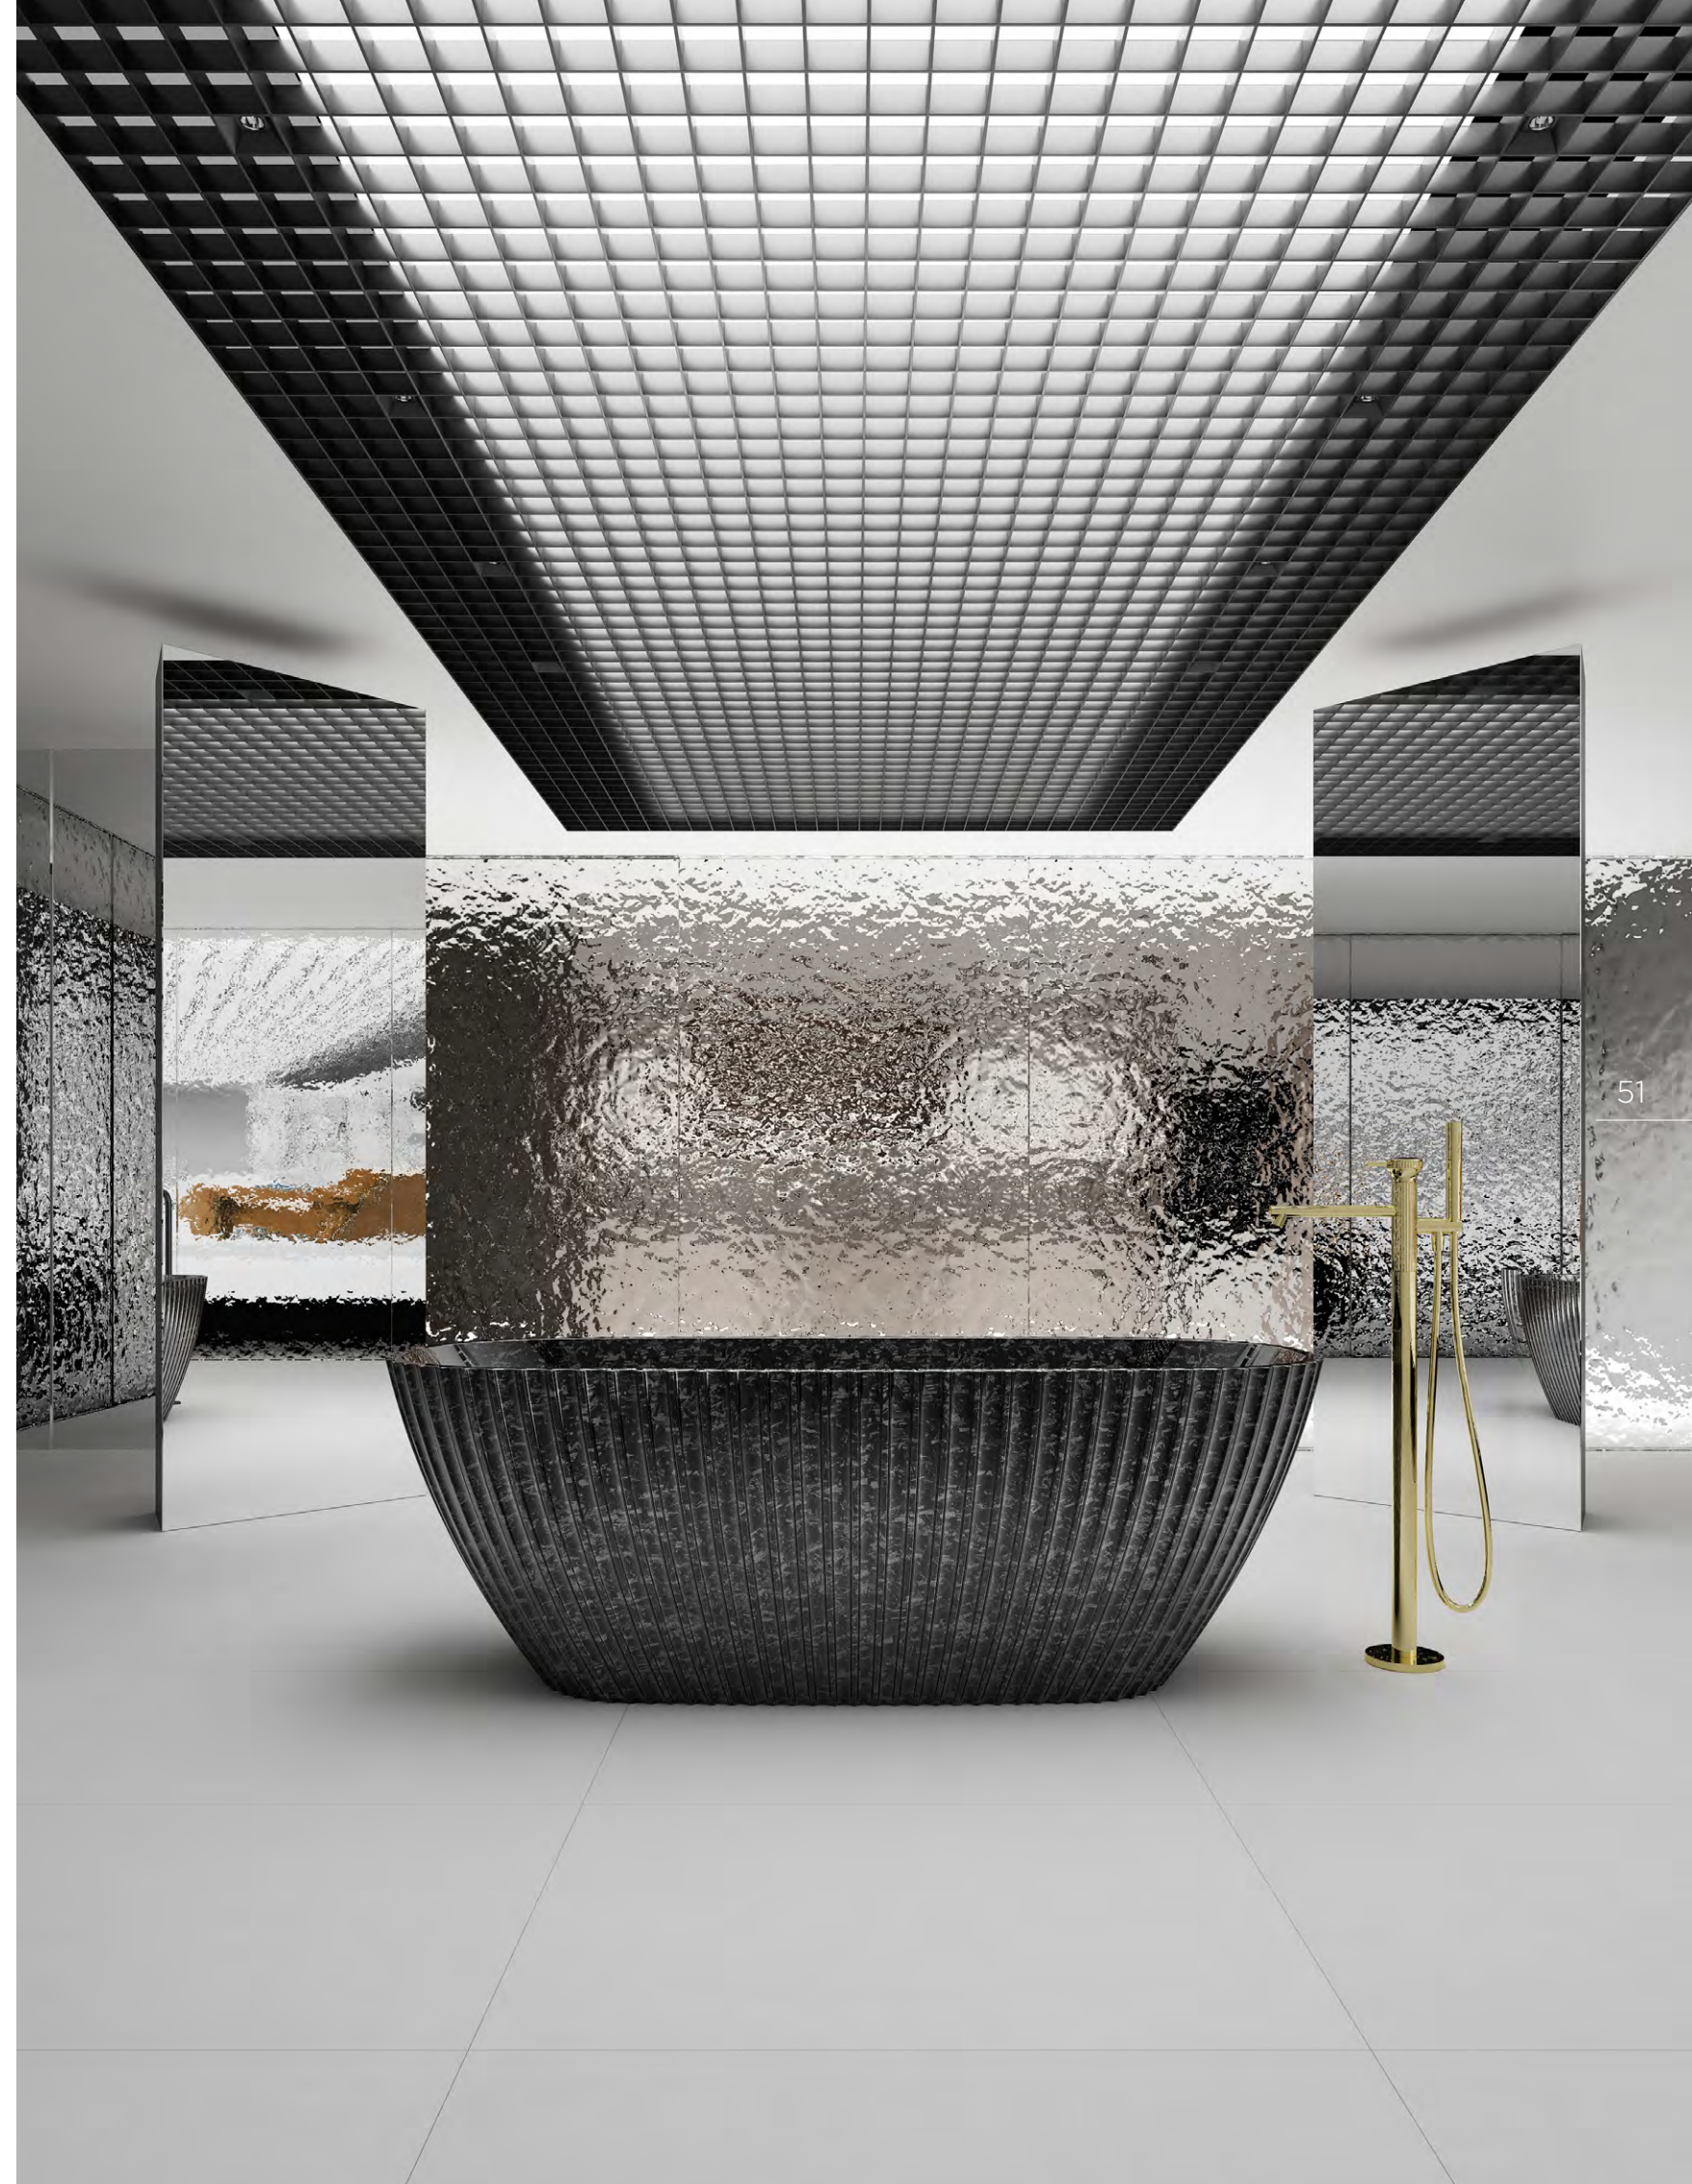

Focusing on
high-end bathtubs
for 20 years

Carbon fiber bathtub

Model number
RL-99912

Focusing on
high-end bathtubs
for 20 years

Carbon fiber bathtub

Model number
RL-99913

Focusing on
high-end bathtubs
for 20 years

Carbon fiber bathtub

Model number
RI-99913

Specification
1700x800x580

Focusing on
high-end bathtubs
for 20 years

Carbon fiber bathtub

Model number
RL-99915

Focusing on
high-end bathtubs
for 20 years

Carbon fiber bathtub

Model number
RL-99916

Focusing on
high-end bathtubs
for 20 years

62

63

Carbon fiber bathtub

Model number
RI-99916

Specification
1700x800x580

Focusing on
high-end bathtubs
for 20 years

Carbon fiber bathtub

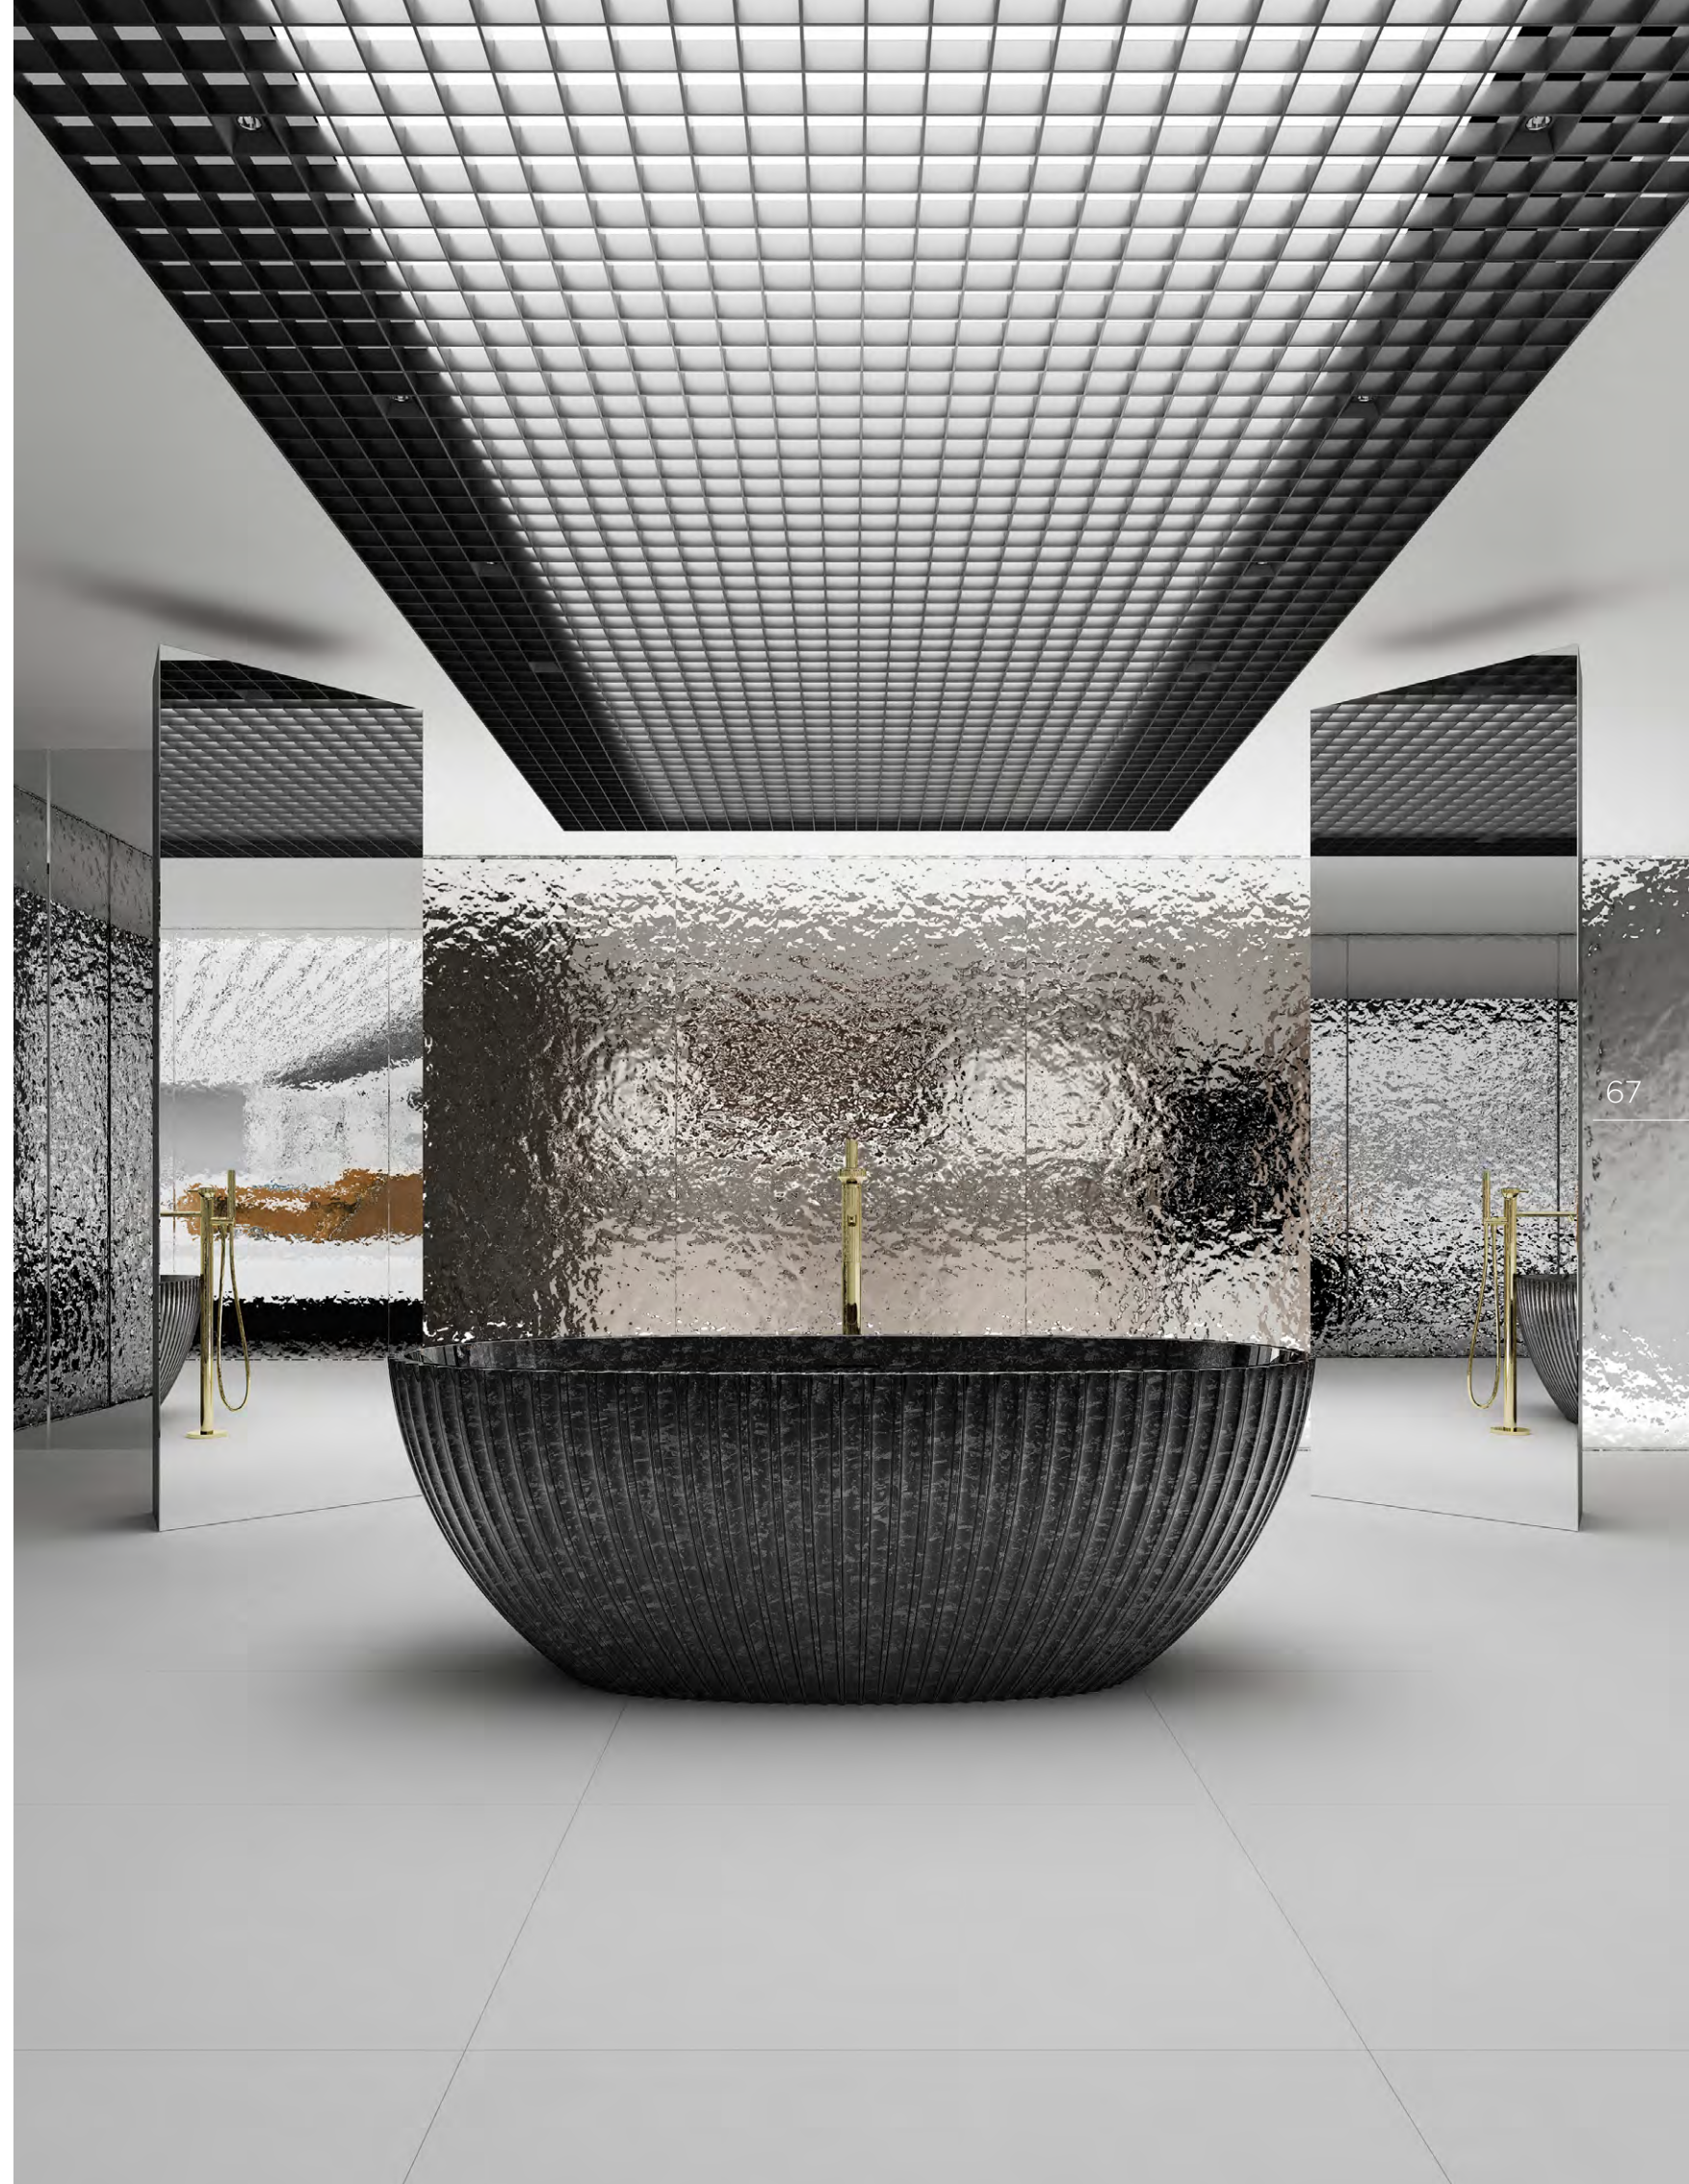

Model number
RL-99917

Focusing on
high-end bathtubs
for 20 years

66

67

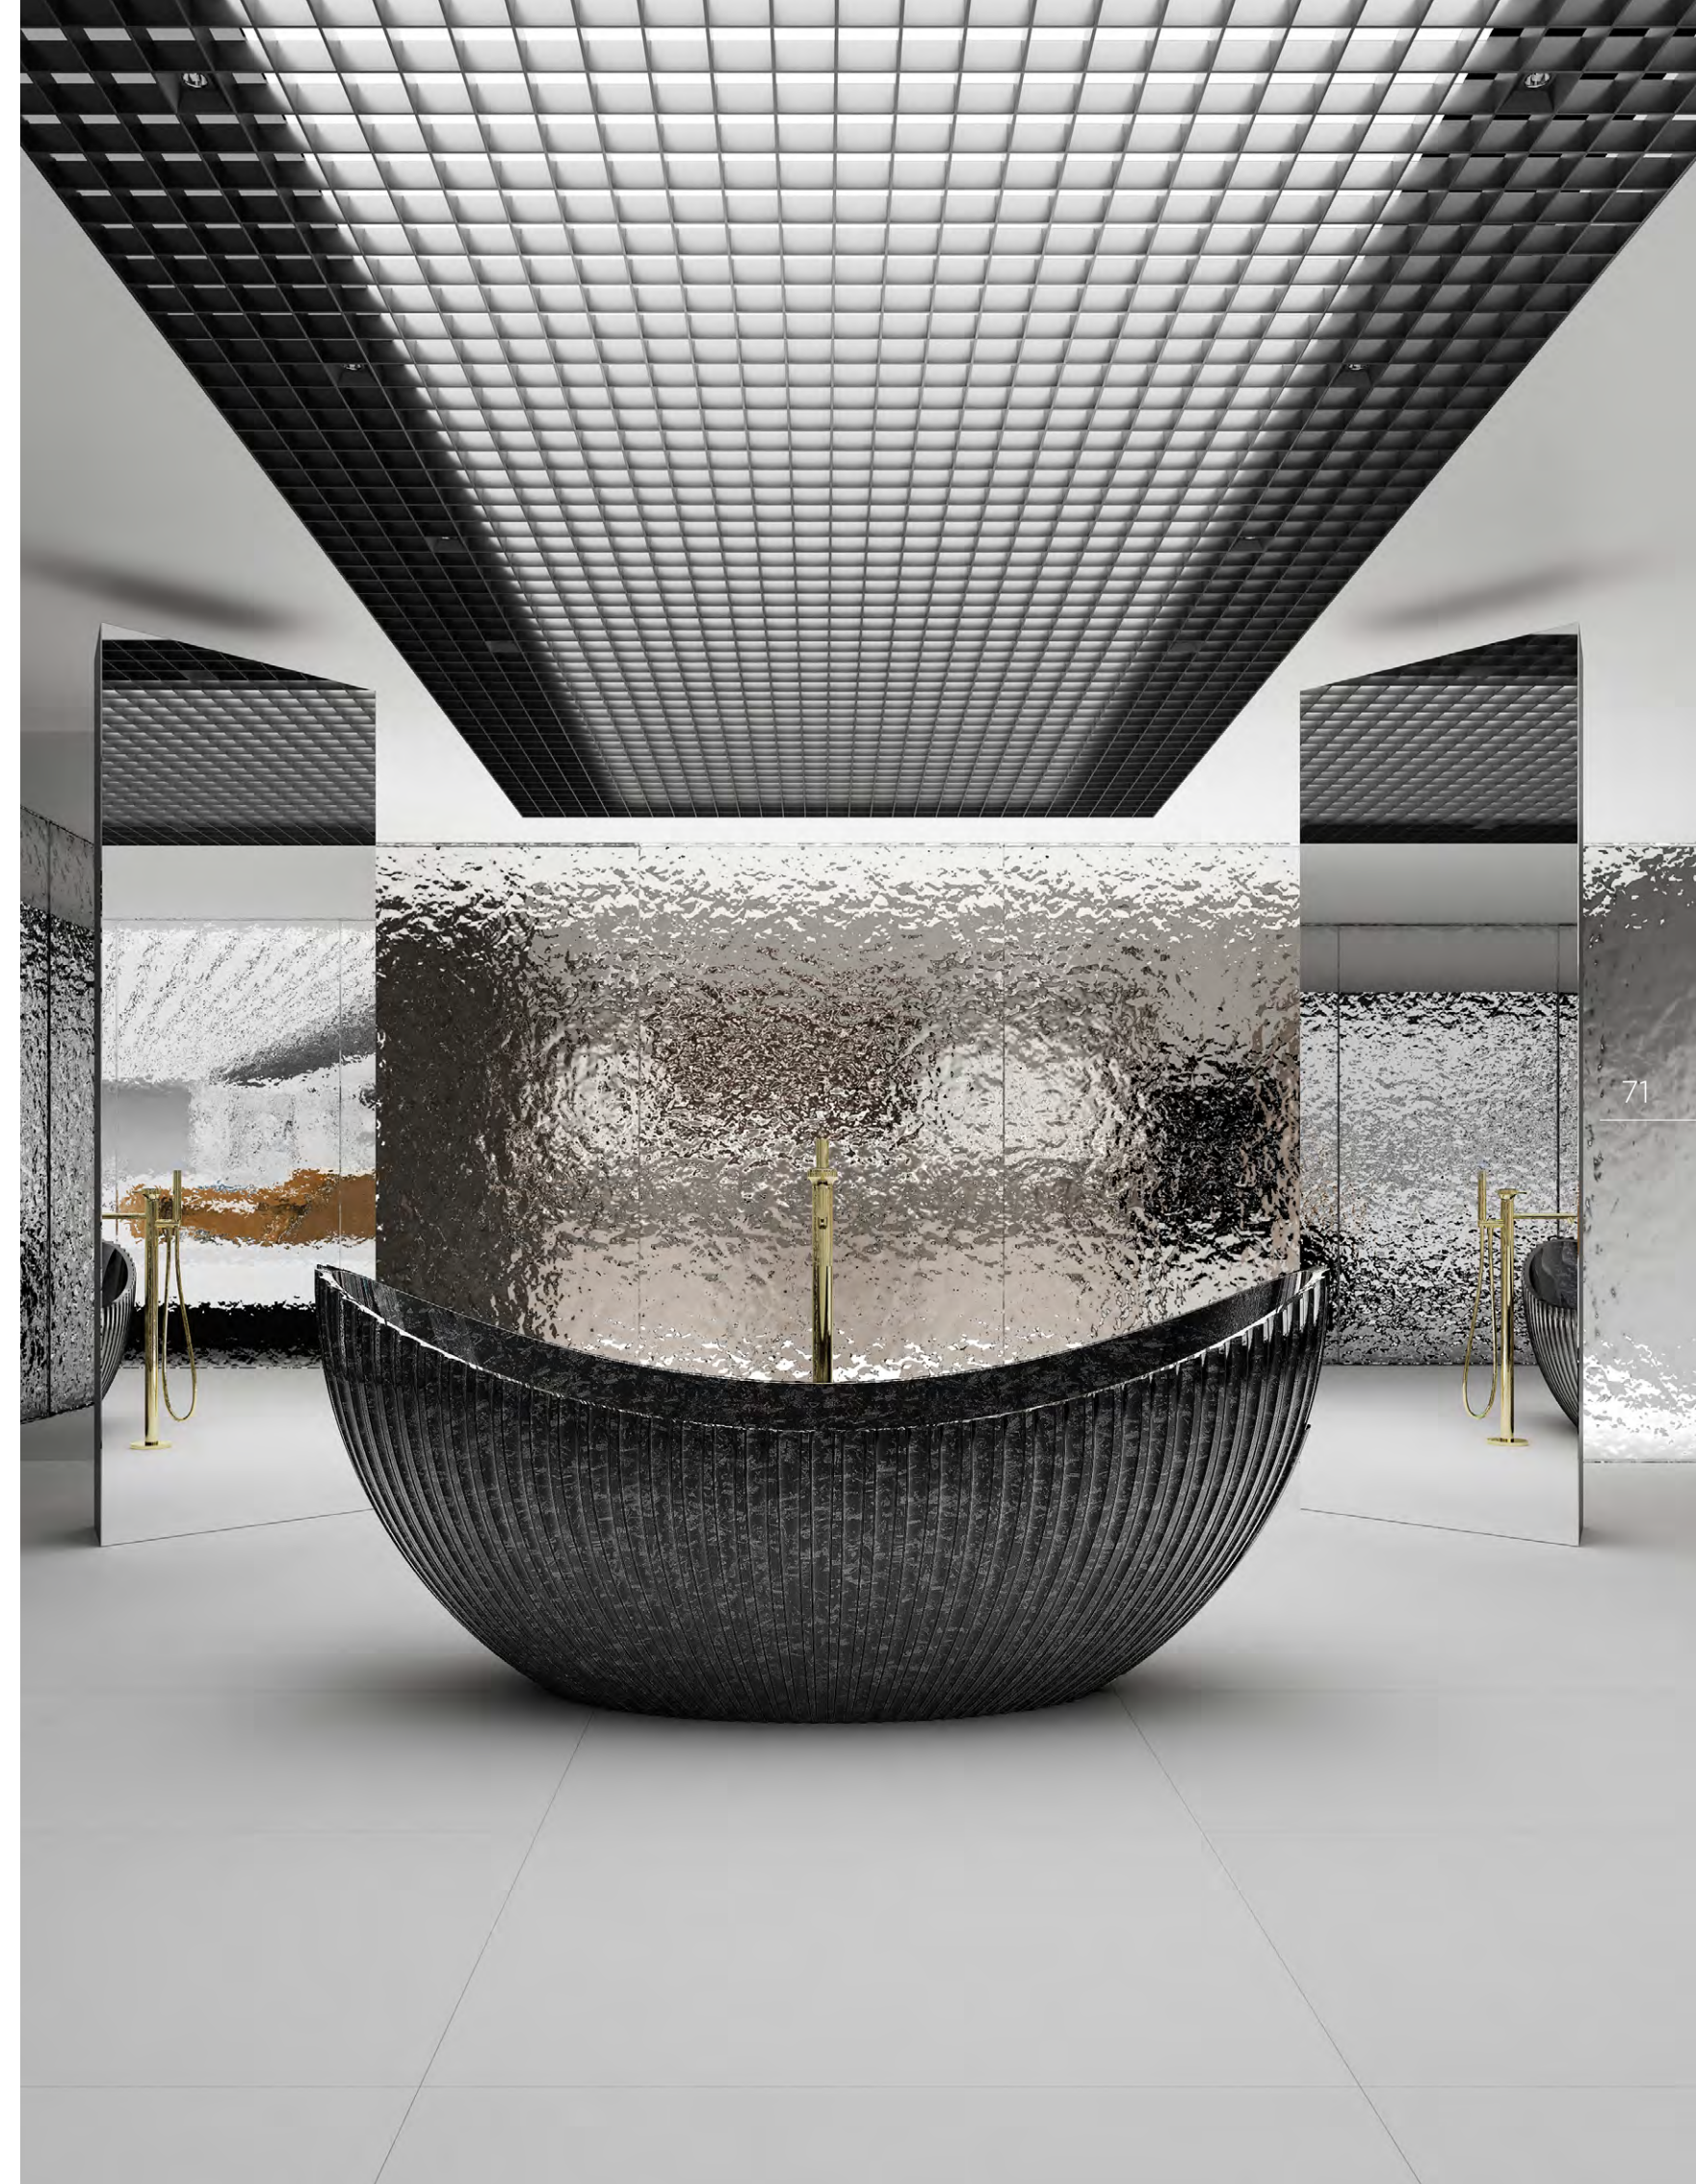

Carbon fiber bathtub

Model number
RL-99918

Focusing on
high-end bathtubs
for 20 years

Carbon fiber bathtub

Model number
RI-99918

Specification
1800x800x750

Focusing on
high-end bathtubs
for 20 years

Carbon fiber bathtub

Model number
RL-99919

Focusing on
high-end bathtubs
for 20 years

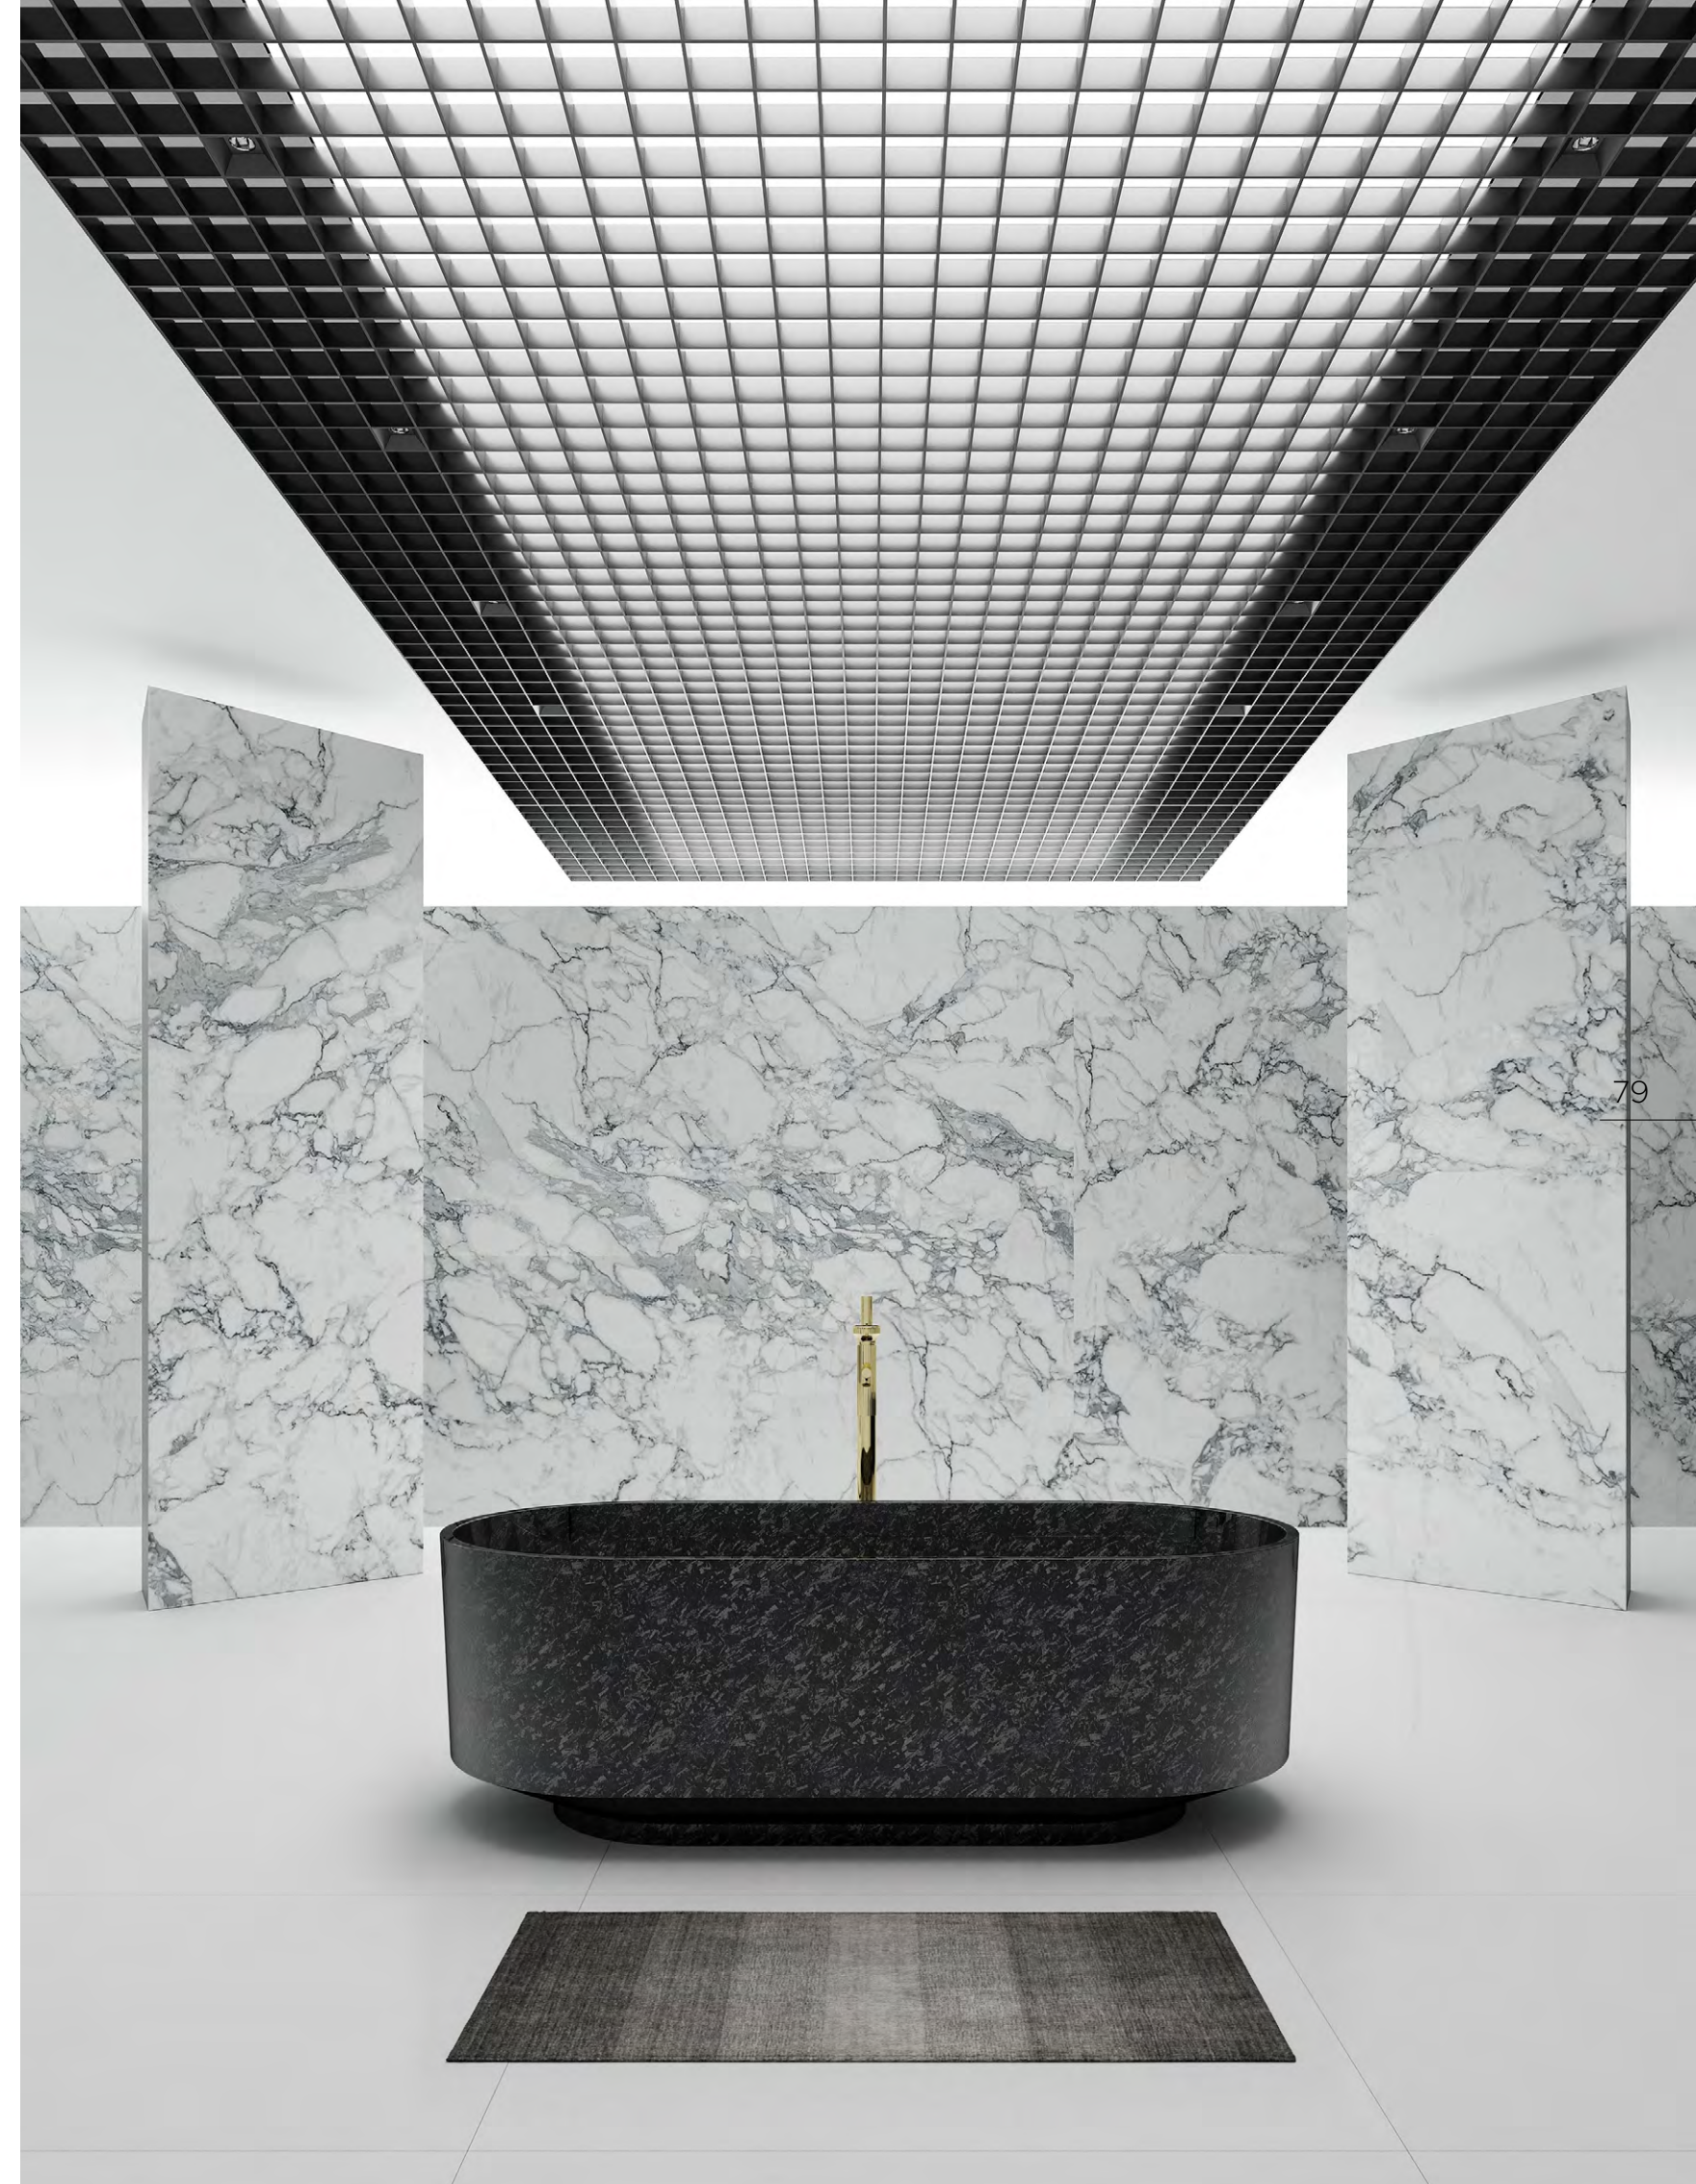

Carbon fiber bathtub

Model number
RL-99921

Specification
1700x780x550

Focusing on
high-end bathtubs
for 20 years

78

79

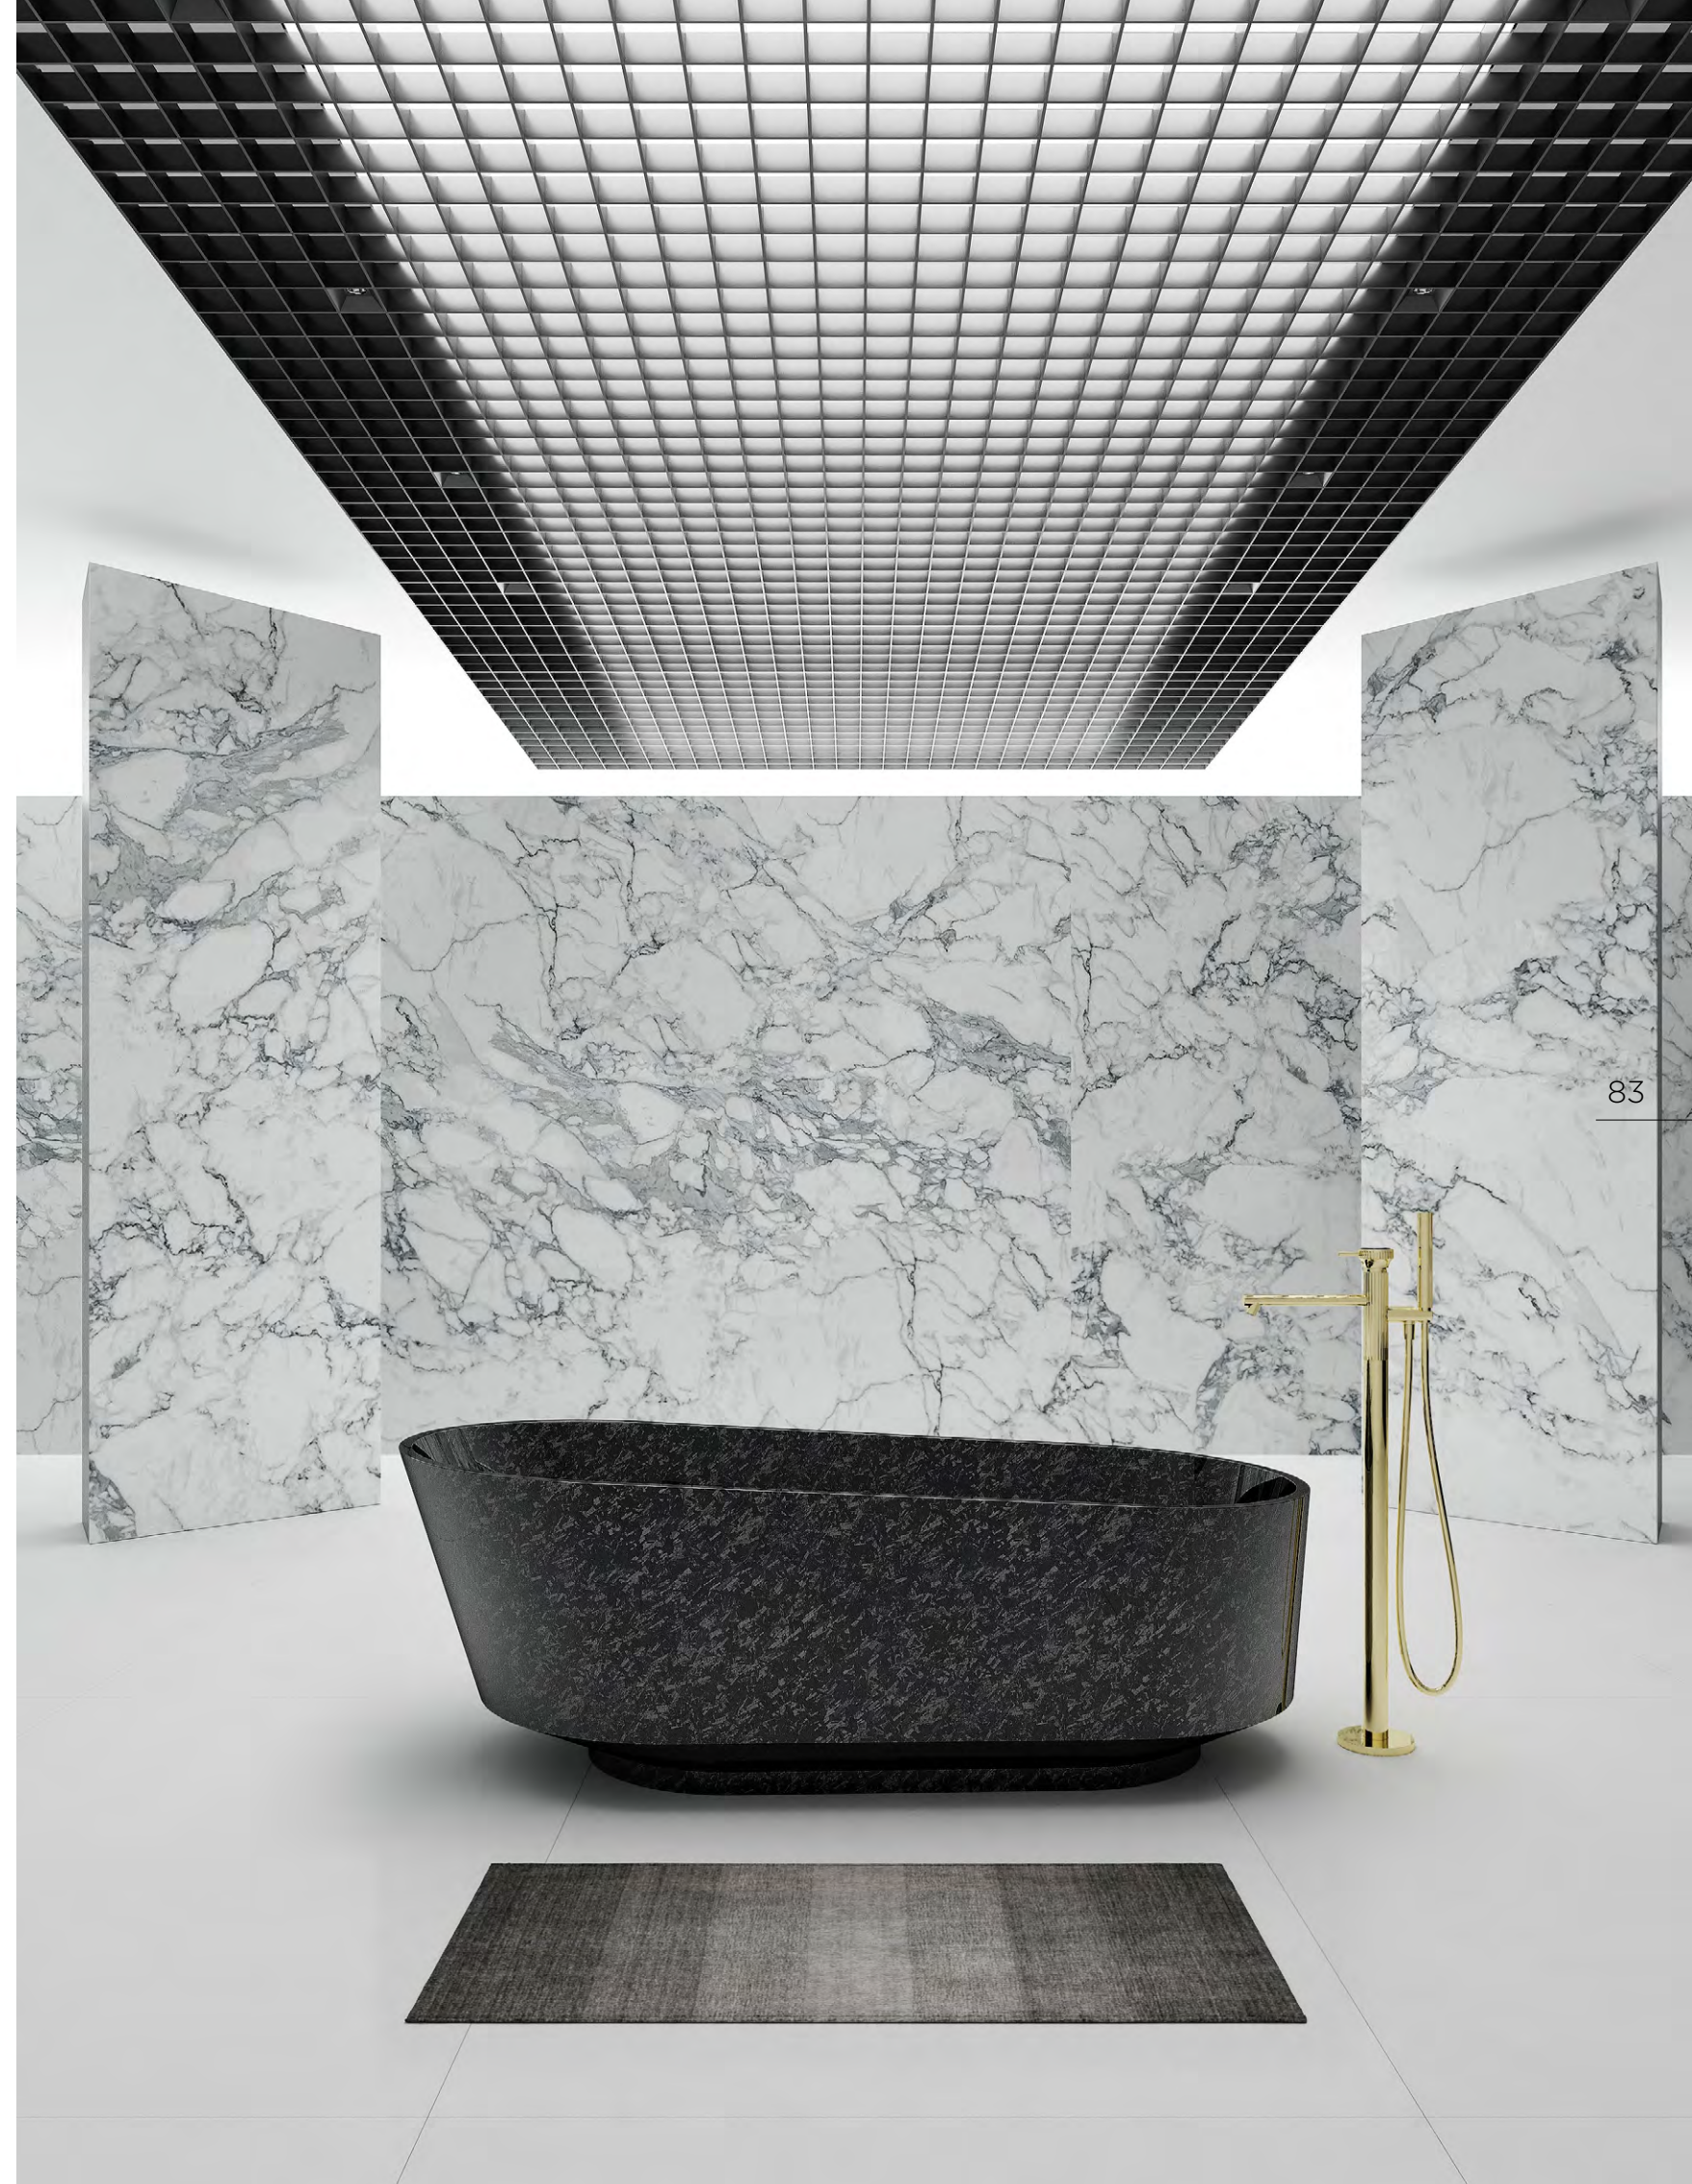

Carbon fiber bathtub

Model number
RL-99923

Specification
1750x800x550

Focusing on
high-end bathtubs
for 20 years

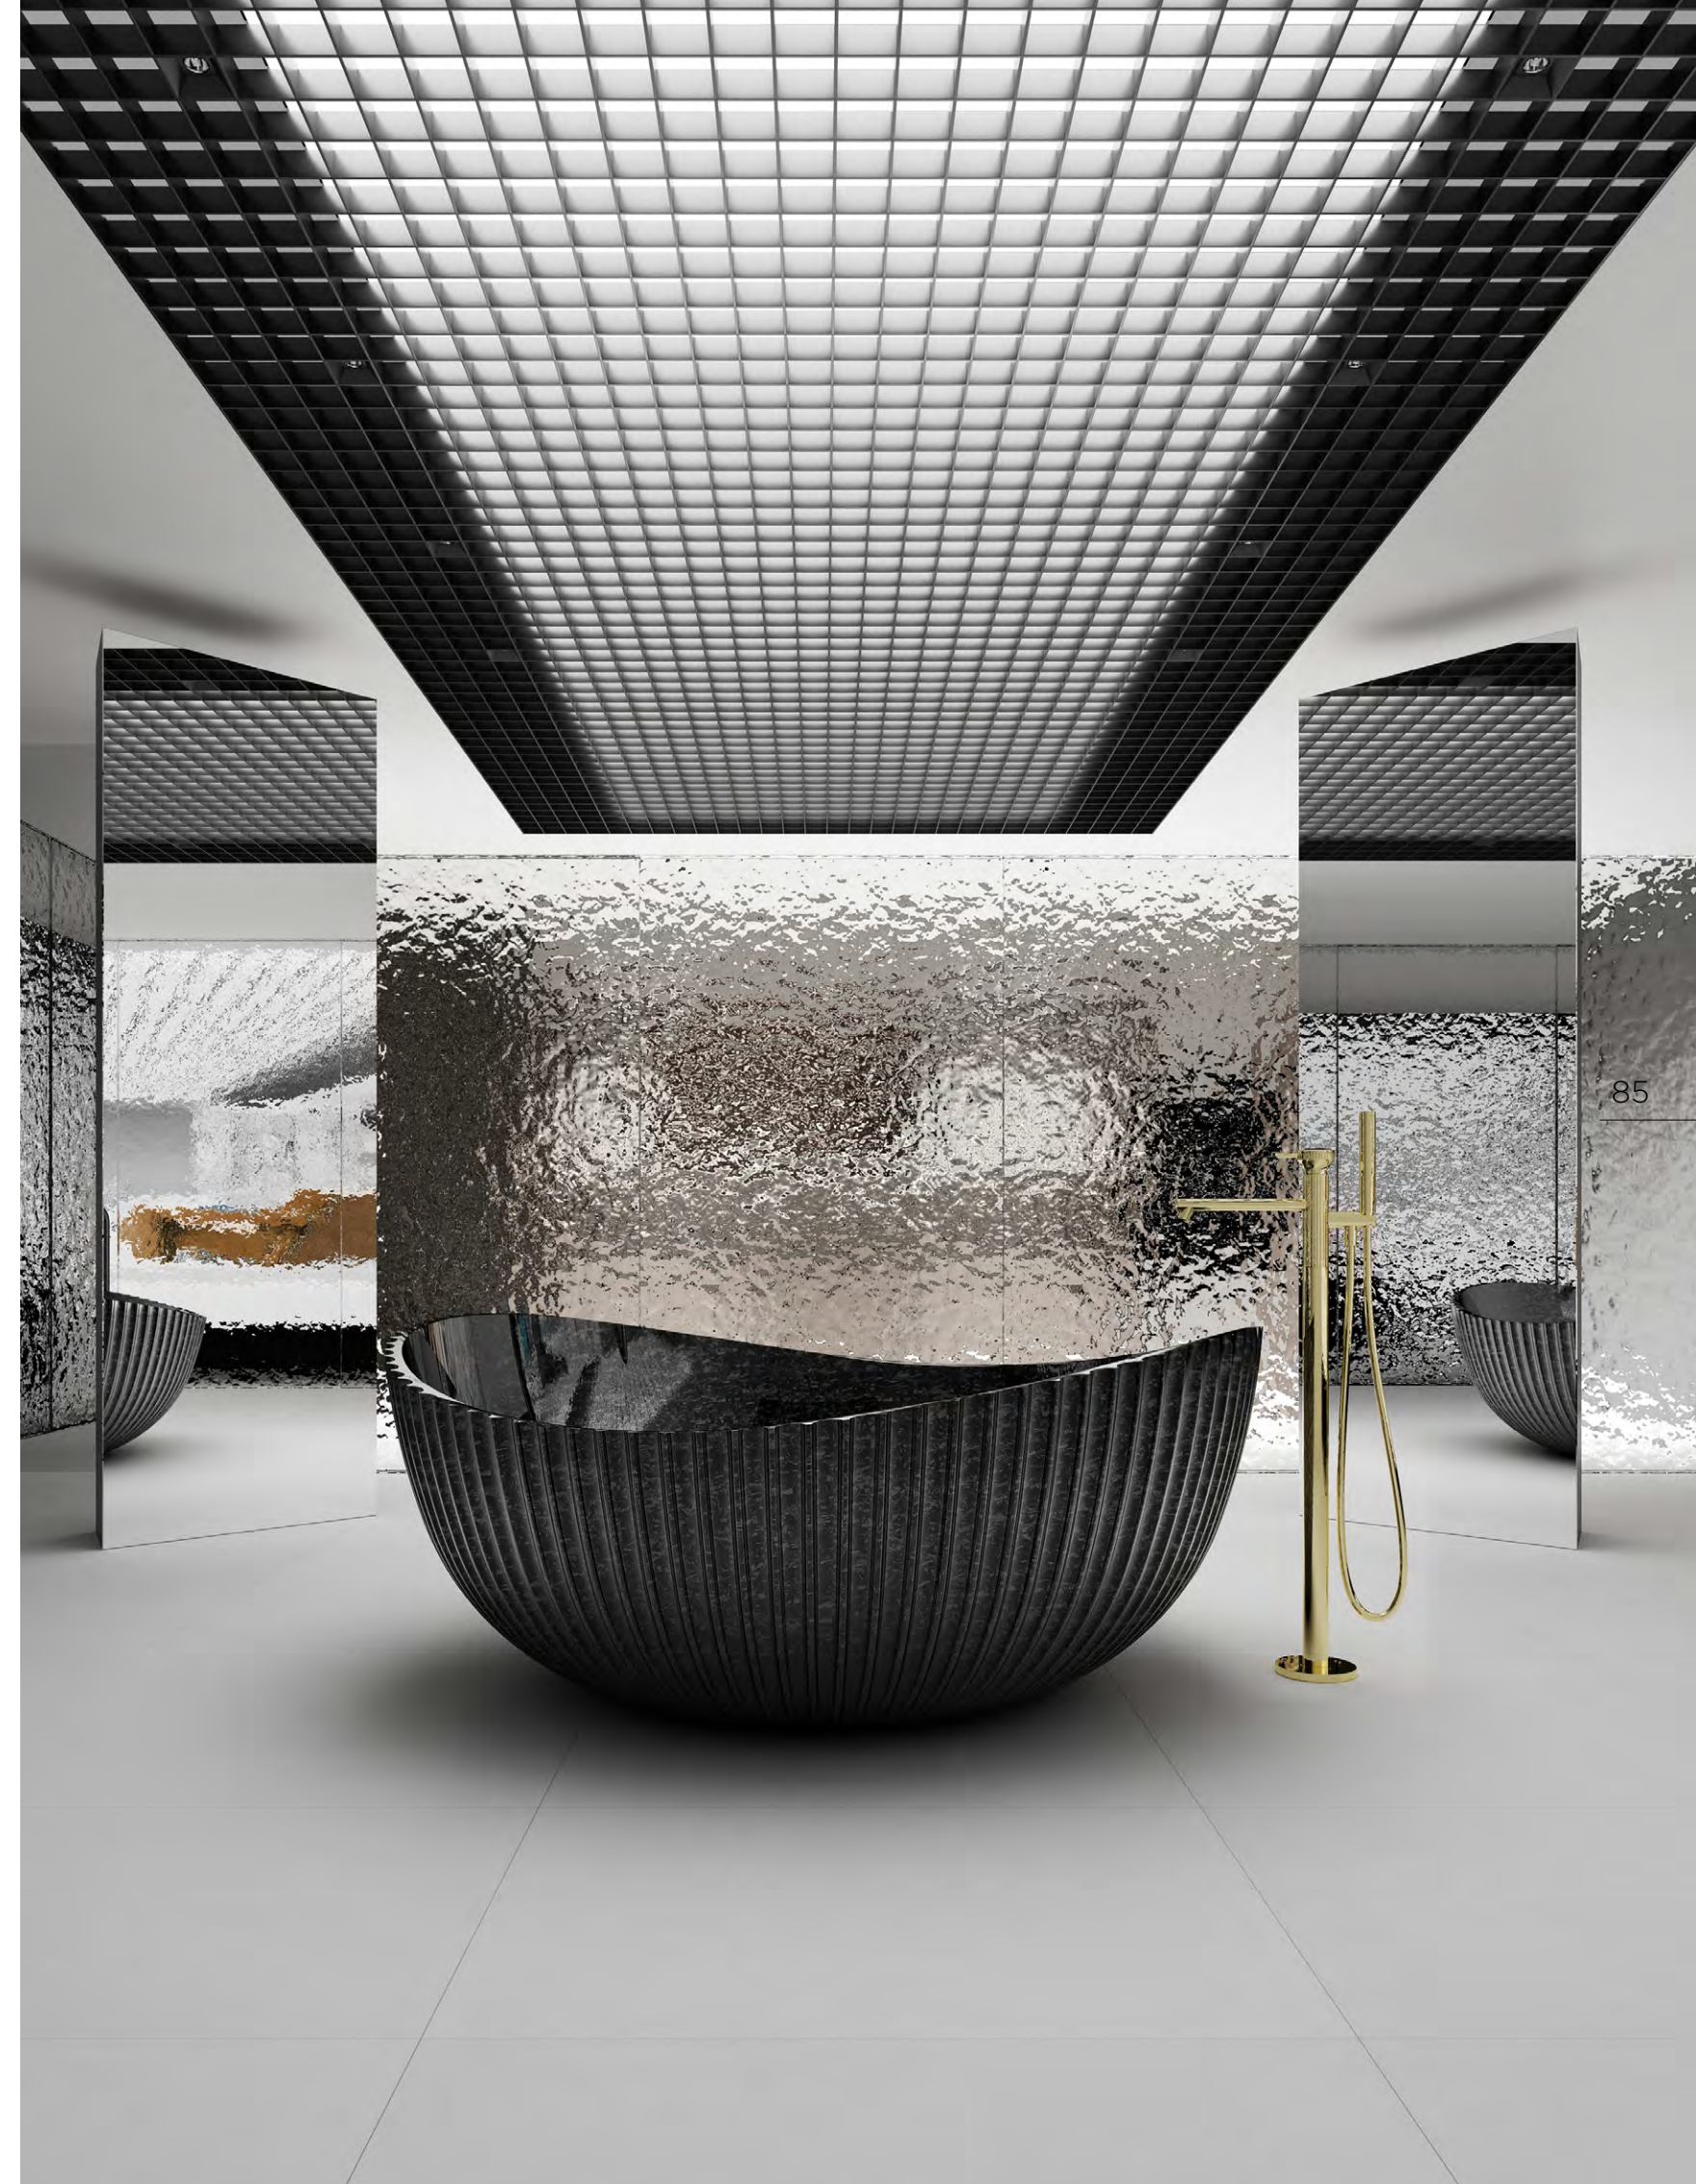

Carbon fiber bathtub

Model number
RL-99936

Focusing on
high-end bathtubs
for 20 years

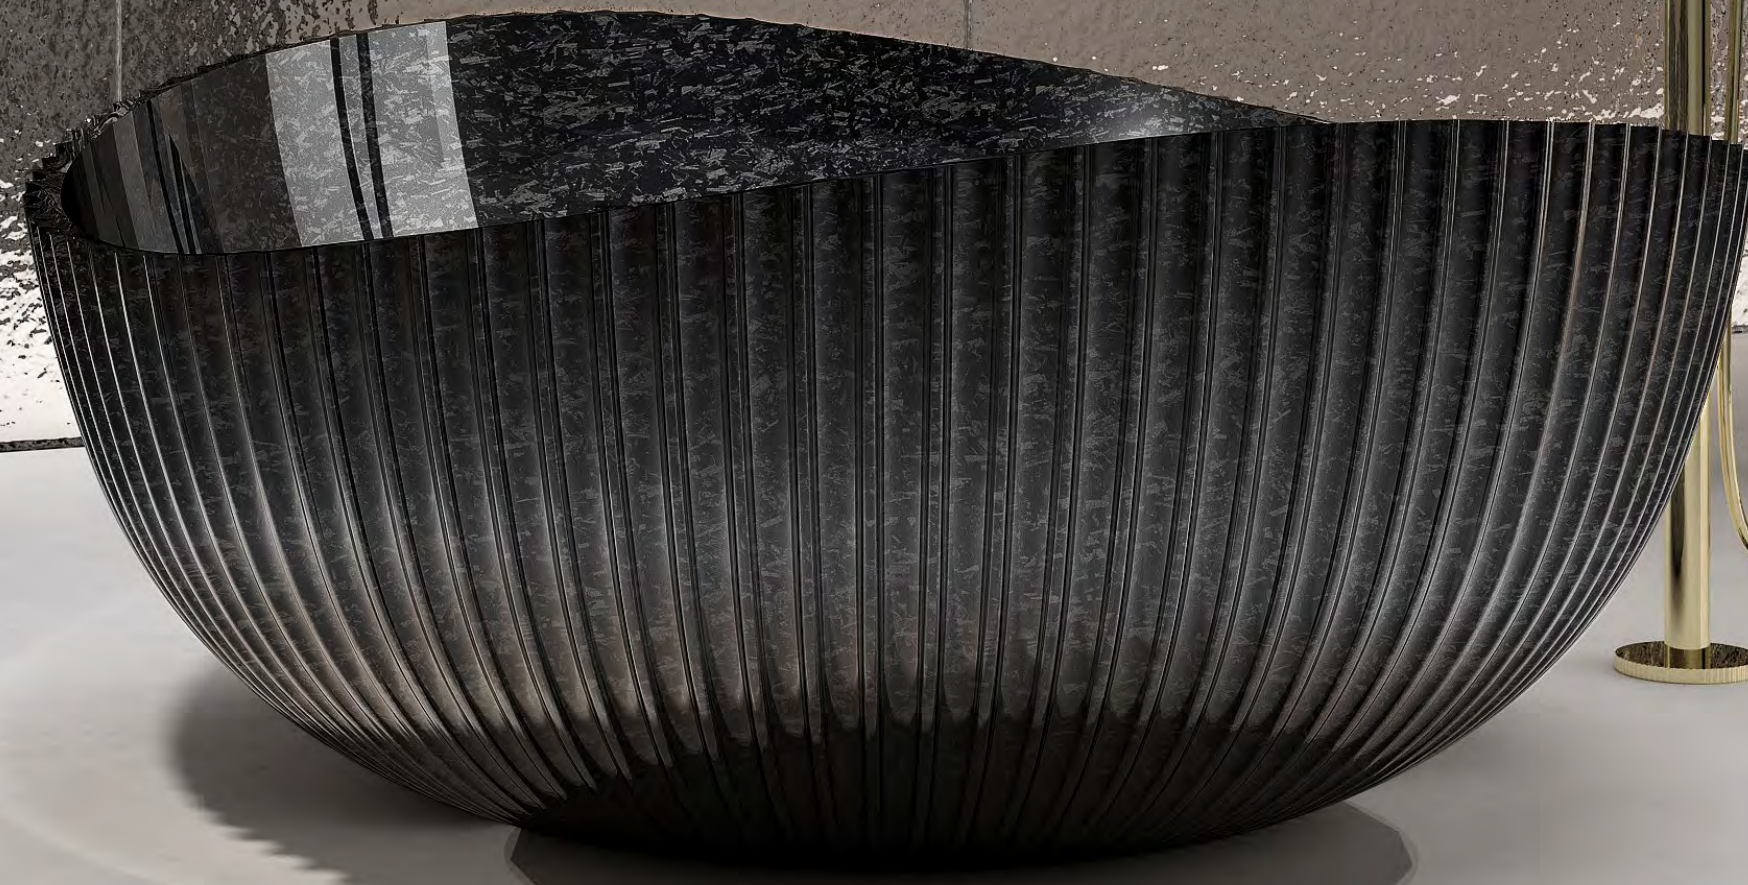

Carbon fiber bathtub

Model number
RI-99936

Specification
1500x1500x635

Focusing on
high-end bathtubs
for 20 years

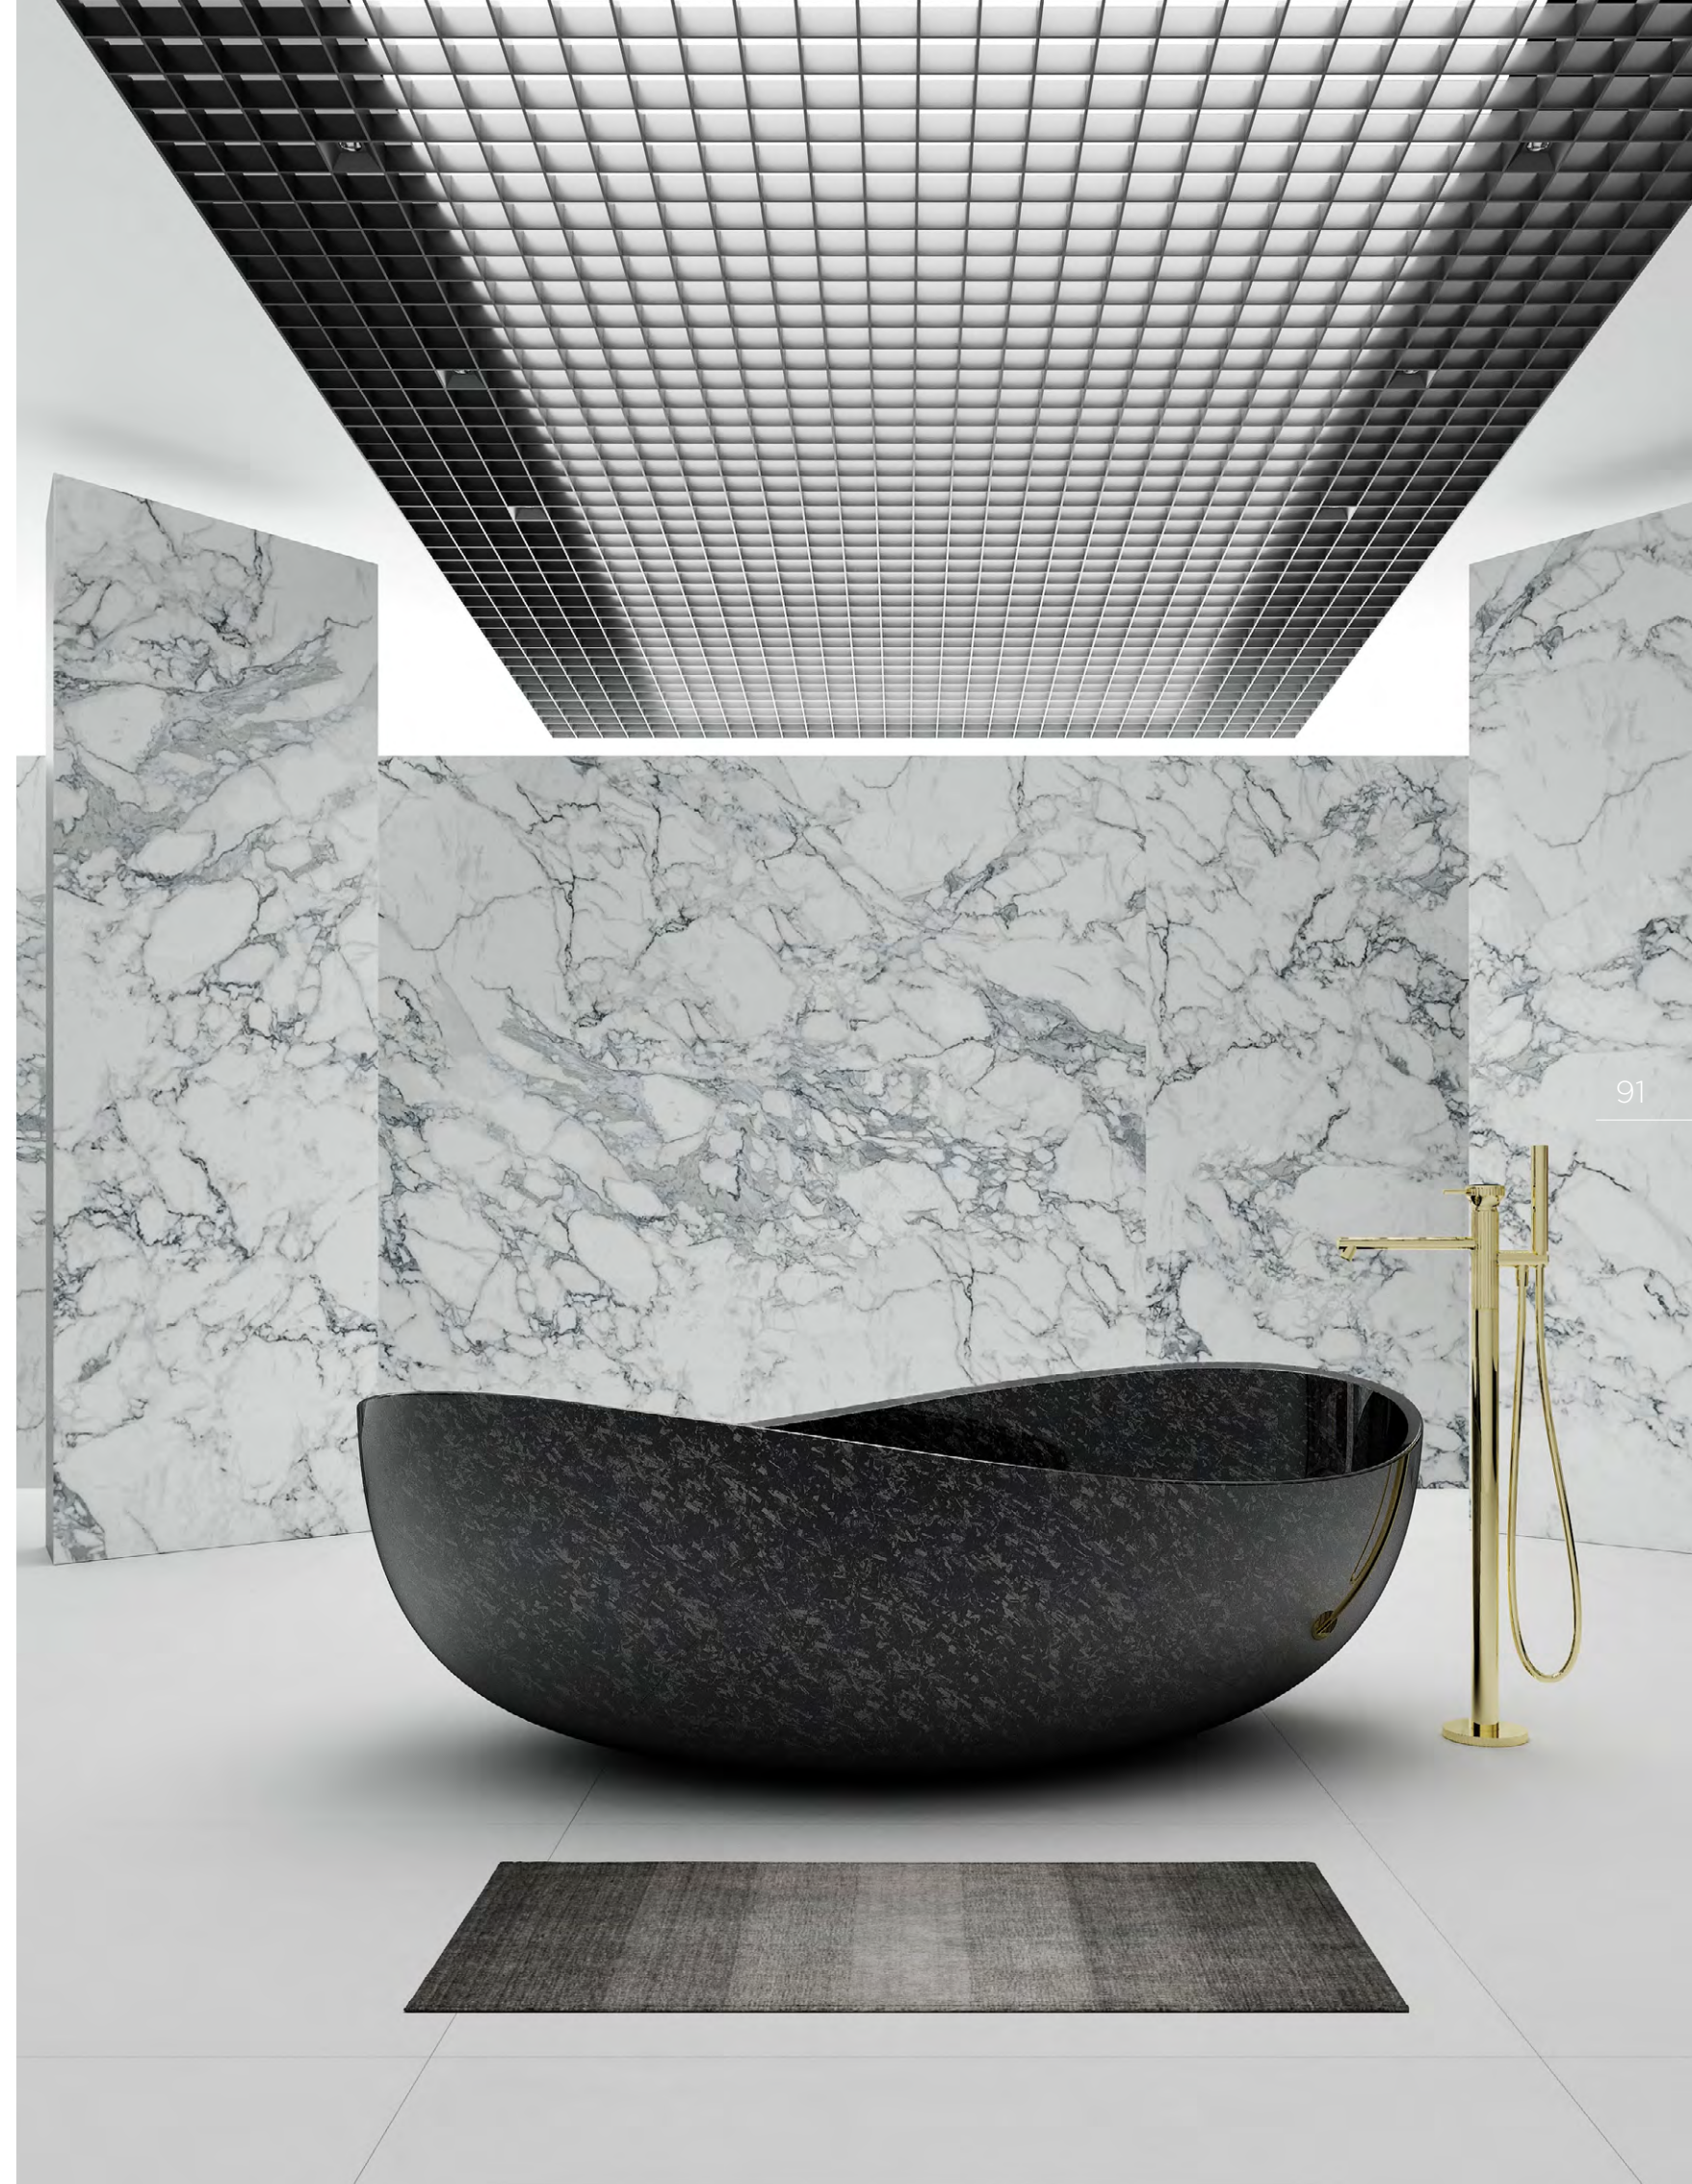

Carbon fiber bathtub

Model number
RL-99958

Specification
1700x720x560

Focusing on
high-end bathtubs
for 20 years

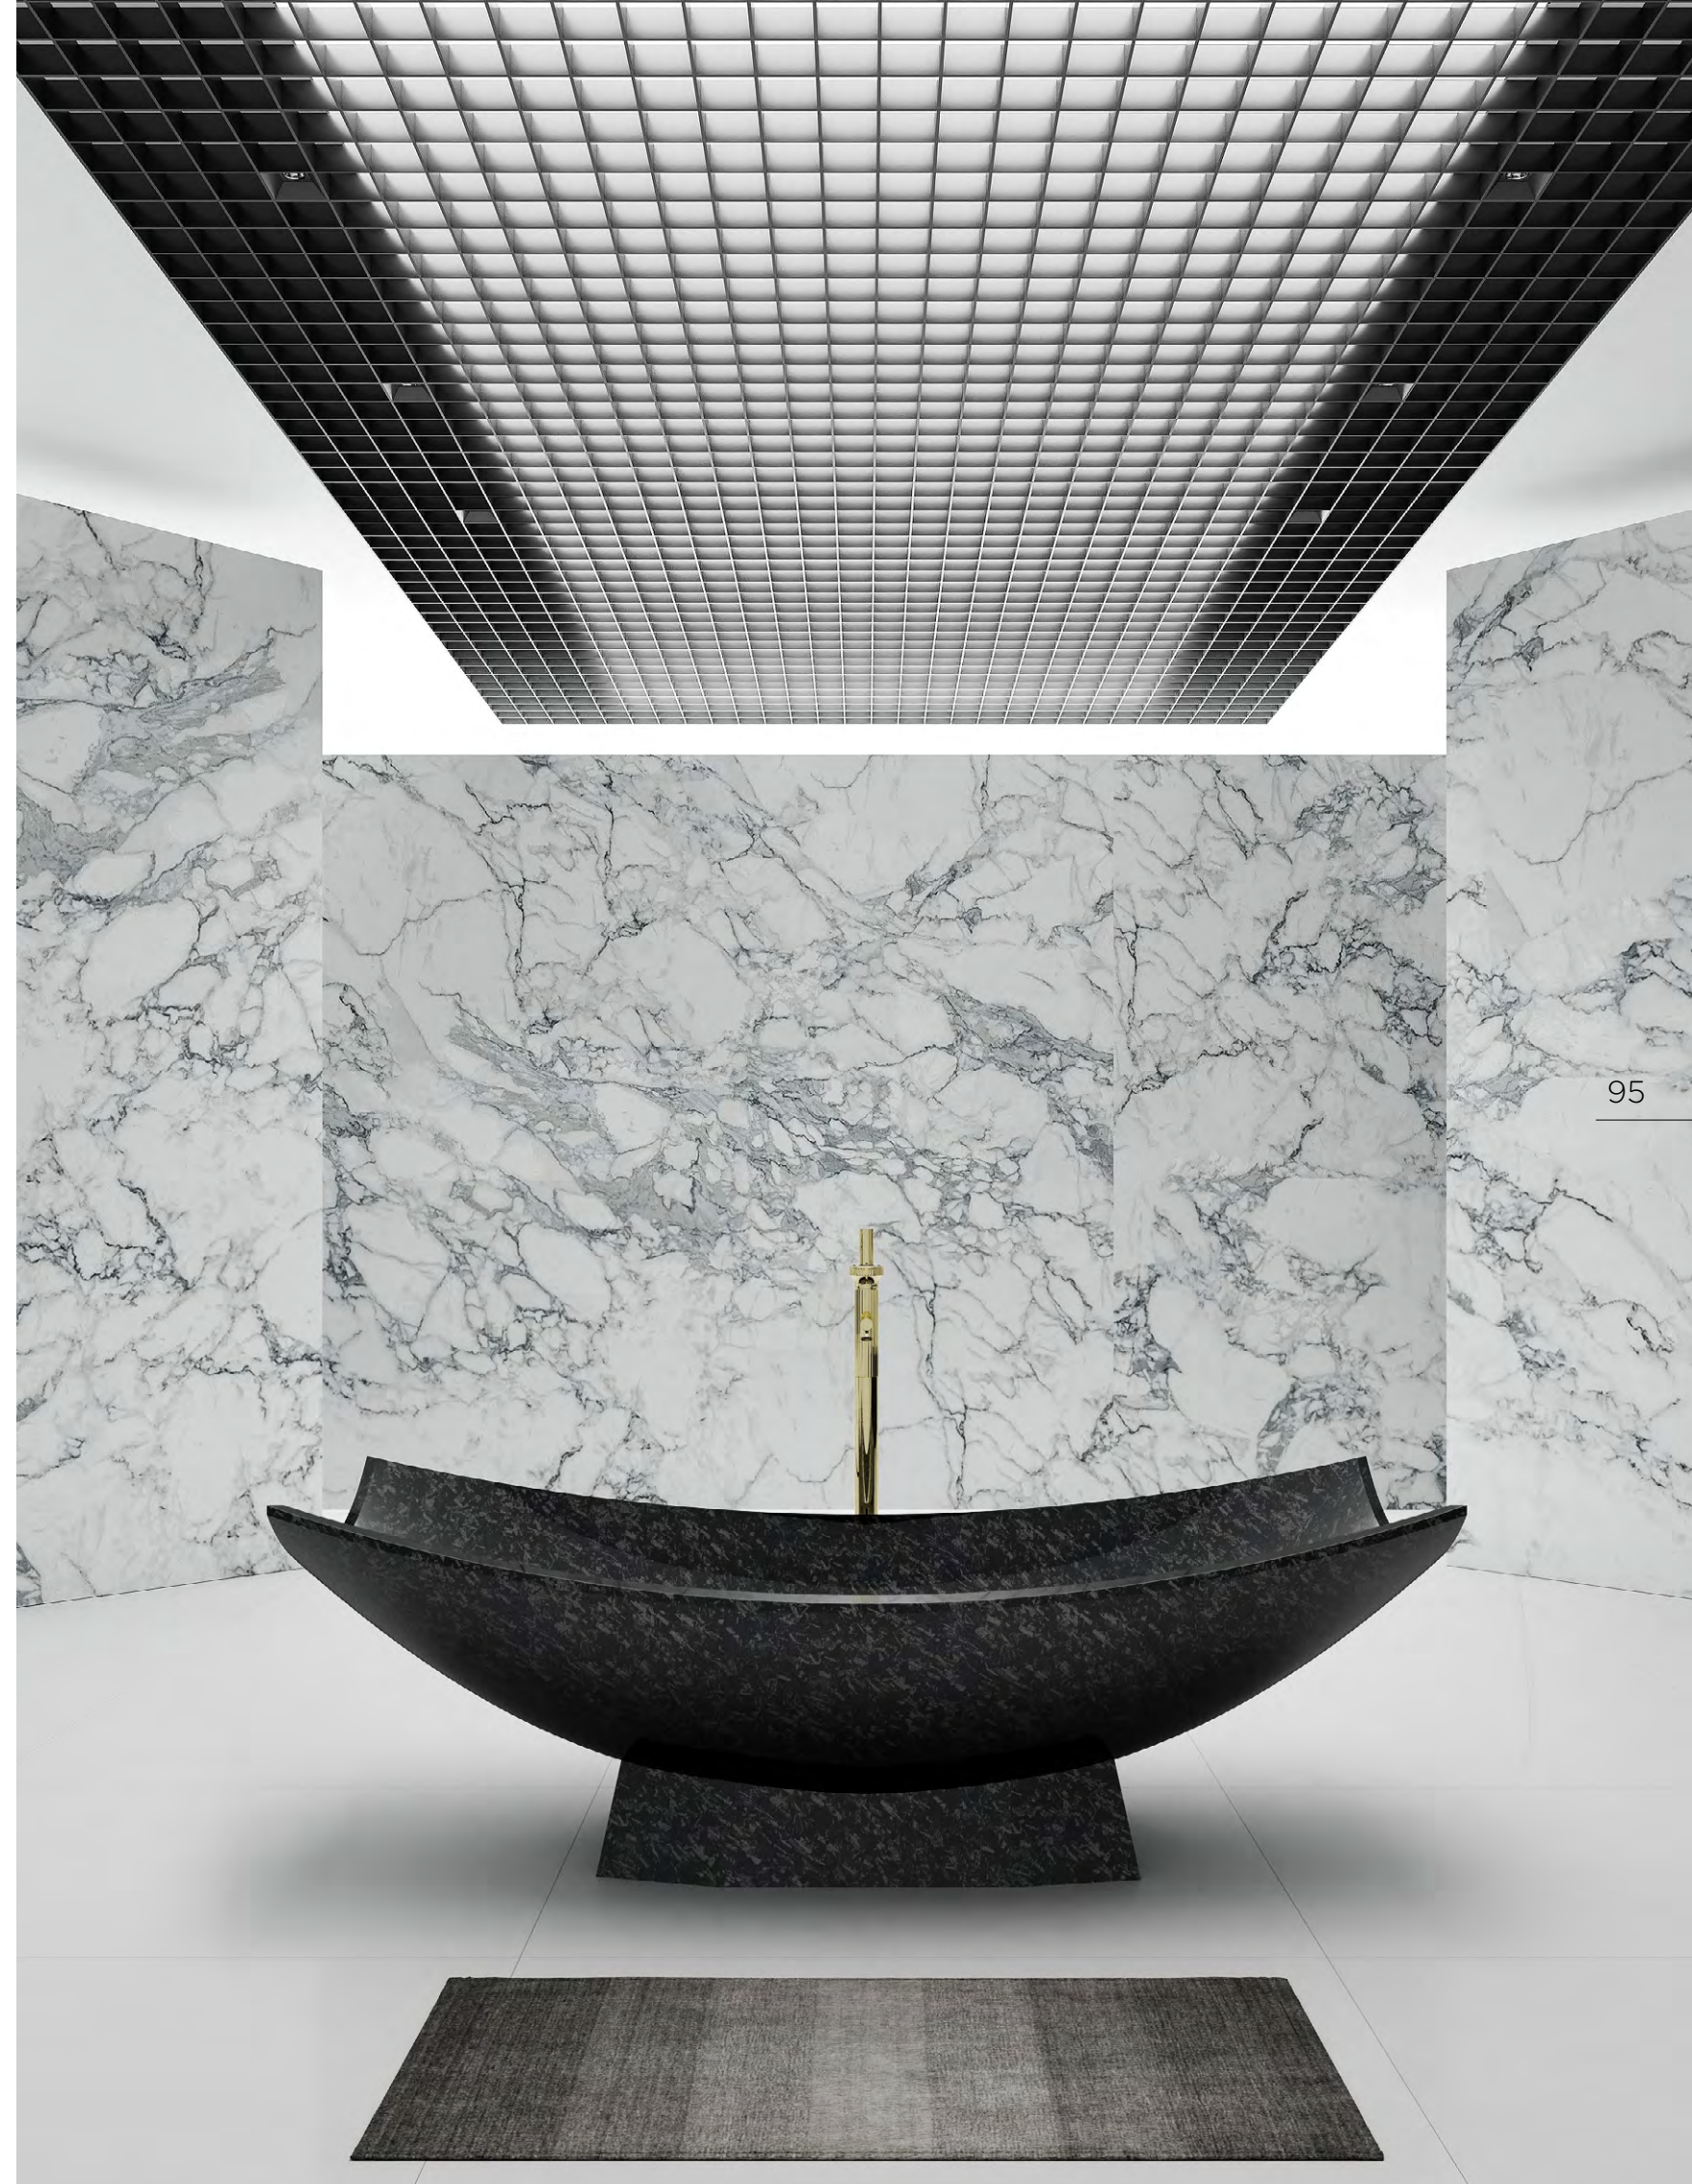

Carbon fiber bathtub

Model number
RL-99991

Specification
1800x800x600

Focusing on
high-end bathtubs
for 20 years

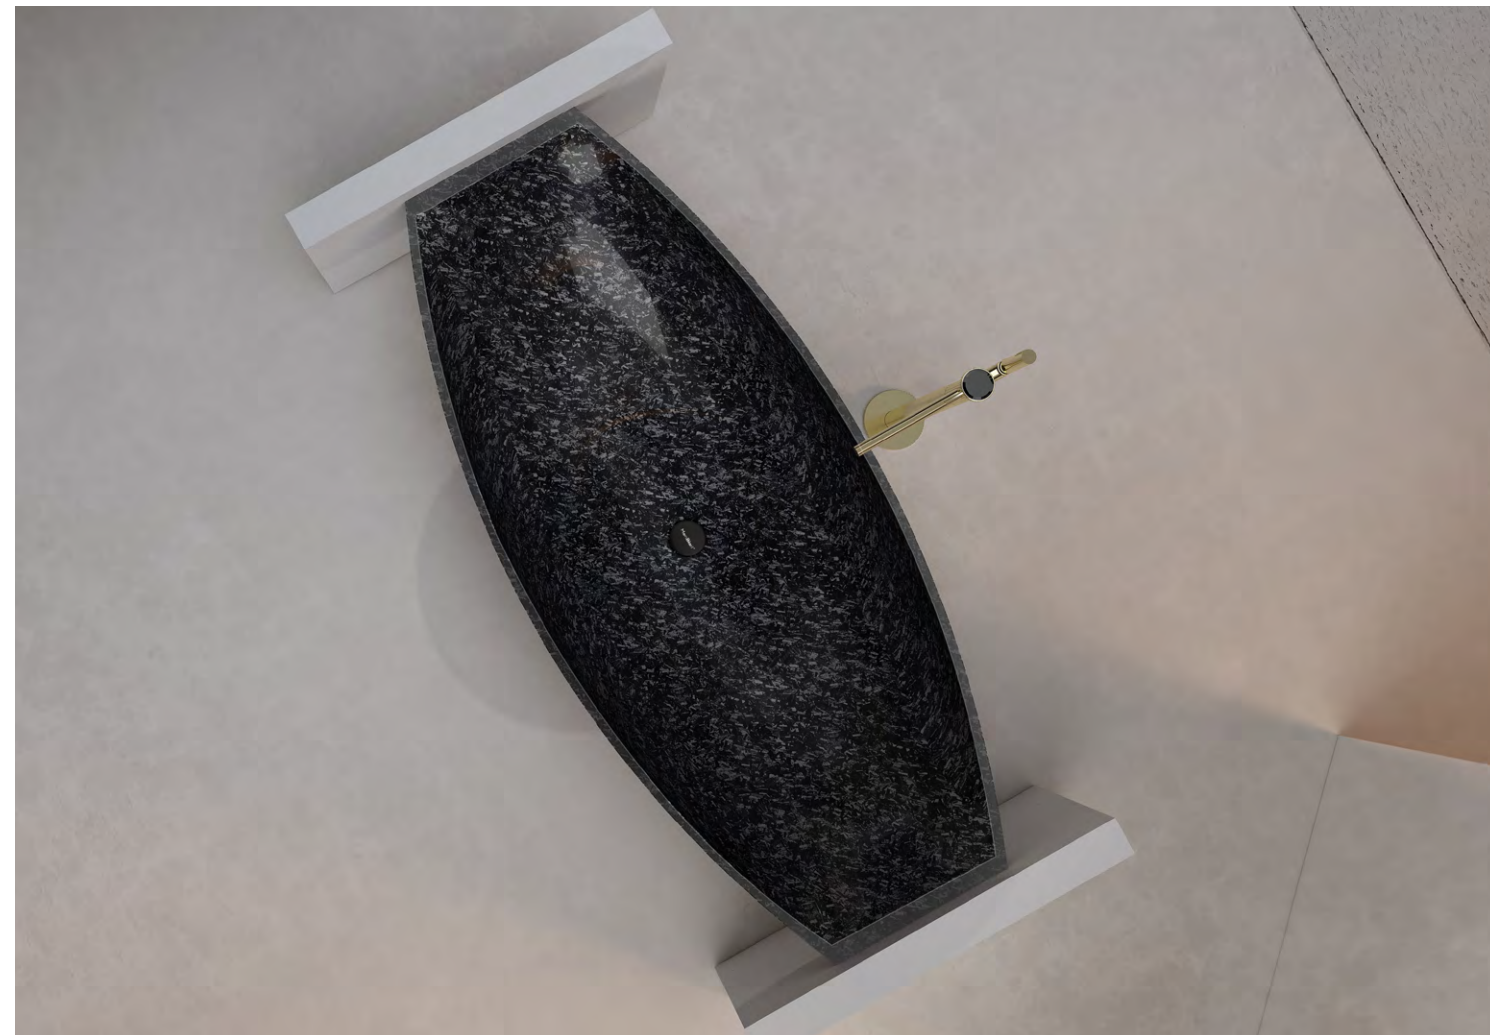

Carbon fiber bathtub

Model number
RL-99996

Focusing on
high-end bathtubs
for 20 years

Carbon fiber bathtub

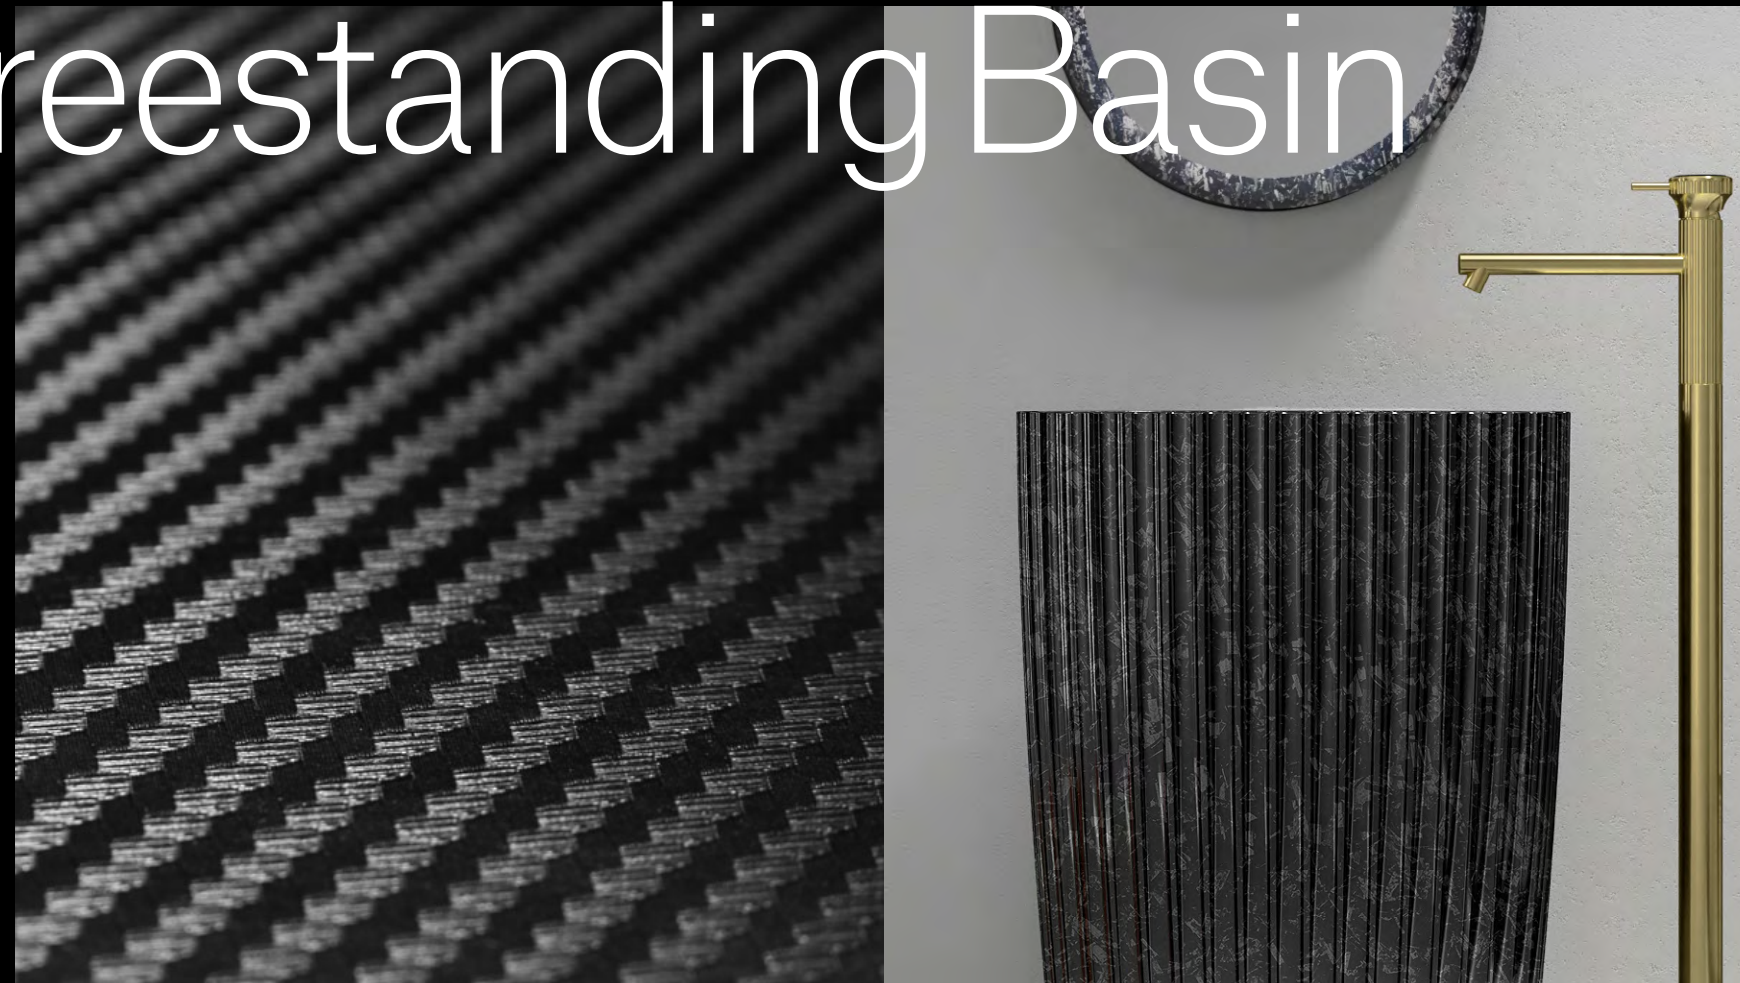

Model number
RL-99997

Specification
1800x850x508

Focusing on
high-end bathtubs
for 20 years

Carbon fiber Freestanding Basin

Carbon fiber
Freestanding Basin

Model number
RL-Z01

Focusing on
high-end bathtubs
for 20 years

Carbon fiber
Freestanding Basin

Model number
RL-Z01

Specification
500x500x900

Focusing on
high-end bathtubs
for 20 years

Carbon fiber
Freestanding Basin

Model number
RL-Z326

Focusing on
high-end bathtubs
for 20 years

Carbon fiber
Freestanding Basin

Model number
RL-Z326

Specification
550x360x850

Focusing on
high-end bathtubs
for 20 years

Carbon fiber
Freestanding Basin

Model number
RL-Z327

Focusing on
high-end bathtubs
for 20 years

Carbon fiber
Freestanding Basin

Model number
RL-Z327

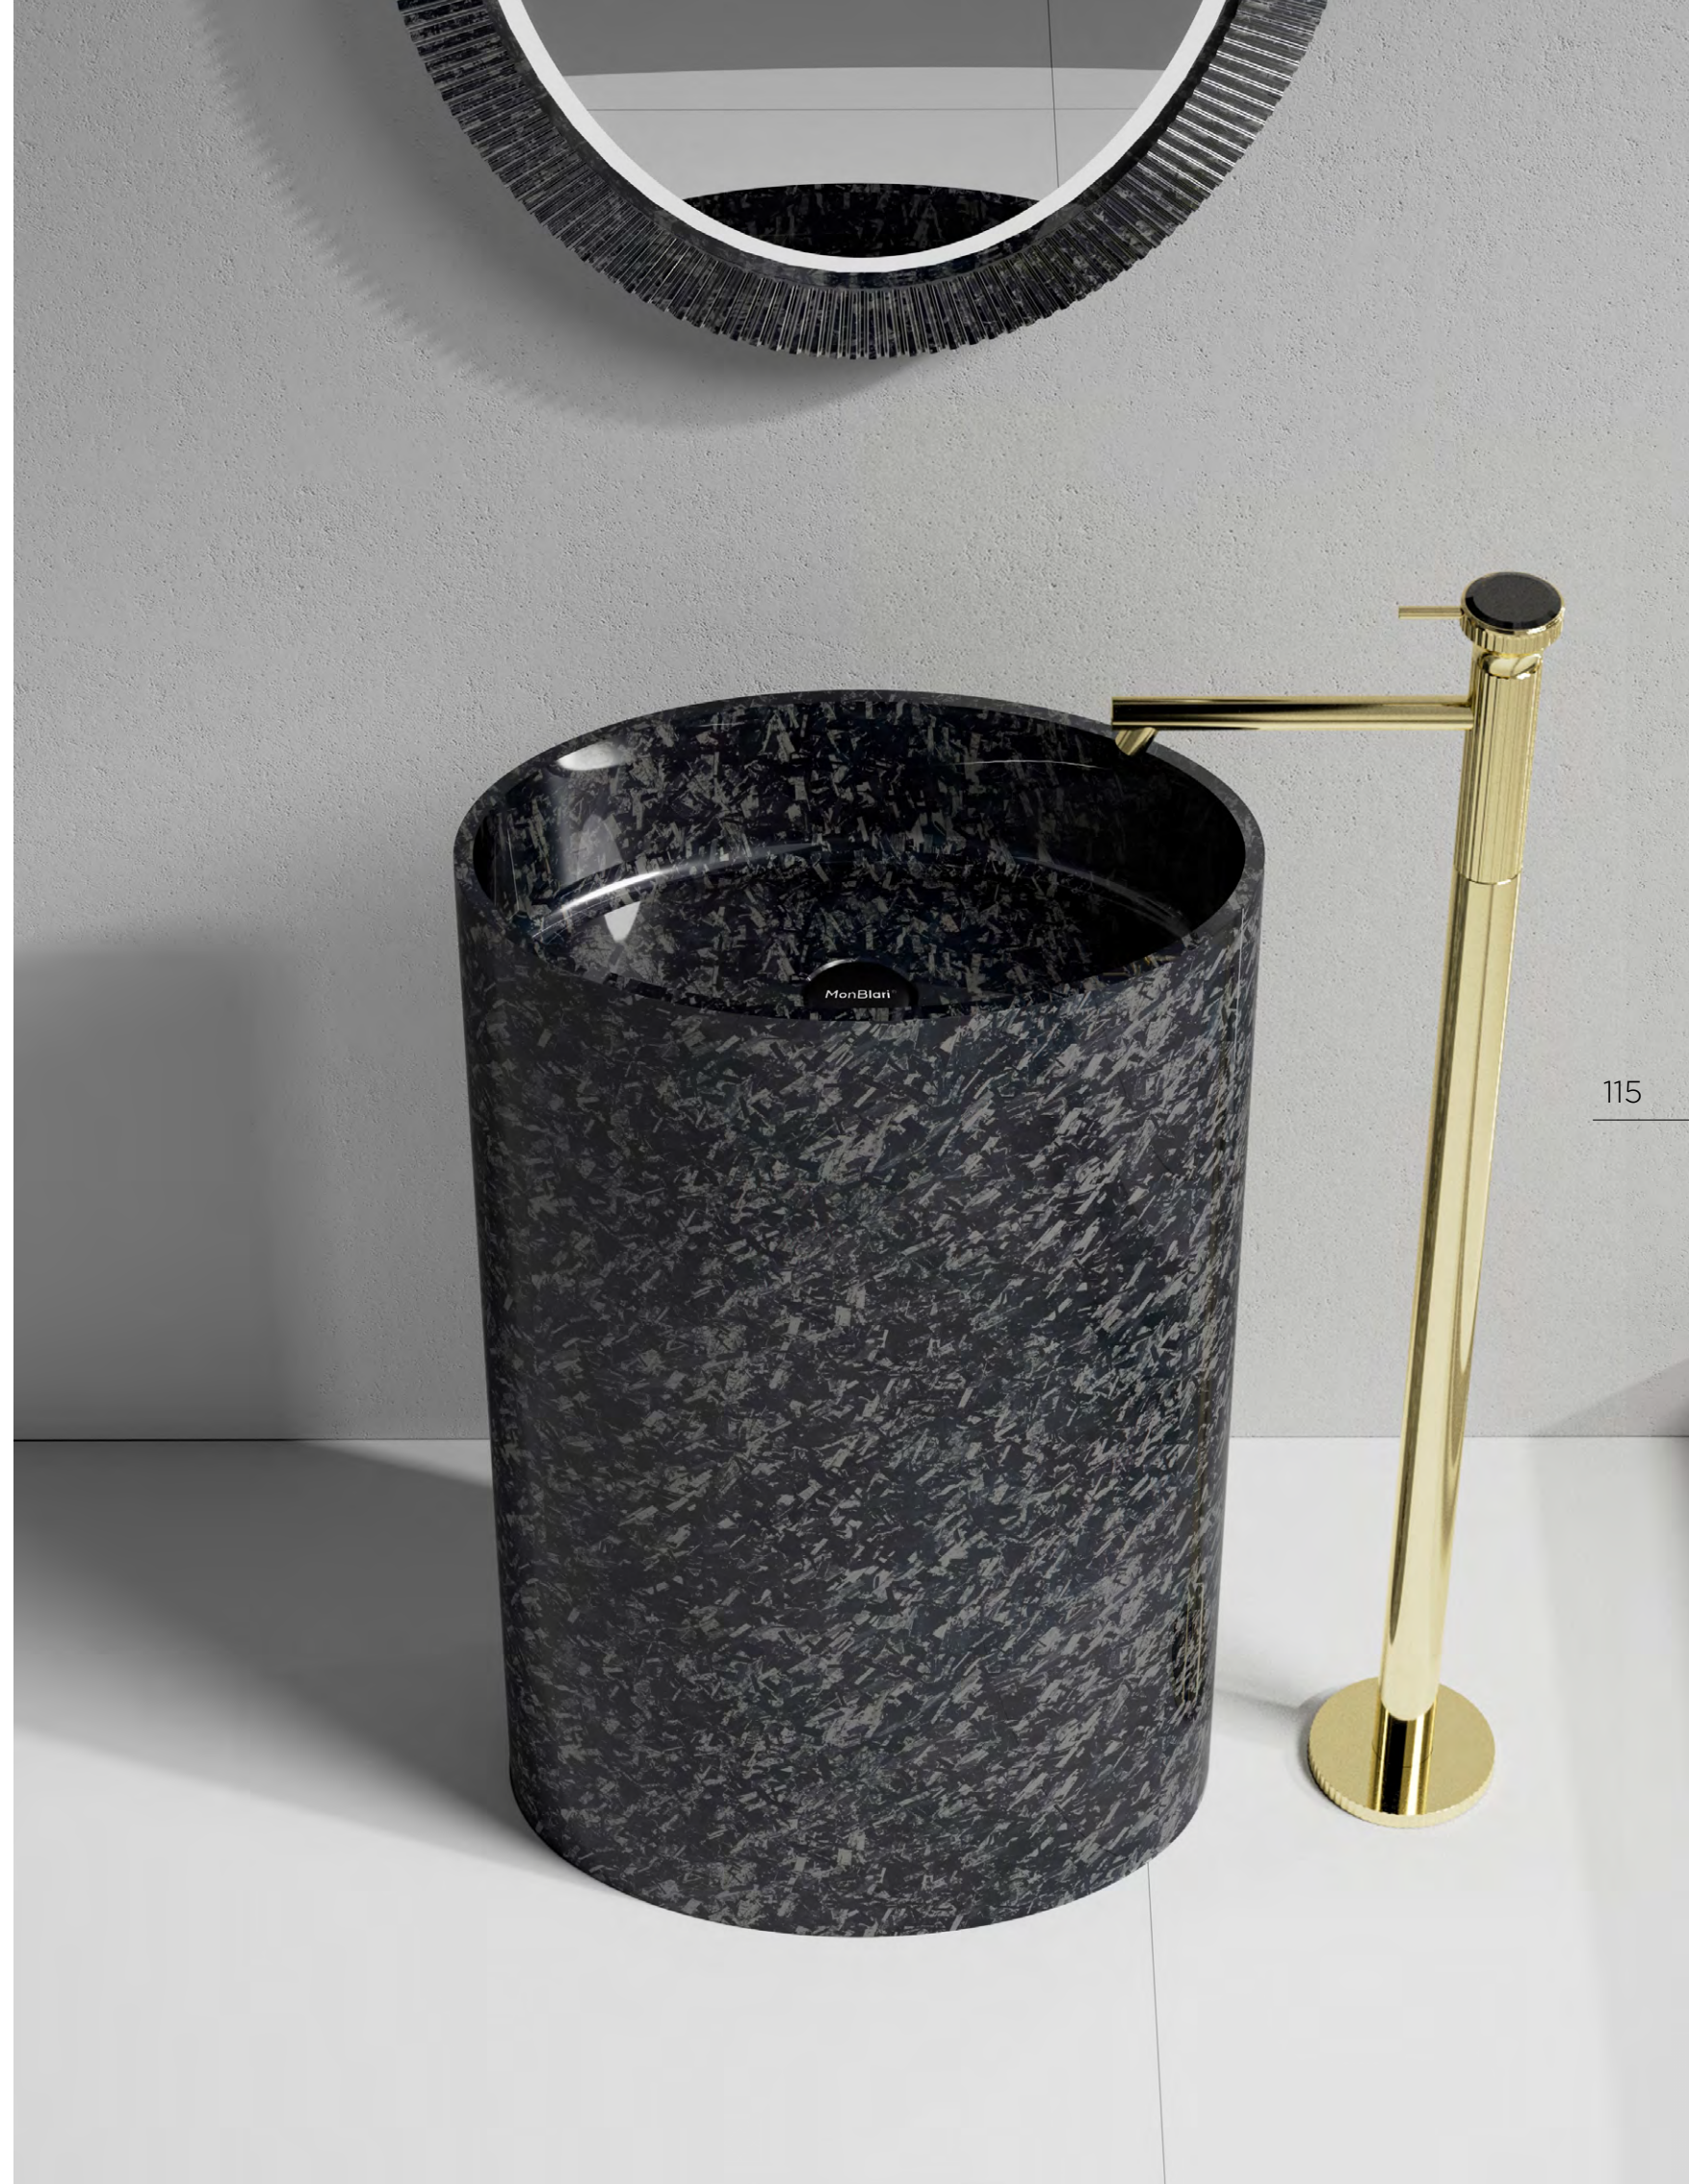

Specification
500x320x850

Focusing on
high-end bathtubs
for 20 years

114

115

Carbon fiber
Freestanding Basin

Model number
RL-Z9971

Focusing on
high-end bathtubs
for 20 years

Carbon fiber
Freestanding Basin

Model number
RL-Z9971

Specification
600x380x900

Focusing on
high-end bathtubs
for 20 years

118

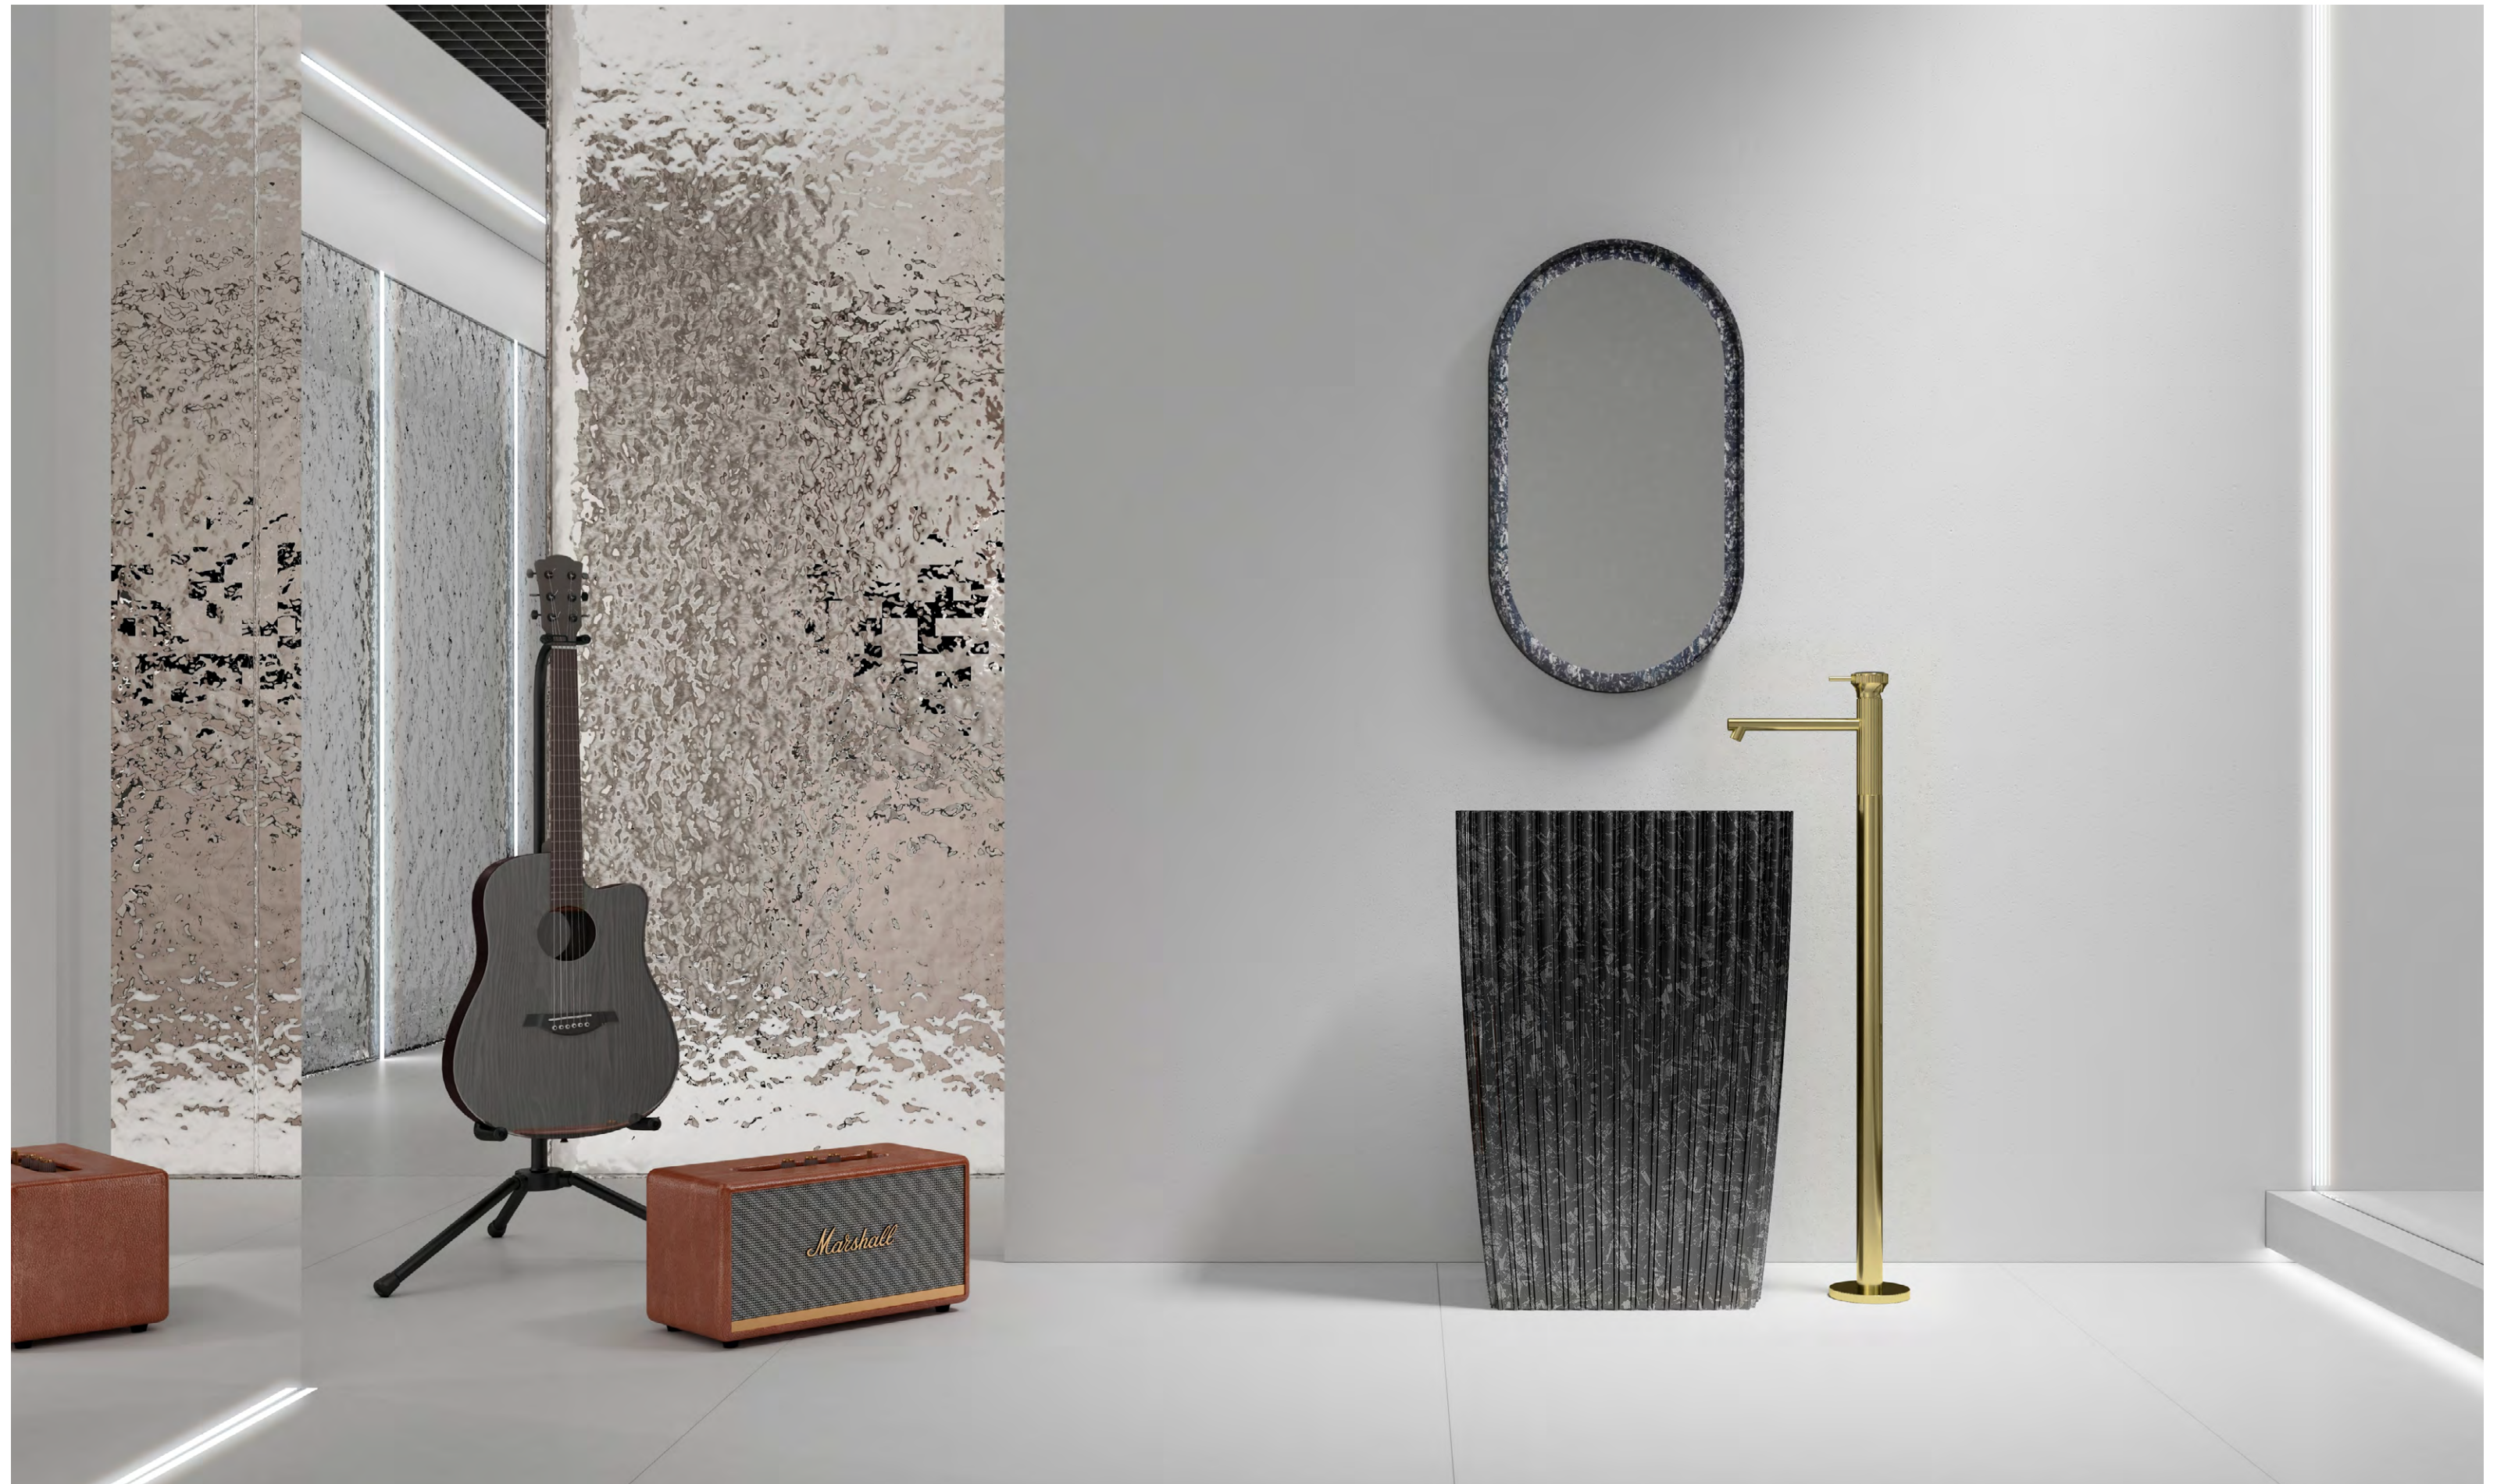

119

Carbon fiber
Freestanding Basin

Model number
RL-Z9972

Focusing on
high-end bathtubs
for 20 years

Carbon fiber
Freestanding Basin

Model number
RL-Z9972

Specification
600x380x900

Focusing on
high-end bathtubs
for 20 years

122

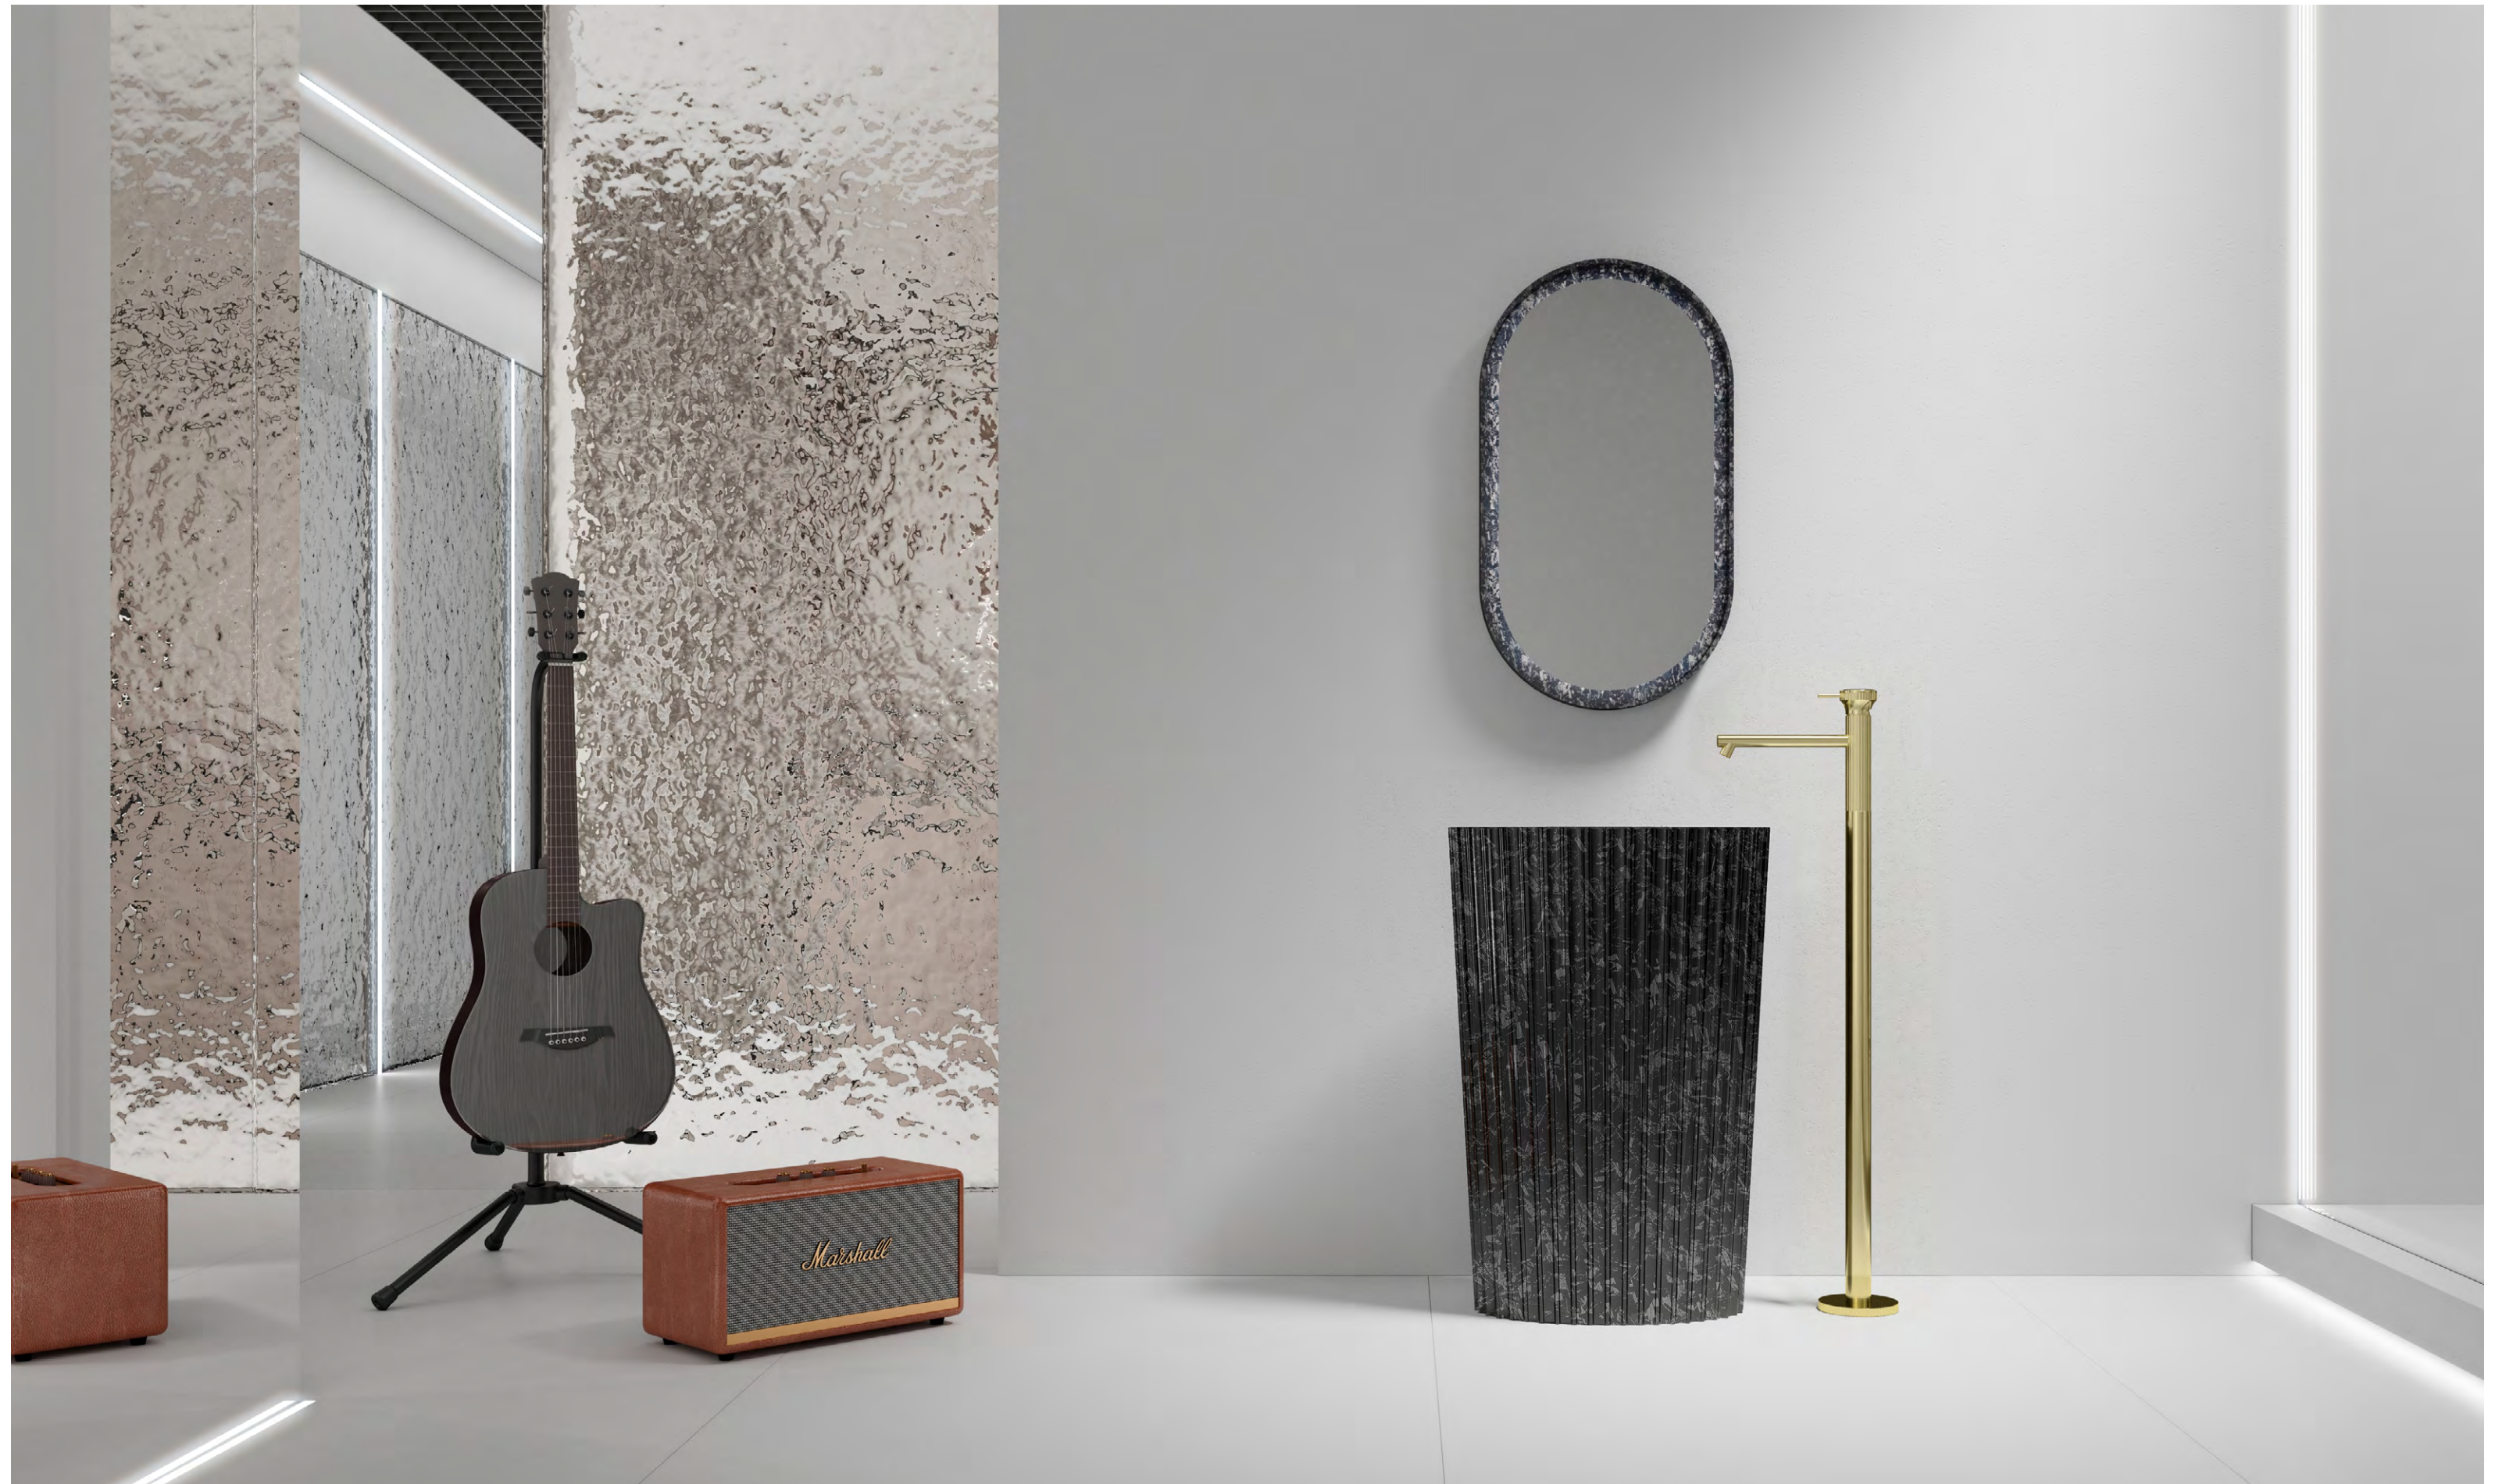

123

Carbon fiber
Freestanding Basin

Model number
RL-Z9977

Focusing on
high-end bathtubs
for 20 years

Carbon fiber
Freestanding Basin

Model number
RL-Z9977

Specification
600x400x900

Focusing on
high-end bathtubs
for 20 years

126

127

Carbon fiber
Freestanding Basin

Model number
RL-Z9979

Focusing on
high-end bathtubs
for 20 years

Carbon fiber
Freestanding Basin

Model number
RL-Z9979

Specification
500x500x900

Focusing on
high-end bathtubs
for 20 years

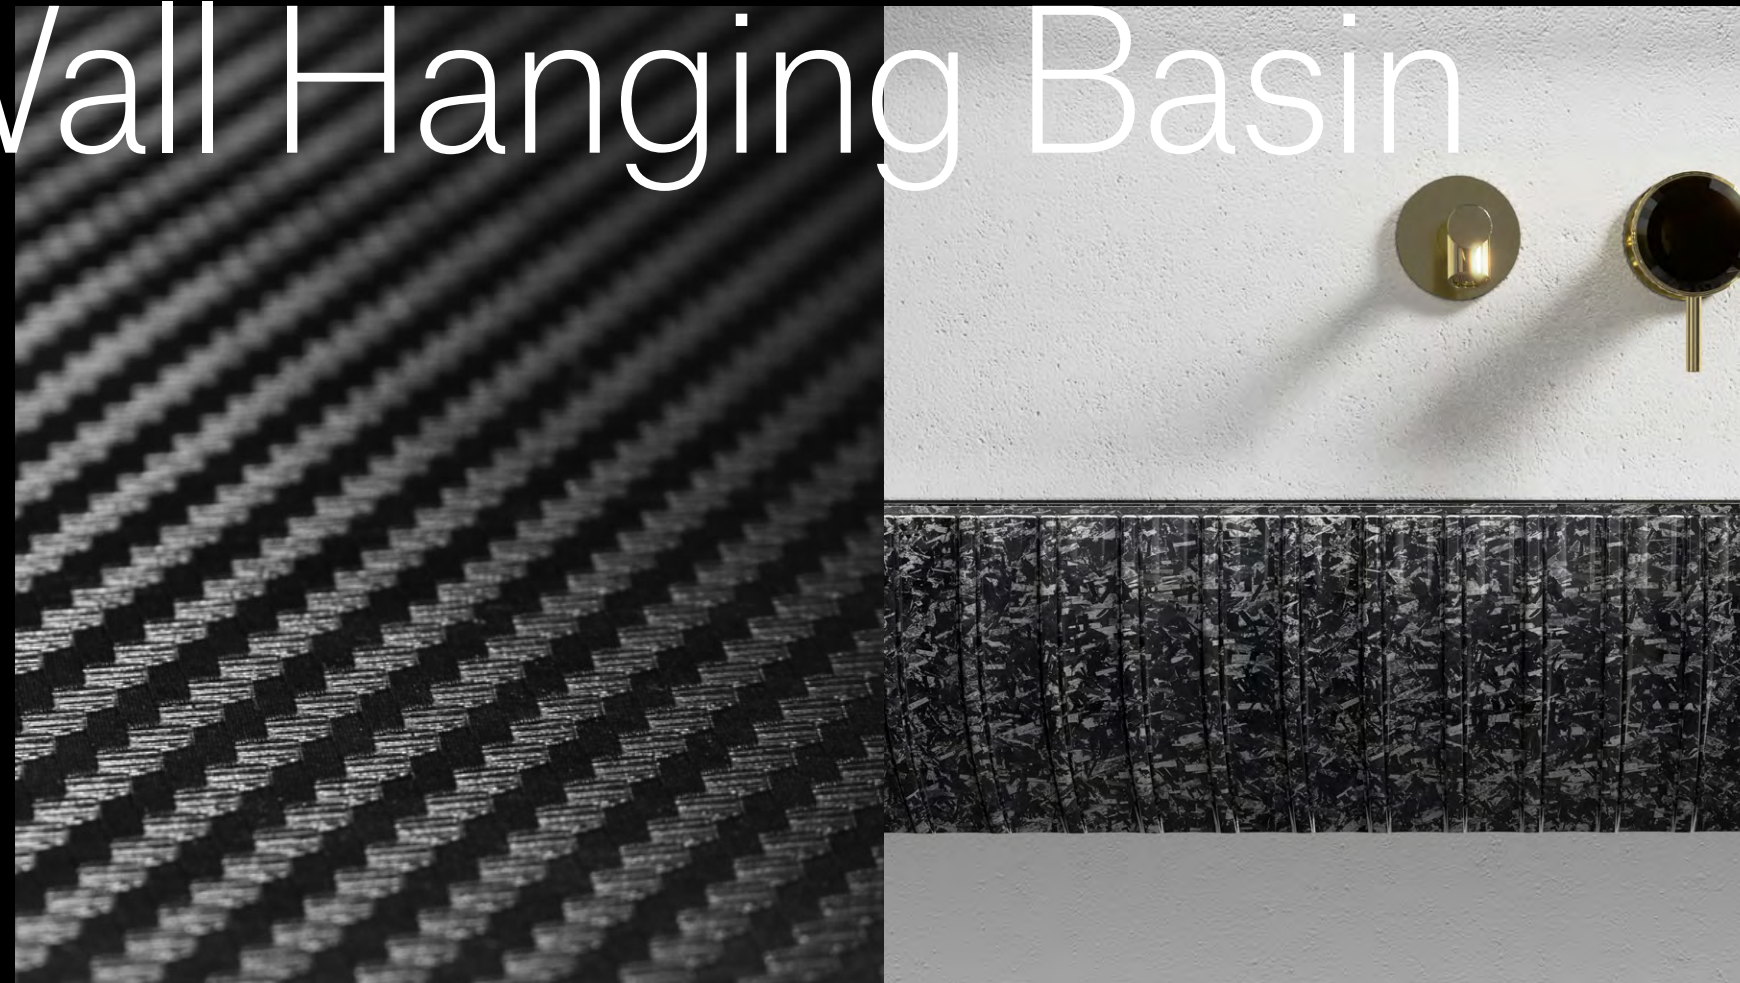

130

131

Carbon fiber Wall Hanging Basin

Carbon fiber
Wall Hanging Basin

Model number
RL-G201

Focusing on
high-end bathtubs
for 20 years

Carbon fiber
Wall Hanging Basin

Model number
RL-G201

Specification
600x400x140

Focusing on
high-end bathtubs
for 20 years

136

137

Carbon fiber
Wall Hanging Basin

Model number
RL-G212

Specification
900x400x120

Focusing on
high-end bathtubs
for 20 years

Carbon fiber
Wall Hanging Basin

Model number
RL-G213

Specification
1200x400x120

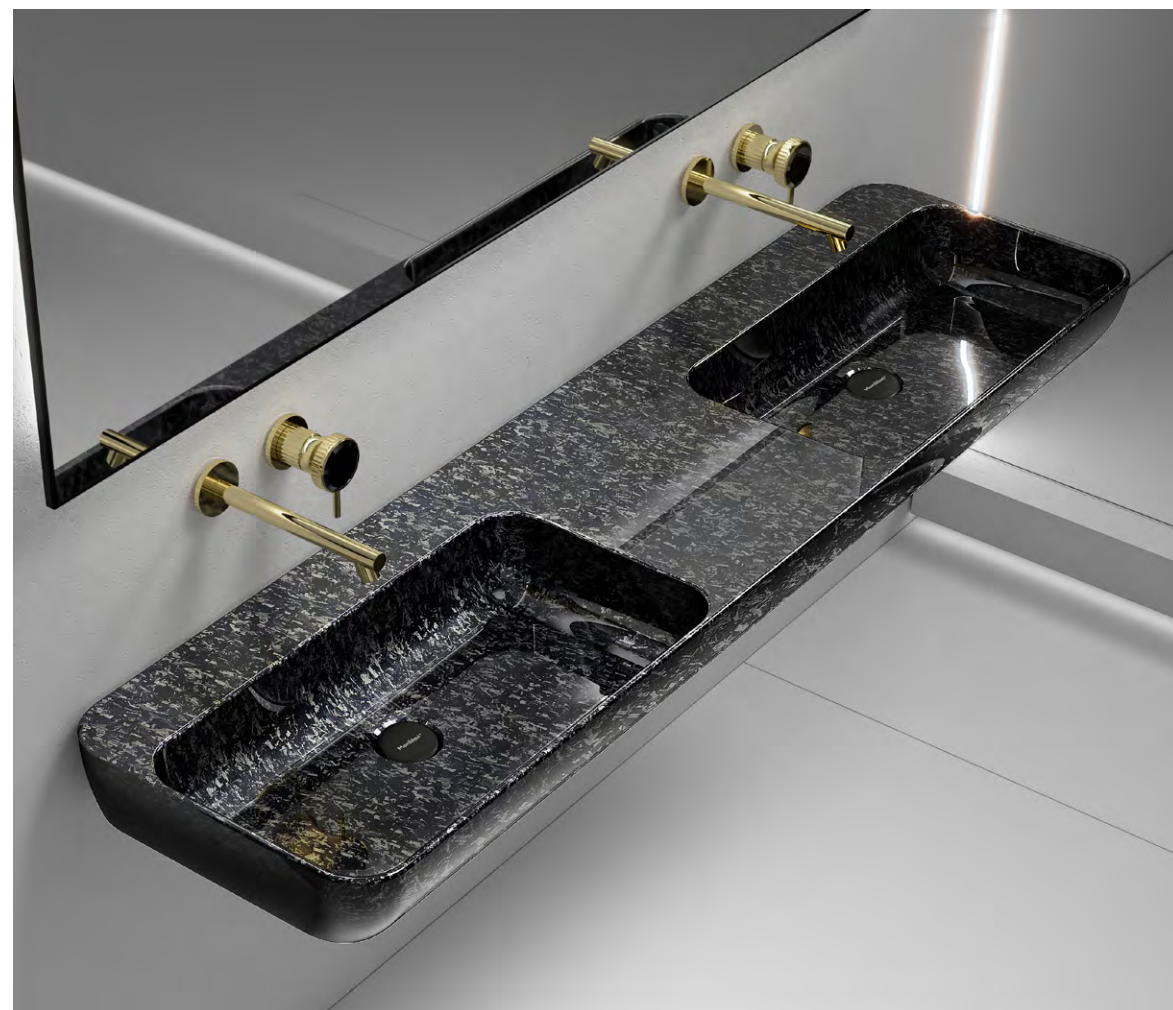

Focusing on
high-end bathtubs
for 20 years

140

141

Carbon fiber
Wall Hanging Basin

Model number
RL-G9905-1

Focusing on
high-end bathtubs
for 20 years

Carbon fiber
Wall Hanging Basin

Model number
RL-G9905-1

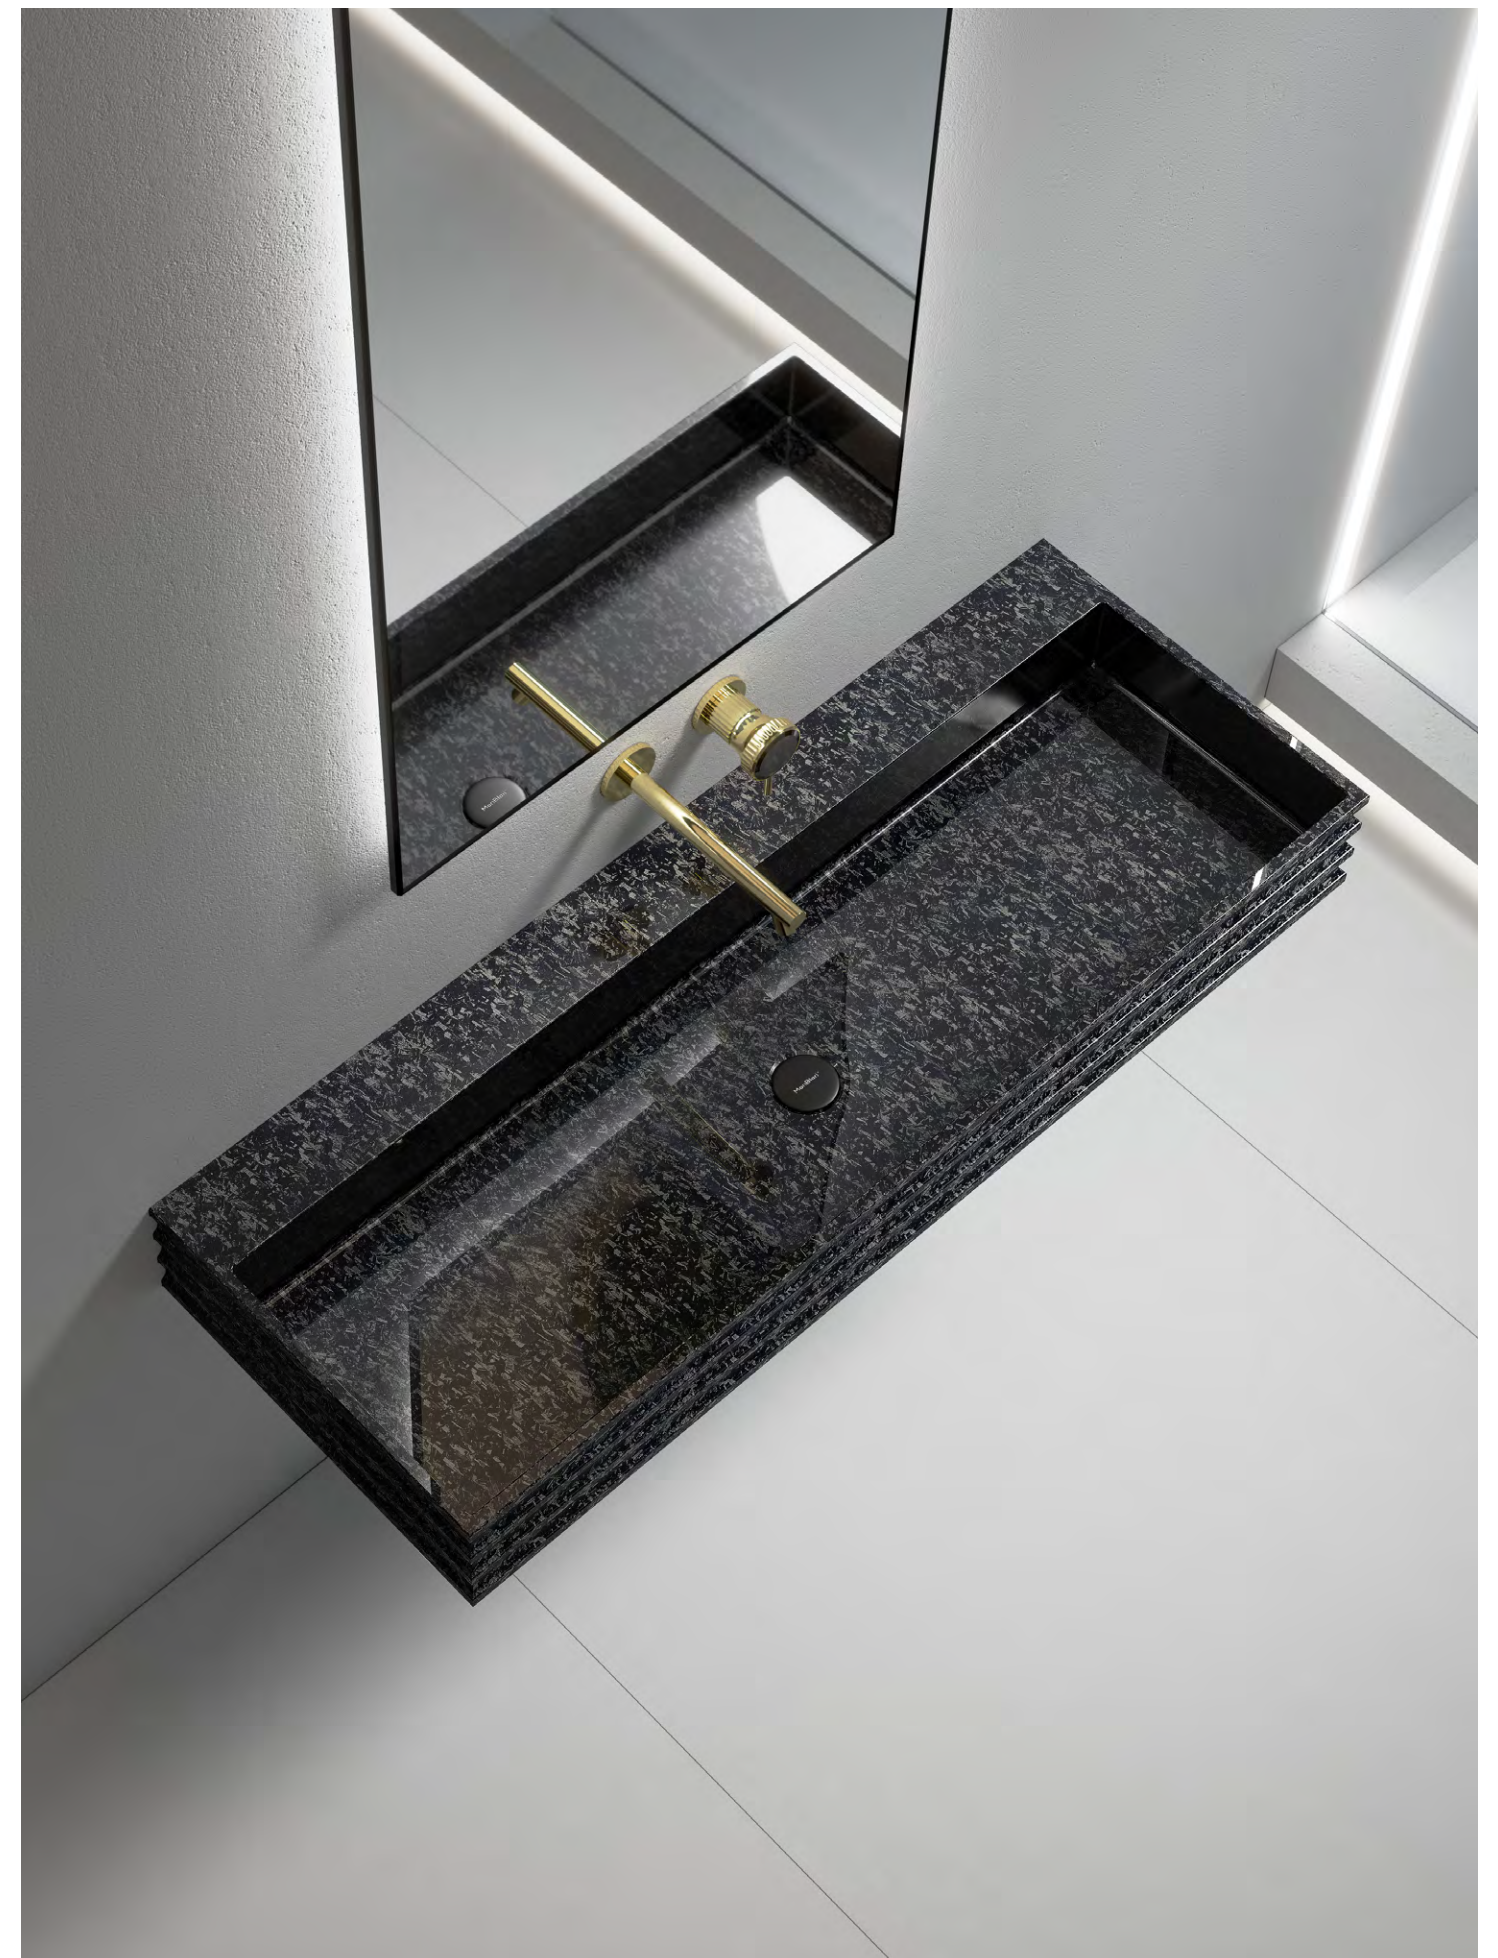

Specification
800x450x150
1000x450x150
1200x450x150

Focusing on
high-end bathtubs
for 20 years

146

147

Carbon fiber
Wall Hanging Basin

Model number
RL-G9905-2

Specification
1000x450x150
1200x450x150

Focusing on
high-end bathtubs
for 20 years

148

149

Carbon fiber
Wall Hanging Basin

Model number
RL-G9905-3

Specification
800x450x150
1000x450x150
1200x450x150

Focusing on
high-end bathtubs
for 20 years

150

151

Carbon fiber
Wall Hanging Basin

Model number
RL-G9906-1

Specification
800x450x150
1000x450x150
1200x450x150

Focusing on
high-end bathtubs
for 20 years

152

153

Carbon fiber
Wall Hanging Basin

Model number
RL-G9906-2

Specification
1000x450x150
1200x450x150

Focusing on
high-end bathtubs
for 20 years

154

155

Carbon fiber
Wall Hanging Basin

Model number
RL-G9906-3

Specification
800x450x150
1000x450x150
1200x450x150

Focusing on
high-end bathtubs
for 20 years

Carbon fiber
Wall Hanging Basin

Model number
RL-G9976-1

Focusing on
high-end bathtubs
for 20 years

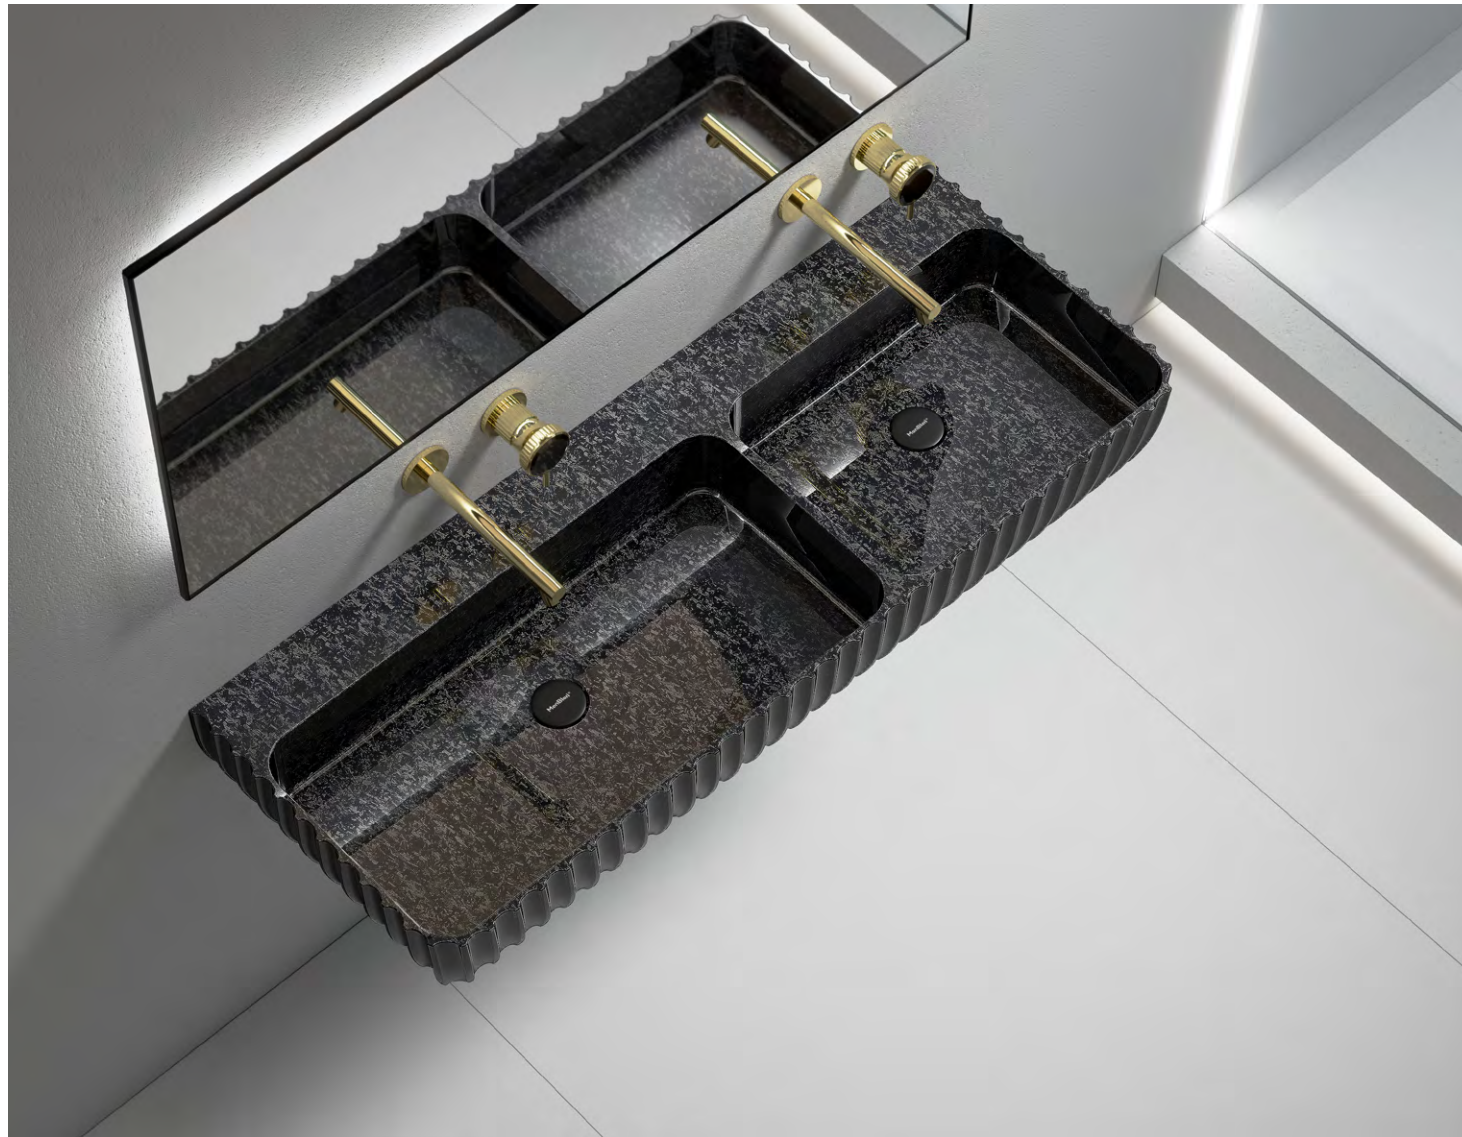

Carbon fiber
Wall Hanging Basin

Model number
RL-G9976-1

Specification
800x450x150
1000x450x150
1200x450x150

Focusing on
high-end bathtubs
for 20 years

Carbon fiber
Wall Hanging Basin

Model number
RL-G9976-3

Specification
800x450x150
1000x450x150
1200x450x150

Focusing on
high-end bathtubs
for 20 years

Carbon fiber
Wall Hanging Basin

Model number
RL-G9976-5

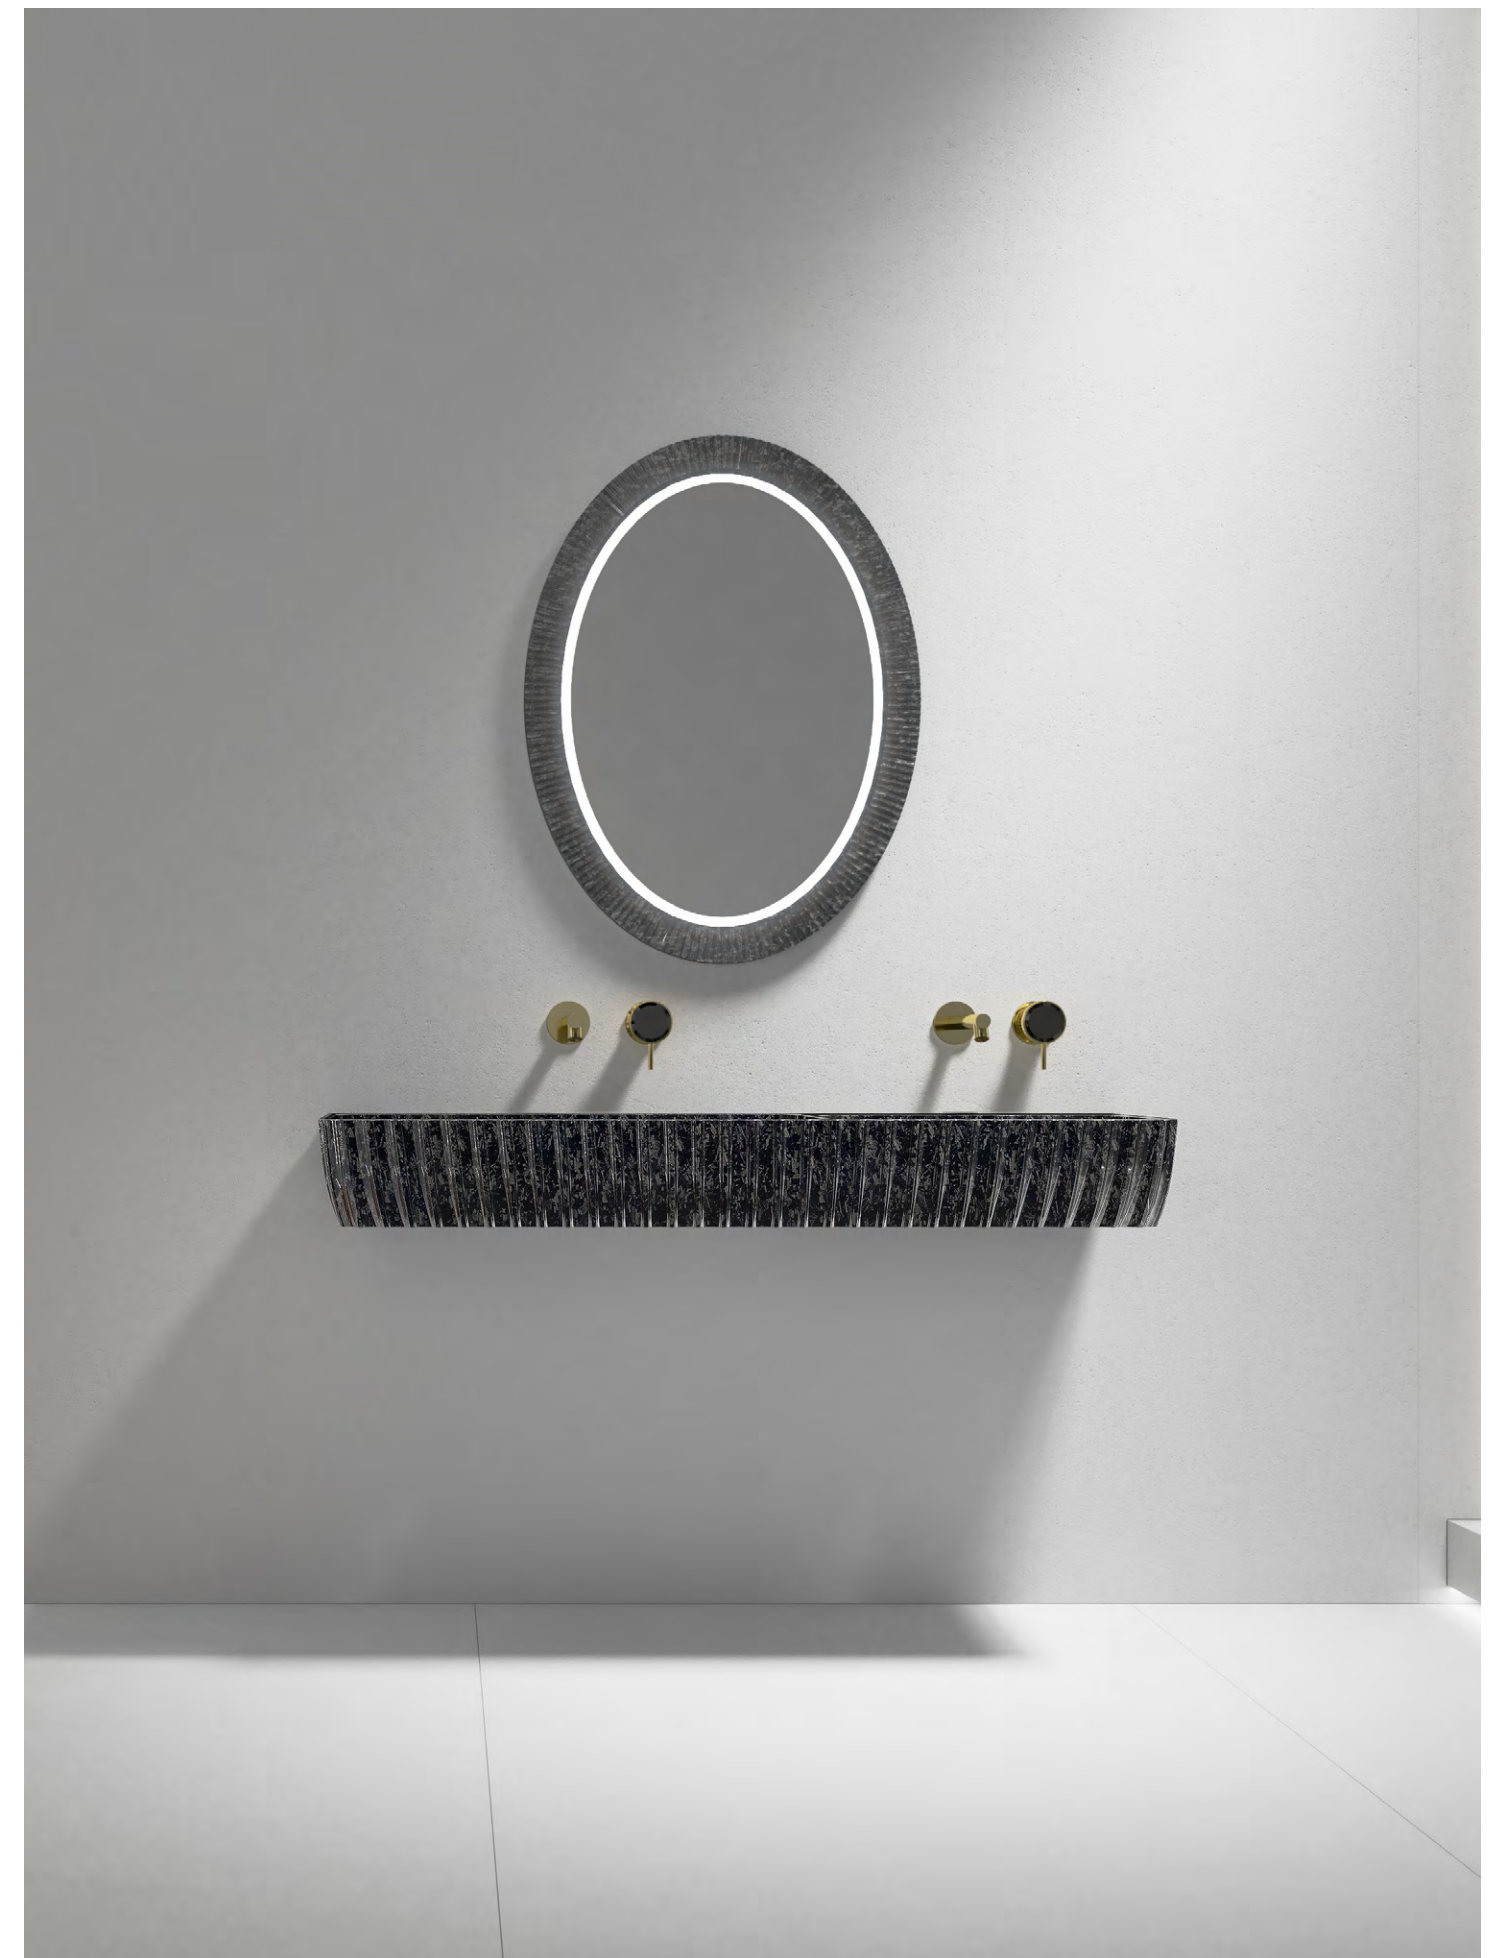

Specification
1000x450x150
1200x450x150

Focusing on
high-end bathtubs
for 20 years

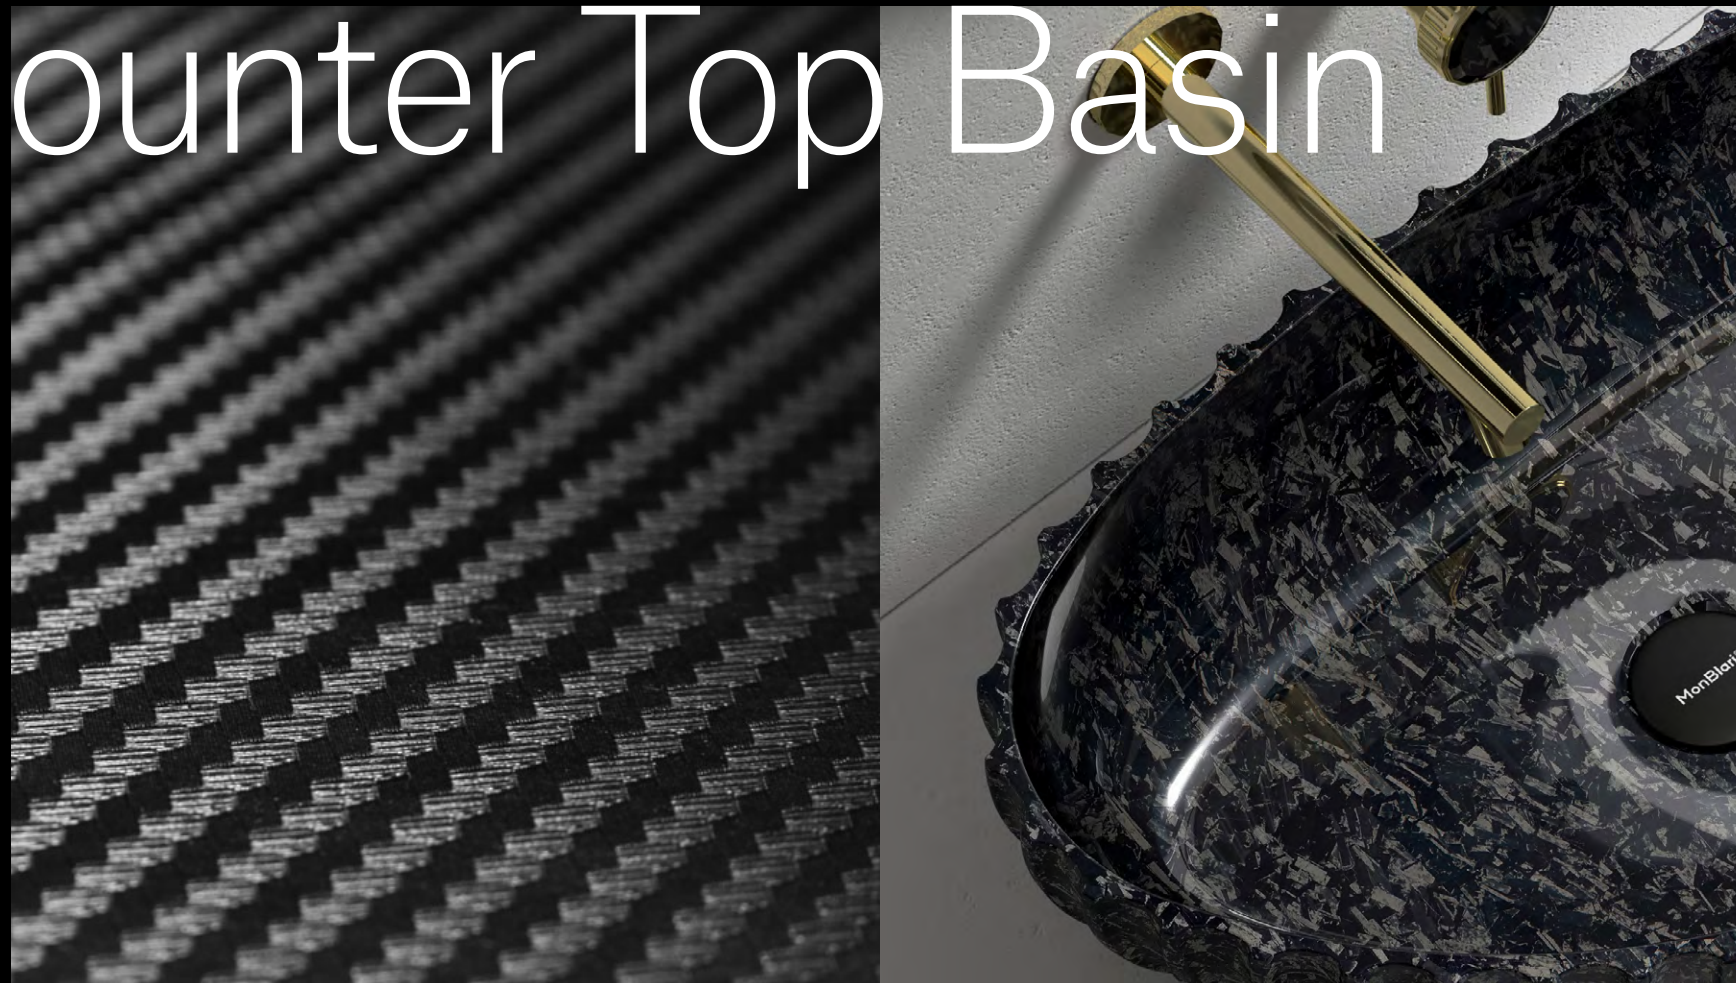

166

167

Carbon fiber Counter Top Basin

Carbon fiber
Counter Top Basin

Model number
RL-A101

Focusing on
high-end bathtubs
for 20 years

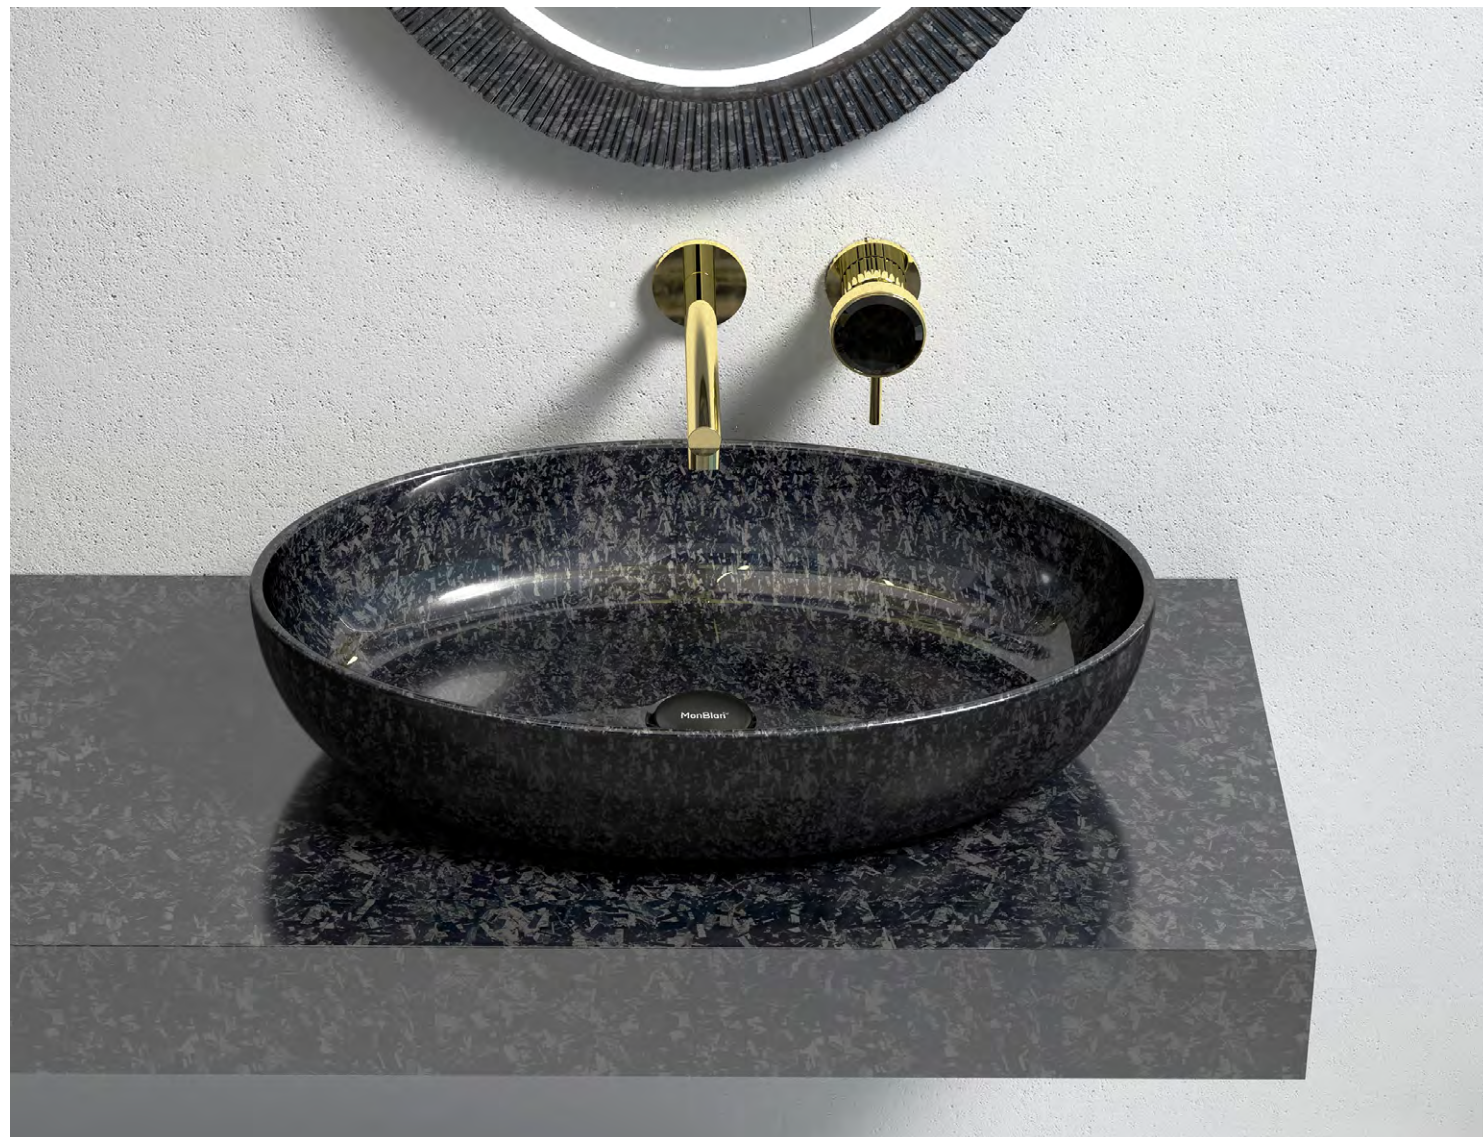

Carbon fiber
Counter Top Basin

Model number
RL-A101

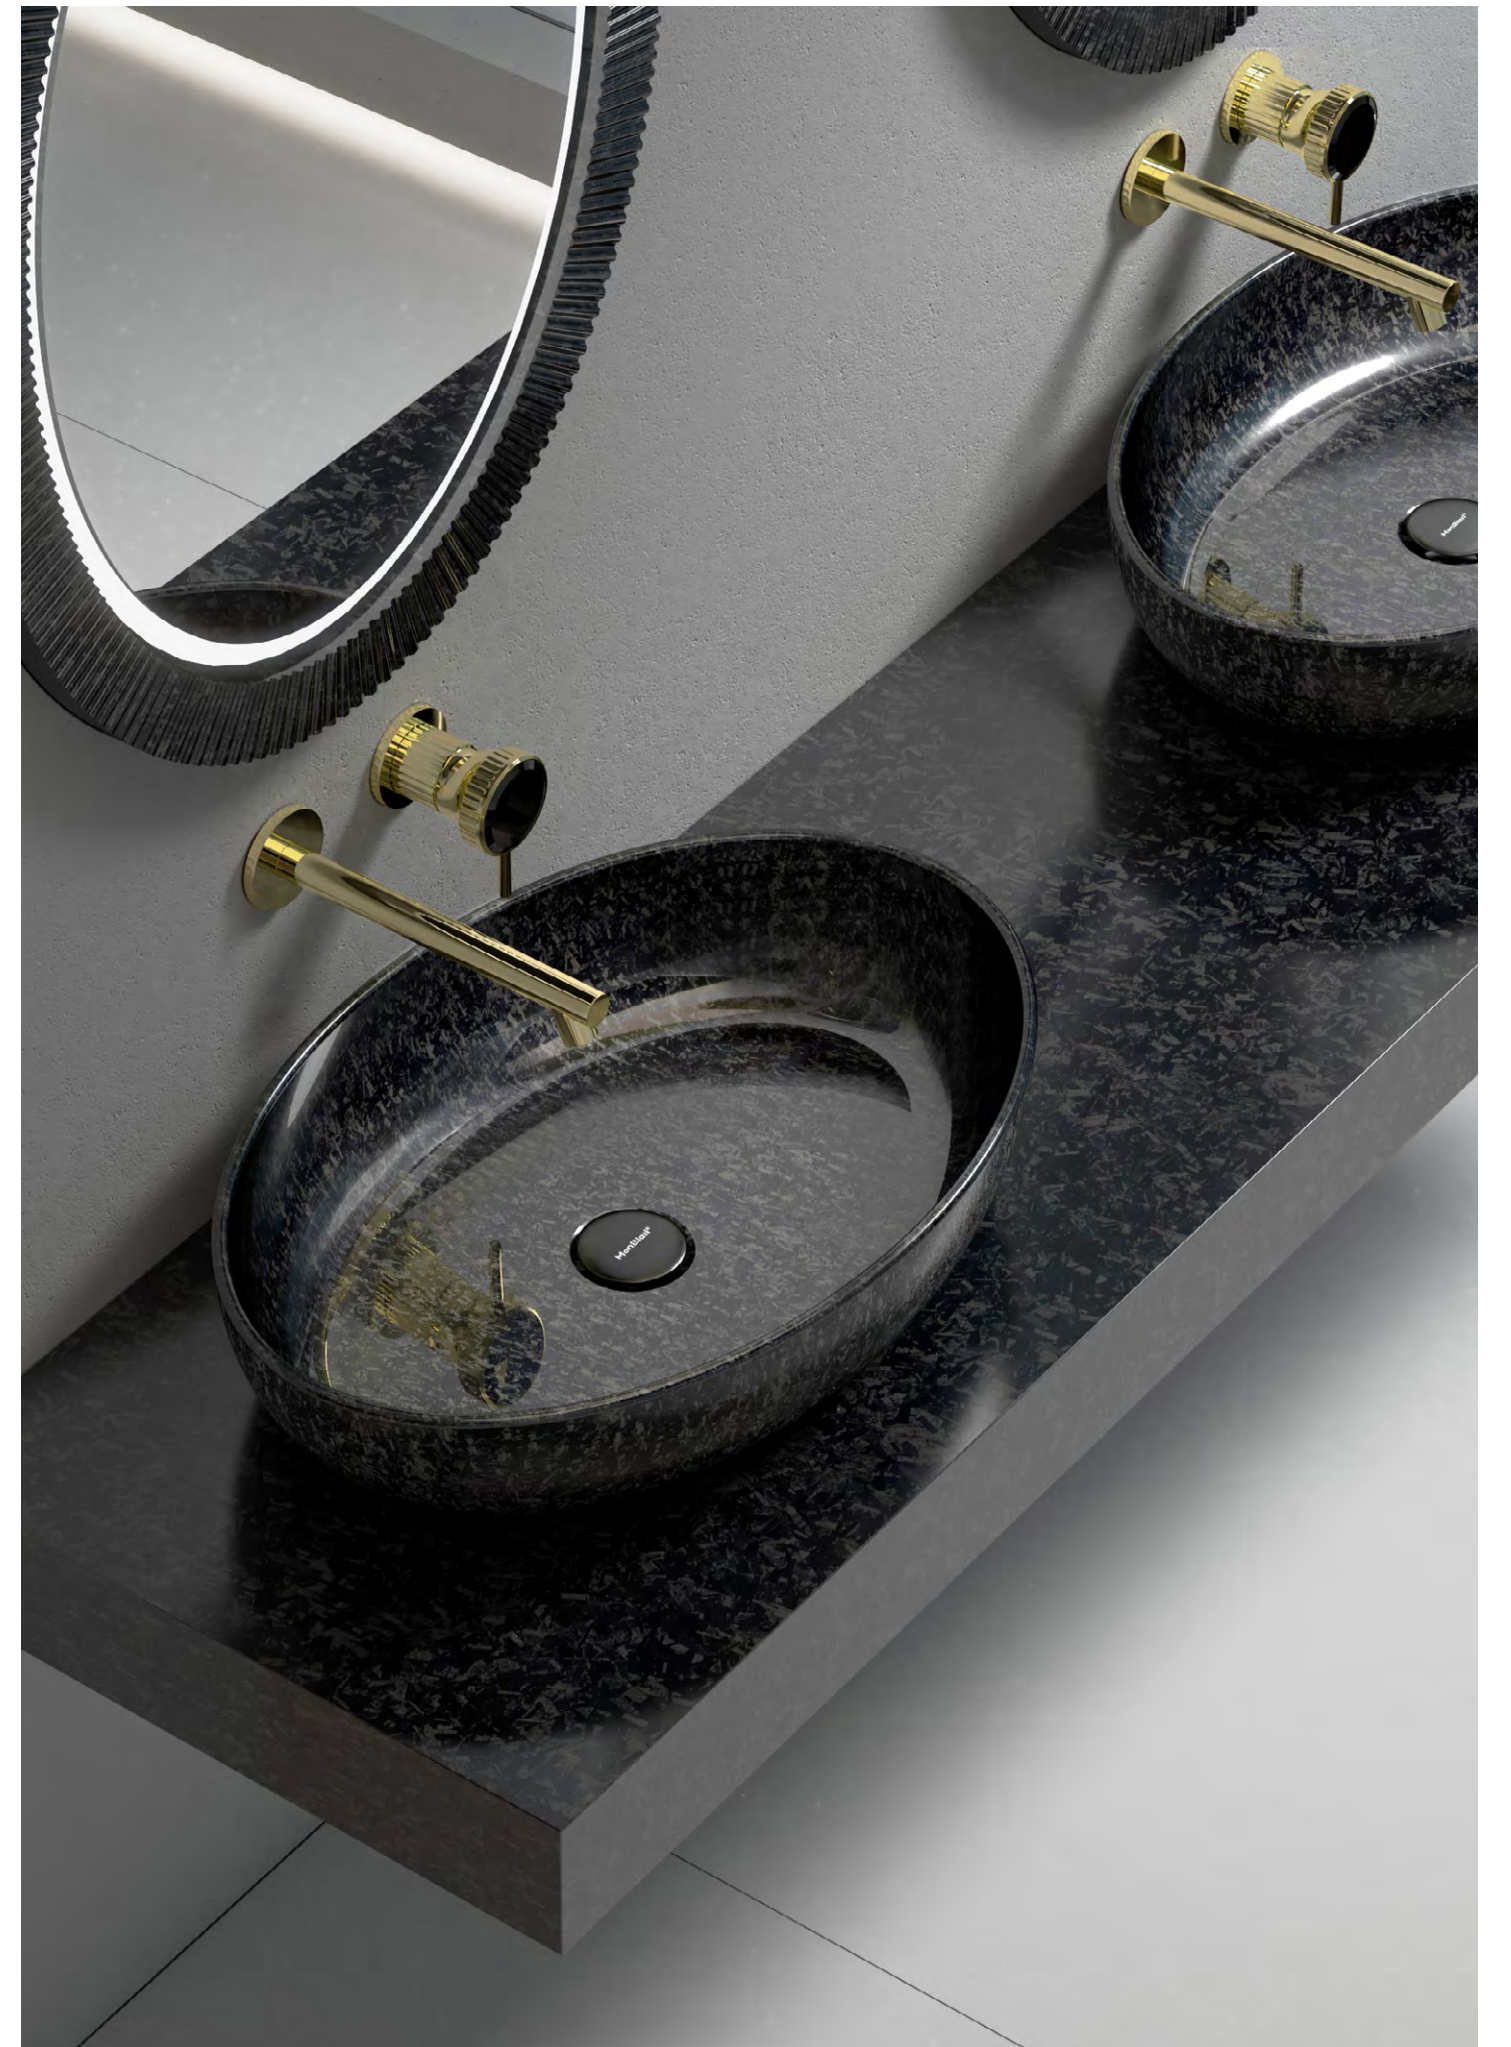

Specification
600x400x130

Focusing on
high-end bathtubs
for 20 years

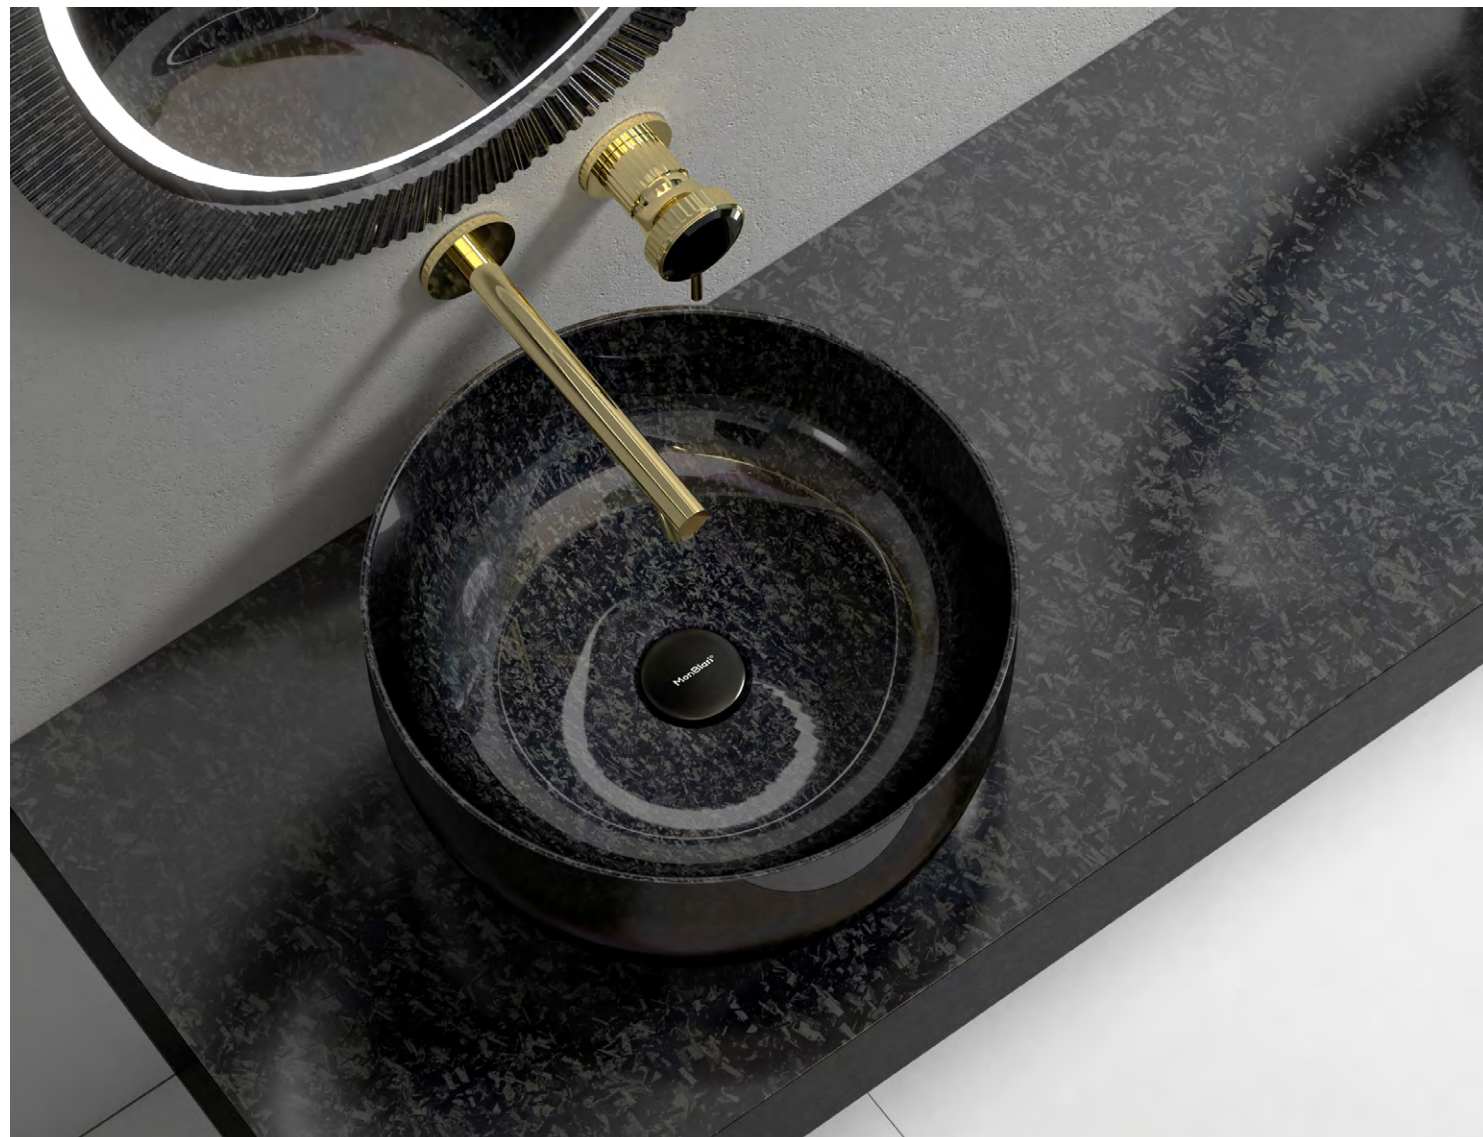

172

173

Carbon fiber
Counter Top Basin

Model number
RL-A106

Specification
430x430x150

Focusing on
high-end bathtubs
for 20 years

178

179

Carbon fiber
Counter Top Basin

Model number
RL-A9970

Focusing on
high-end bathtubs
for 20 years

Carbon fiber
Counter Top Basin

Model number
RL-A9971

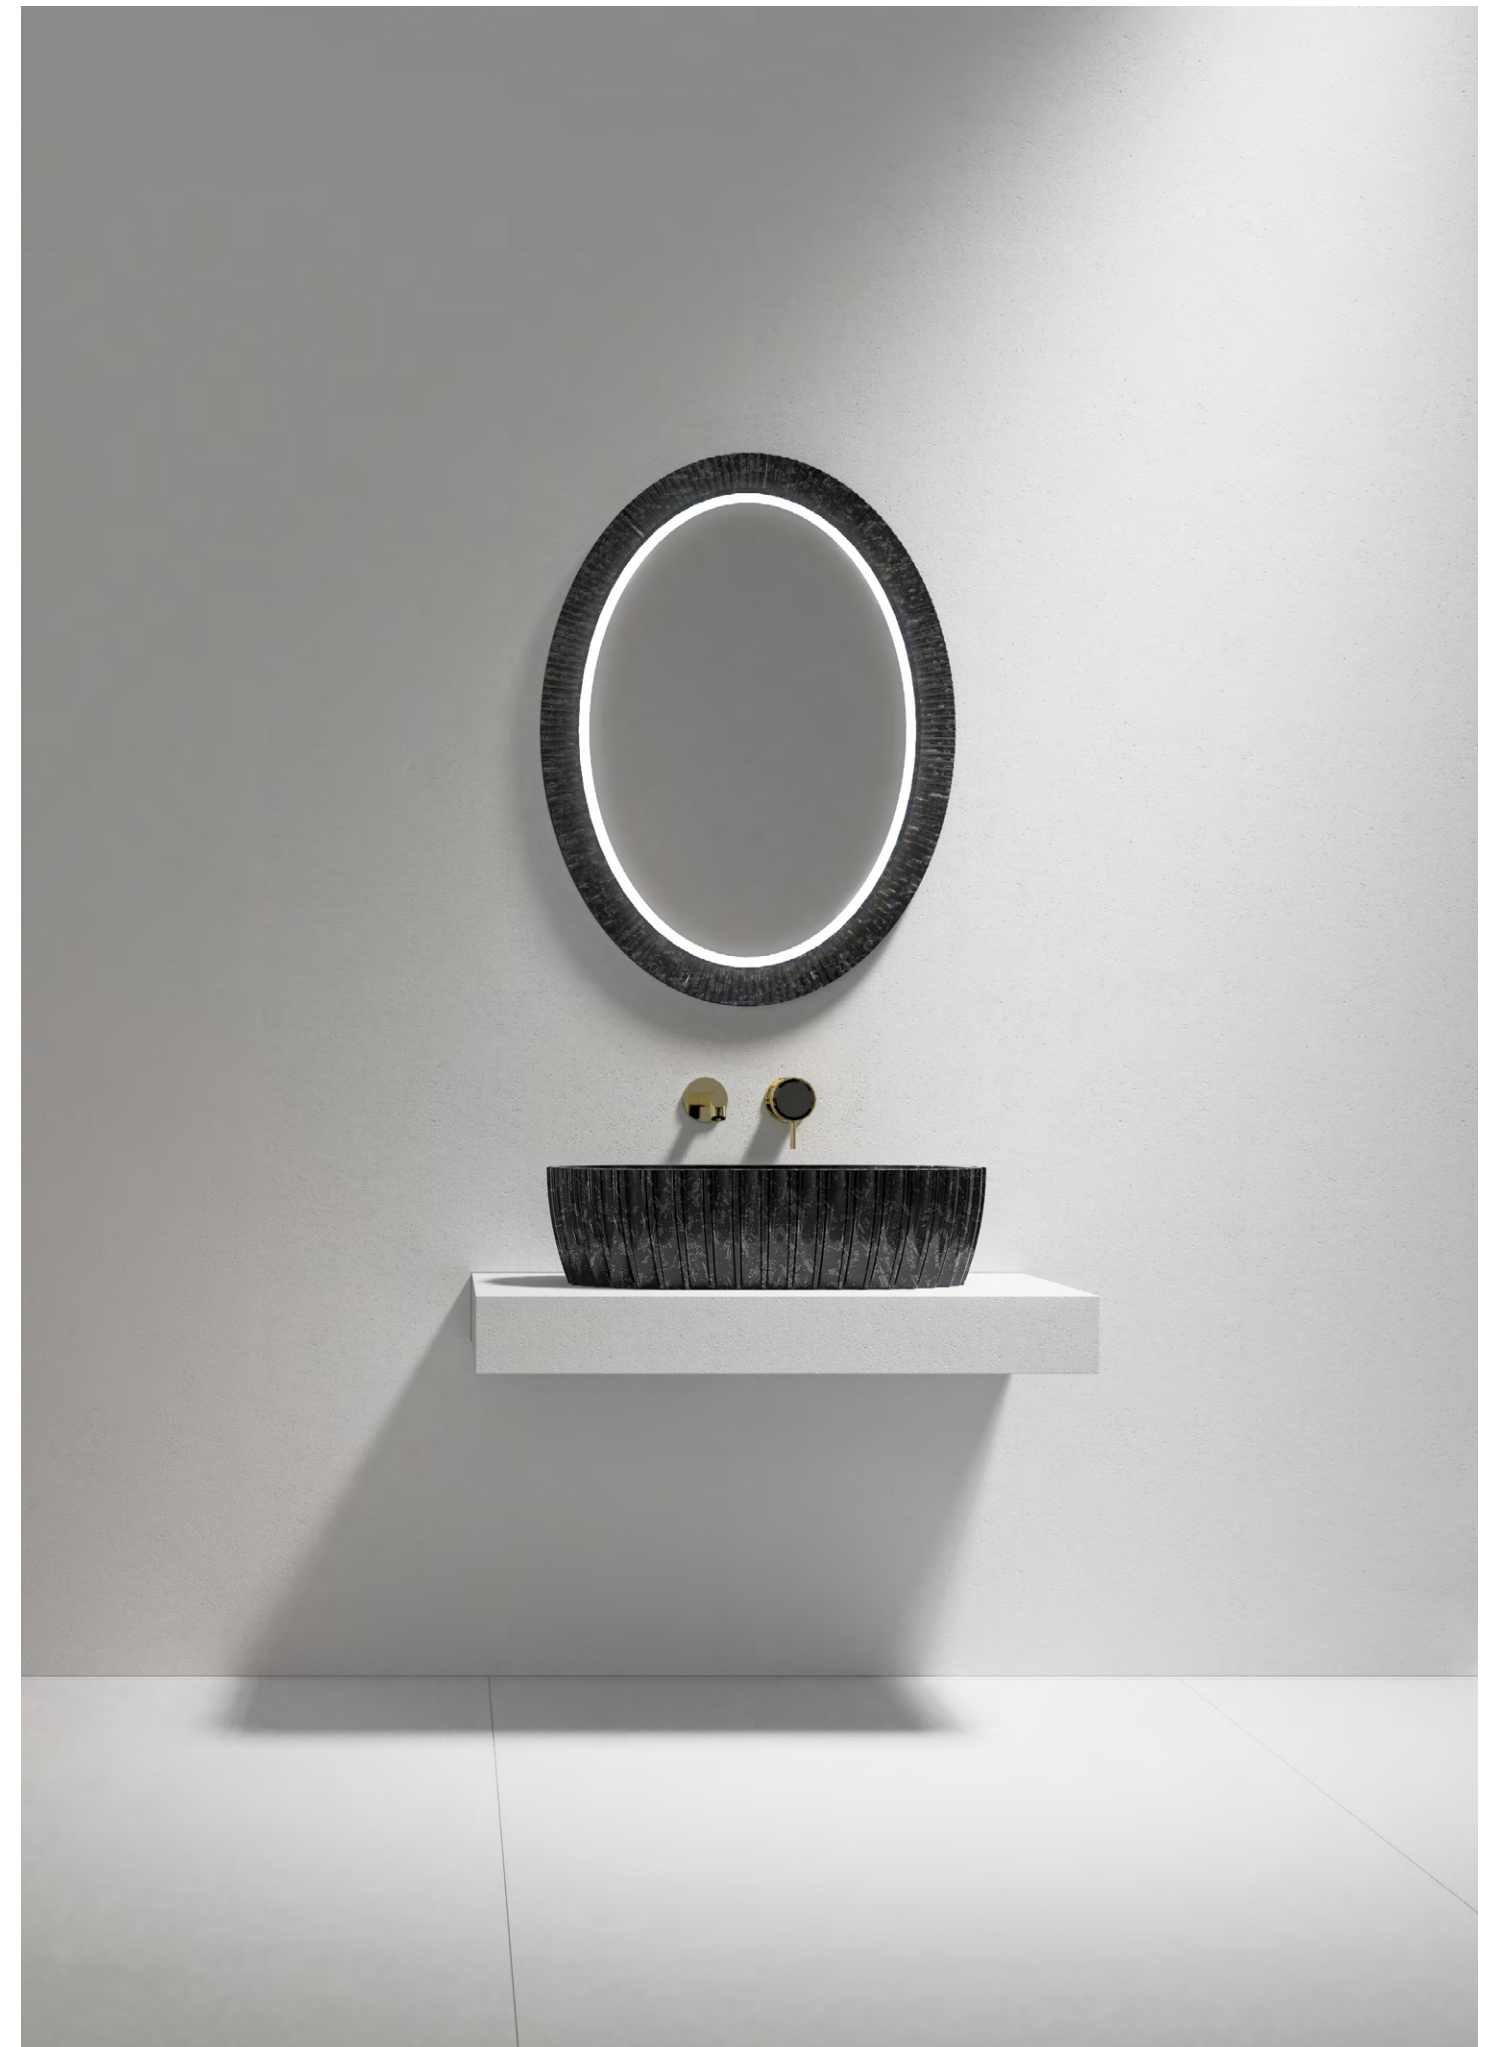

Specification
600x350x160

Focusing on
high-end bathtubs
for 20 years

188

189

Carbon fiber
Counter Top Basin

Model number
RL-A9972

Specification
600x350x160

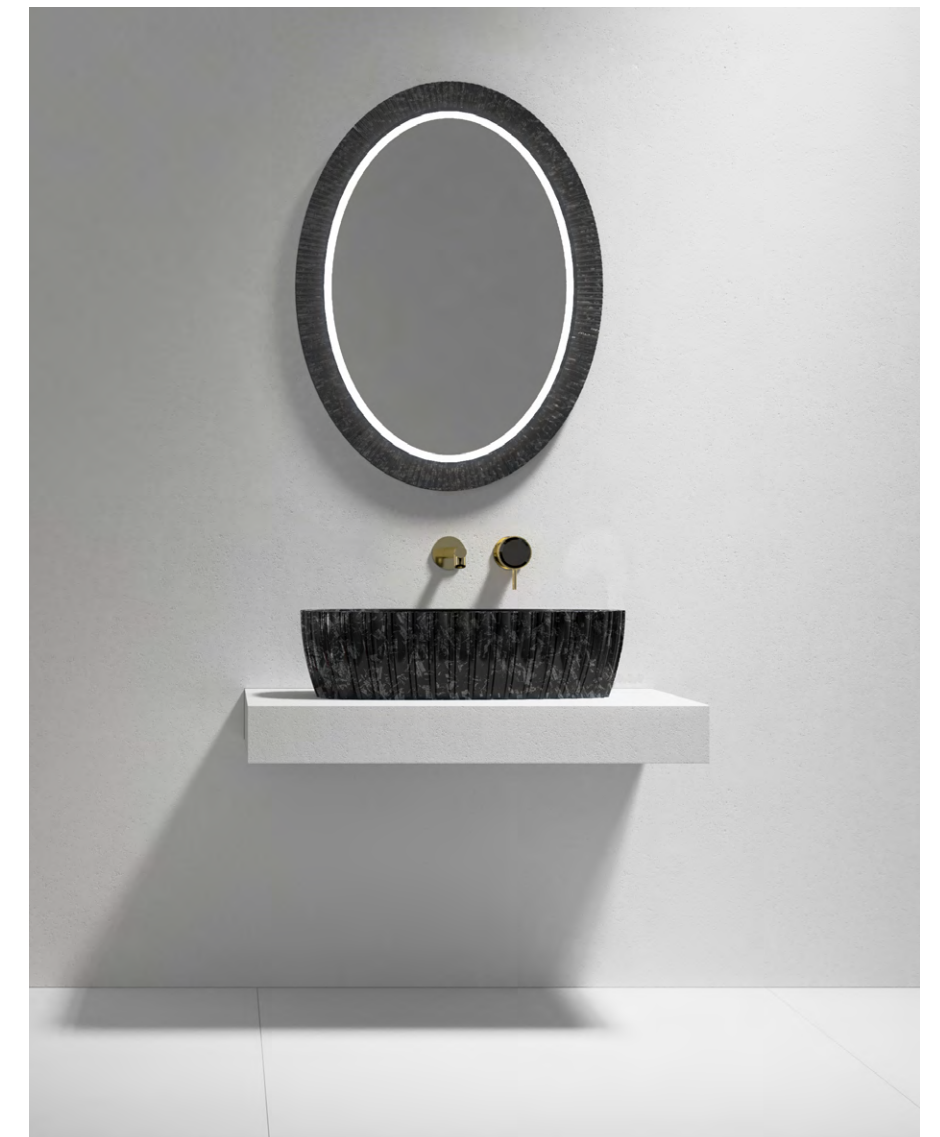

Focusing on
high-end bathtubs
for 20 years

190

191

Carbon fiber
Counter Top Basin

Model number
RL-A9977

Specification
600x350x160

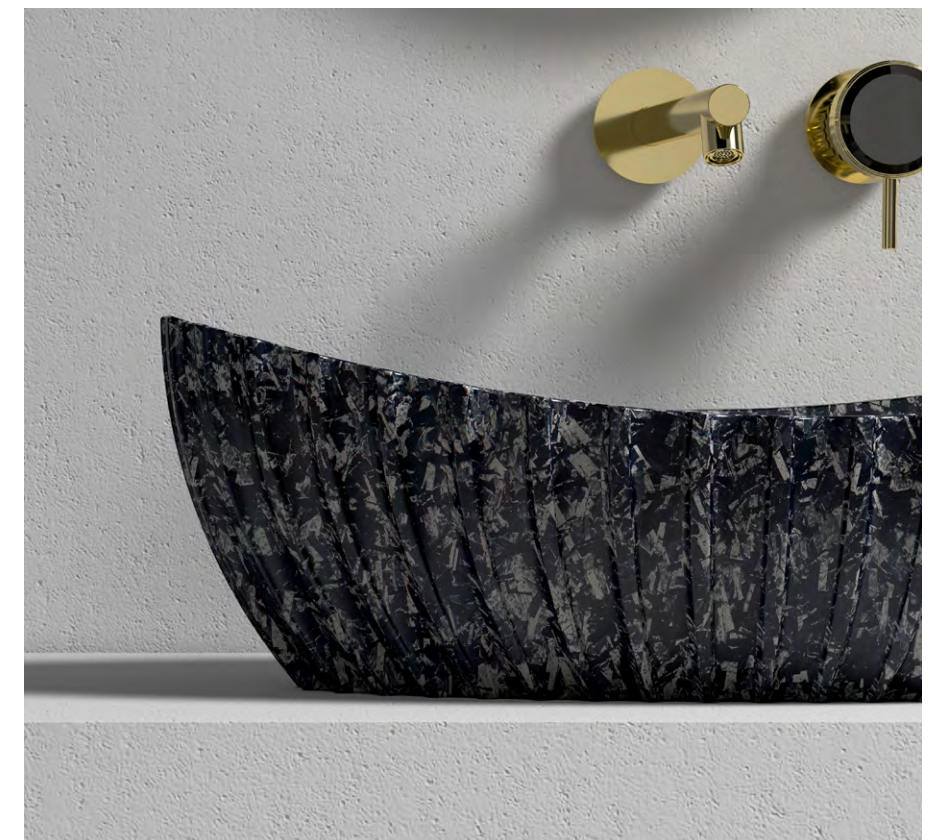

Focusing on
high-end bathtubs
for 20 years

194

195

Carbon fiber
Counter Top Basin

Model number
RL-A9979

Specification
400x400x160

Focusing on
high-end bathtubs
for 20 years

198

199

Hardware Faucet

Basin faucets

Model number
RL-M811

Material
Copper

Focusing on
high-end bathtubs
for 20 years

Model number
RL-M821

Bath faucet

Model number
RL-M821

Material
Copper

Focusing on
high-end bathtubs
for 20 years

202

203

Bath faucet

Model number
RL-Y862

Material
Copper

Focusing on
high-end bathtubs
for 20 years

Model number
RL-Y866

Carbon fiber
Mirror

Model number
RL-M07

Specification
400x800x56

Focusing on
high-end bathtubs
for 20 years

Carbon fiber
Mirror

Model number
RL-M08

Specification
600x800x56

Focusing on
high-end bathtubs
for 20 years
